“As long as you remember that if you get involved in politics you have to be very careful that your leader is Allah. You get involved in politics because politics are a weapon to use in the cause of Islam.” –Siraj Wahhaj

Refugees come from a failed state, failed ideas, and failed family structure in asking for American asylum, only to find that they are not here to assimilate but to drag their culture in with them (Deuteronomy 28:43).

They are doing this in spite of the fact that the mainstream media working hand in glove with corrupt politicians claiming for 18 years that they were terrorists.

Their contribution to our society as we know it:

Daycare fraud, Marriage fraud, dismantling of the educational system, in putting theirs in the place of ours, giving them prayer in place of our Christian heritage in both the schools and the workplaces. They are even going so far as to give them a call to prayer citywide. Then, they are given representative roles in the halls of government only to have them attack us. Yet, Minnesotans already knew this and did nothing, all this with the help of our spineless capitulating

politicians who have failed to uphold constitutional law (Psalm 94:16).

Just when you didn't think it could go any further, we find ourselves with a [terror-tied representative named Ilhan Omar](#).

She is also the one who likes to defend the enemies that are at war with Americans.

If that is not good enough, [she is looking to gain insurance policies for Muslims from Minnesota who fight on behalf of ISIS](#). Can you make this up? Not at all.

Oh yes, and if you were thinking to yourselves that she has the support of people from the Middle East, please do think again.

No, the only ones supporting these "useful idiots" (Their demise is included) within are the powers that are tolerated behind these bad actors. They are being used as political battering rams to upend America as you know it (Proverbs 26:27).

Now, knowing all of this, you would think that people could put two and two together, but apparently, not.

Minnesota's finest corrupt politicians just decided, without delegated authority, to go ahead and create a new flag that just happens to look much like the

one from the country that Ilhan Omar came from in Northern Africa. This is a sign of victory, a conquering. Are you paying attention?

Famous preacher John Wesley stated long ago, "Ever since the religion of Islam appeared in the world, the espousers of it...have been as wolves and tigers to all other nations, rending and tearing all that fell into their merciless paws, and grinding them with their iron teeth; that numberless cities are raised from the foundation, and only their name remaining; that many countries, which were once as the garden of God, are now a desolate wilderness; and that so many once numerous and powerful nations are vanished from the earth! Such was, and is at this day, the rage, the fury, the revenge, of these destroyers of human kind".

Conclusion: The American people, along with the churches and politicians, need to, for their own sake, quit acting like the battlefield is a playground.
