

Muslims are Telling You Their Plans—Infiltrate American Government

“As long as you remember that if you get involved in politics, you have to be very careful that your leader is Allah. You get involved in politics because politics are a weapon to use in the cause of Islam.” –Siraj Wahhaj

No matter how many times one tells of the affiliations of terror-tied Muslim groups in America like the Council on American-Islamic Relations (CAIR), many look on as if what you are saying is somehow fictitious or even untrue. [[Link](#)]

“CAIR officials or former officials have been arrested on charges related to terrorism yet all it offers is silence and stonewalling in discussing what are its real motives.” –Paul Weyrich

Remember when I wrote and shared with you that “While the American People Sleep, The Muslims are Making Their Move for Government Positions?” [[Link](#)]

You have heard the saying, “truth is stranger than fiction” (Jeremiah 5:20) and sad to say, this is the case with many today.

Friends, I am not speaking here to a third world country. I am speaking to America.

Remember all of the conspiracy theorists (Jeremiah 11:9) that were demonized about 50 years ago for telling you that this was coming to America if Americans did not repent (Matthew 3:2; Acts 20:21) before a just and holy God (Leviticus 26:14-46; Deuteronomy 28:15-68)?

How does one deny such truths when it comes out of their own

mouths? They cannot.

And they are not just talking about what they are, in fact, doing.
