

Nero Fiddled While Rome Burned: Joe Biden Eats Ice Cream While Americans Get Killed

By Frosty Wooldridge

February 29, 2024

“Immigration is a form of war in which the violence is delayed.” –Martin Van Creveld, *There Will Be War X*

History and human nature display the certain doom for any semblance of an American Representative Republic from ever returning. Rome’s Fall would be a better fate for us than what is now coming. If you look around you, Laken Riley, Mollie Tibbets, Kate Steinle, all killed by illegal aliens invited into America by President Joe Biden, could be your daughters. There are hundreds of thousands more killed by illegals in drug overdoses, in rapes, in murders, in car accidents, and in gun fights. But no one is speaking to what’s coming.

But our borders are wide open to anyone who wants to destroy America!

Joe Biden is killing America and is an accomplice to our destruction as a free, sovereign and functioning society. What does he do? He eats ice cream and visits comedy shows on late night. He’s worse than Nero. He’s worse than any other president in American history.

“Those who cannot remember the past are condemned to repeat it.” –George Santayana

“When the situation was manageable it was neglected, and now that it is thoroughly out of hand, we apply too late the remedies which then might have effected a cure. There is nothing new in the story. It is as old as the sibylline books. It falls into that long, dismal catalogue of the fruitlessness of experience and the confirmed unteachability of mankind. Want of foresight, unwillingness to act when action would be simple and effective, lack of clear thinking, confusion of counsel until the emergency comes, until self-preservation strikes its jarring gong—these are the features which constitute the endless repetition of history.” –Winston Churchill, House of Commons, 2 May 1935

What is it going to take to impeach Joe Biden? He’s an accomplice to murder of our own citizens. He’s treating foreigners better than our own homeless. He’s inviting drug cartels to distribute to kill our young. He’s inviting Islamic terrorists to set up camp and blow up our country. He’s destroying our “rule of law.” He’s a criminal himself with his foreign “pandering for money” as Vice President. He’s totally in the grips of Alzheimer’s, but no one will say it in the mainstream media. What are they waiting for? Why are they pretending that Joe Biden commands his own faculties when it’s clear that he suffers from dementia? What is his wife getting out of it?

Why is POWER so important to her to allow him to run for another four years when he’s already a “walking cadaver” of a shell of a man? Why is his inner circle so ethically bankrupt that they would rather see our country decline into the pit of hell...than report that Joe Biden is not fit, is not capable, is not mentally or physically able to fulfill the office of the President of the United States?

Somebody better start screaming at the top of their lungs.

Several have said exactly that Joe Biden is incompetent to serve. We need more and more Americans to yell, scream, write, phone and communicate with their senators, House members, governors and newspapers to tell the truth.

How many more millions of illegals can we absorb before we suffer another 9/11 or hundreds of smaller 9/11's? How many of us want to give up our children to terrorists now within our country?

Is POWER in the hands of Biden's handlers that important to destroy our country? Who among his inner circle think it's THAT important to kill off America? Who at "60 Minutes...NPR...PBS...Face the Nation...Meet the Press" refuses to report on Joe Biden's inability to pass a 30-question cognitive test? I would bet my life that he couldn't score 5 points on that test.

Congress needs to wake up. They need to institute the 25th Amendment. We cannot keep fooling ourselves with a senile, decrepit, old man who no longer knows what's going on in the world. Joe Biden is the "Nero" of the 21st century, and we're the ones who are watching our own country being burned to the ground.

The 2024 will prove the nastiest, gnarliest, most divisive and dangerous year in American history because of Joe Biden.
