

Military Men: Stand Up & Demand Justice Over Forced Jab

If only the people would have taken heed to Scripture (Leviticus 17:11, 19:19), the doctors, and the federal judges that had exposed these fraudsters for who they were and are from the very beginning (2 Corinthians 11:14-15)."

Last week, we found the Supreme Court injustices decided to give a pass to those who are illegally forcing on the public lethal, experimental jabs. Namely, I'm talking about Big Pharma and its corporate fascist alliances (Isaiah 28:18).

With that said, and all the while knowing that many in this country are not going to stand down concerning this last created crisis and the damage and death that these criminals are responsible for doing (Jeremiah 11:9; John 10:10), Gateway Pundit reported: "[231 Current and Former U.S. Service Members Demand Military Leaders Be Court-Martialed Over Forced COVID Vaccines: "Service Members Were Significantly Harmed by These Actions."](#)"

On January 1, 2024, two hundred thirty-one current and former service members from various branches of the United States Armed Forces came together to sign the "Declaration of

Military Accountability.”

This document, spearheaded by Commander Robert A. Green Jr. of the U.S. Navy, marks a significant moment in military history, calling for sweeping reforms and accountability within the Armed Forces.

Veteran Brad Miller wrote on X, “At 4 am EST today (a few min ago), senior military leaders received an email with a letter attached called the Declaration of Military Accountability. I know because I sent the email. I sent it on behalf of myself & 230 other signatories of the letter.”

“The letter is not addressed to the military leaders but rather to the American people. The email was merely to inform these military leaders that there is group of troops & vets pledging to the American public that we will do everything lawfully within our power to stop the willful destruction of our military by its own leadership. Let’s take our country back in 2024 & let’s begin by defending our military from its own leadership. You can find the body of the letter below. Soon we’ll have it on a website where you can find it as well, along with the names of the 231 signatories.”

Conclusion: If only the people would have taken heed to Scripture (Leviticus 17:11, 19:19), the doctors, and the [federal judges](#) that had exposed these fraudsters for who they were and are from the very beginning (2 Corinthians 11:14-15).
