

Not Voting? I Say This to You

Authored by Devvy Kidd not AI

October 14, 2024

I've been disgusted by the articles and interviews of "Americans" who are going to "sit out the election" and not vote. Let me quote the "Father" of YOUR freedom speak better than I can. Samuel Adams[1] is known as the Father of the Revolutionary War. Historically, if it wasn't for his tenacity and sacrifices, the colonials would still be licking the boot straps of the British and the fight for independence from the Crown may have taken another hundred years.

*"If ye love wealth better than liberty, the tranquility of servitude better than the animating contest of freedom, go home from us in peace. We ask not your counsels or your arms. **Crouch down and lick the hands which feed you. May your chains set lightly upon you, and may posterity forget that you were our countrymen.**"*

Because the clock is ticking, I want to know what the RNC and **states** have been doing the past four years after the 2020 Big Steal (not just Trump but candidates for the U.S. House and Senate) to simplify and clean up the MESS our voting process has become. I can tell you (no way to know the exact number) there's been enormous efforts on the part of some state reps and senators so another steal doesn't happen. Thank you so much. I know it's been a nightmare dealing with the Marxists.

But, damn it, so much of this is last minute even as early voting has started.

However, and while it will make this column longer, **you need to know our voting system in states is a train wreck** and who is responsible for the disaster going on with voting rolls. *This really is a small number of articles I've been collecting.* (Many more in my Sept. 23rd column, [Our Election Process Is a Mess by Design](#), I understand you can't read every link but that's why I do this so you can see what's going on in the states – maybe your state.)

My fellow GOP Club members while we were at voter registration day a couple of weeks ago at the election office were surprised when I showed them a *stamped, certified copy* of my birth certificate I've had folded and carried in my wallet for the past 57 years.) Bad news right off the bat; so many of us wrote about this in the mid-1990's. Yeah, the great Bev Harris, [Black Box Voting](#) and other groups worked their fingers to the bone trying to

get Americans to understand those machines MUST not be used in our elections. **See her video at link above**, Fraction Magic Video: “A real-time demo of the most devastating election theft mechanism yet found, with context and explanation. Demonstration uses a real voting system and real vote databases and takes place in seconds across multiple jurisdictions. Over 5000 subcontractors and middlemen have the access to perform this for any or all clients.”

Nevada. I watched the court hearing re the 2020 Big Steal. Trump’s attorney, Jesse Bennell, did a great job and had 7 full binders of proof of illegal voting. THOUSANDS of ballots cast by fake Americans **who no longer even lived in NV but were mailed ballots to other states who could then double vote.** The “judge” in that case tossed indisputable evidence out the window and ruled against Trump. Same thing California did with my late brother (who died of cancer this past March) until I put a stop to it; *California* kept sending him ballots to vote in their elections *after* I moved him from that corrupt state to my city in *W. Texas*. It took two years to stop them sending Richard ballots which I have kept.

[Nevada Agrees to Clean Up 90K Voters from Election Rolls](#), Aug. 8, 2024 – “Nevada has agreed to purge over 90,000 ineligible voters from its rolls following a legal battle with the Republican National Committee and the Trump campaign, according to a press statement from the Nevada GOP.

“The purge will focus on Clark County, which includes [Las Vegas](#), and will remove individuals no longer active under state law, the Wednesday statement alleged,

“RNC Chair Michael Whatley praised the decision as a significant step for voter security. “Election integrity starts with clean voter rolls, and that’s why we’ve brought litigation in key states to compel outcomes just like this,” he [tweeted](#).

In a column earlier this year, I wrote about [two lawsuits](#) citing [Foster v Love, a 1997, 9-0 decision by the U.S. Supreme Court](#): Federal Elections End ON Election DAY. Not three days later or ten days later. Foster was lightly mentioned. Here’s the update:

Filed Jan. 26, 2024: [RNC Mississippi vs Justin Wetzel. \(Dismissed in a truly disgusting opinion.\)](#) “The appeal, which has not yet been filed, will go to the New Orleans-based 5th Circuit Court of Appeals, one of the most conservative appellate courts in the nation.” The RNC filed their appeal Aug. 5, 2024. **Sept. 23, 2024:** [Mississippi Election Case Ruling Could Have ‘National Impact’: Attorney](#): “On Tuesday, the Fifth Circuit Court of Appeals is to hear oral argument in *RNC v. Wetzel*, a lawsuit filed by the [Republican](#) National Convention to disallow the counting of ballots that are received after Election Day in Mississippi.” They better hurry up.

Second case mentioning *Foster v Love*: RNC Nevada, Donald J. Trump for President 2024, Inc Szymanski vs Cari-Ann Burgess, [Case 3:24-CV00198](#) filed May 3, 2024. “Right wing”, fringe theories”. Same old sh*t from fools. [Federal Court Rejects RNC and Trump Campaign’s Challenge to Nevada Ballot Receipt Deadline](#), July 17, 2024. “In today’s ruling granting requests from state officials and nonprofit organizations to dismiss the case, Judge Miranda Mai Du held that the GOP plaintiffs lacked standing.” That judge was appointed by the illegitimate Marxist president, Hussein Obama.

Makes me sick and this crap called standing MUST be purged from the courts. Lack of standing? BS. **Trump is the injured**

party (plaintiff) and he has no “standing?” It’s different and very fortunate for us here in Texas regarding “standing”.

[Georgia Secretary of State’s Office Will Allow Inspection of Missing Ballot Images By Election Board..With a Huge Catch](#), July 25, 2024 – “One of the issues in question was the varying counts in Fulton County from the initial machine count, the hand recount, and the final second machine count, the latter of which was used for the “official results.”

“Part of the discrepancy pointed out in SEB Complaint 2023-025 was Fulton County coming up 17,234 ballots short during the machine recount, which again was used as the “official result. The final results were also missing 17,852 ballot images and contained at least 3,125 duplicate ballots in the count.” SOS Raffensperger is DIRTY and could have stopped the steal in GA in 2020, he didn’t. Gov. Brian Kemp did nothing while the cheating was allowed to stand.

[Raffensperger’s general counsel is holding evidence hostage from the State Election Board.](#) They can only see the ballot images if they agree to drop the investigation into why there were over 20,000 unsubstantiated votes in both the original and machine recount in 2020 // [Pennsylvania high court declines to decide mail-in ballot issues before election](#), Oct. 6, 2024 // [Republicans Challenge Details of Mail-In Voting as 2024 Election Heats Up](#), Oct.8, 2024

Glenn Youngkin said.”

Way back around 1998, 1999, my friend, Geoff Metcalf was a talk show host at KSFO in SF, 5th largest in the country at the time. I was always happy to be his guest. One caller during one of his shows on election fraud was an employee at the California Franchise Tax Board (state personal income taxes) which is California's version of the Internal Revenue Service (IRS). She spent quite a bit of time explaining the gross abuse of using SSN's for ID's. One person had a whopping 99 SSNs!

[**MUST READ: One Citizen Platform Has Found a Way to Catch the Fraudulent Ballots and Illegal Voters Before November 1st – Here's How**](#), Sept. 23, 2024 (Mail-in ballots): “In 2022, that

strategy impacted enough bogus ballots – saving the U.S. Senate seat for Senator Ron Johnson.” *Every county GOP president and members should know this and meet with their county commissioner and county judge, if possible, to let them know. **Stop the steal or we’re done.***

And let me tell you about the U.S. Post Office because either incompetence or by plan *played a role in the big steal in 2020*. Same is true again – think overseas military ballots. The USPS is one of the most dysfunctional agencies in “our” government as they keep raising the cost of a stamp. One of my dearest friends lives in Huntsville, Alabama, 955 miles east of me (not hit by hurricane Milton). He mailed me a package on 10.4. 2024. It went to Dallas, 300 miles east of me, then back west to Abilee (TX) 120 miles east of me, to Lubbock 100 miles north of me, then to LA 1,147 miles west of me, then to Midland (main mail distribution center for our mail) 40 miles west of me. It arrived late on Oct. 12th.

The IRS and Hurricane Helene & Milton. They will give extensions as people’s houses simply floated down rivers (Mostly Helene’s destruction) or flood waters were 4’-6’ inside homes and businesses and there goes all your records and receipts; computers also drown. A nightmare for sure.

[This group has the numbers to decide the US presidency – if they turn out – Every Christian has a moral and ethical duty to participate in this election for 3 main reasons](#), Oct. 10, 2024: “Election Forum estimates that nearly 7 million [evangelicals in swing states](#) alone did not vote in the 2020 election. Whether out of disillusionment, disconnection or distrust, millions of would-be Christian voters sat out an election that was decided by tens of thousands of votes.”

Evangelicals, supposedly in huge numbers are going to “sit out” voting again because Trump isn’t perfect. They seem to forget there’s those important House and Senate seats as well as other offices *that directly affect their lives are on*

ballots. No candidate is going to be perfect. For God's sake, wake up. Remember Saul of Tarsus (called Paul) who zealously persecuted Christians? Acts 8:3, KJV: "As for Saul, he made havock of the church, entering into every house, and hauling men and women committed them to prison." Then Jesus spoke to him and from that moment on, St. Paul became one of the most influential apostles. His love for Jesus was absolute. But, he was a bad man at the beginning. So please, if you identify as an Evangelical, get out there and vote. This isn't a popularity contest. God helps those who help themselves and not voting isn't going to help you or our beloved republic.

Pennsylvania. I was reading some interviews with some rural citizens that made me sick. One woman said she is voting for Marxist Harris and was taking her husband to vote; apparently, he hadn't voted for years but was voting for Trump. He didn't vote for years? **A slap in the face to who sacrificed everything to birth this constitutional republic and give We the People the right to self-governance and to vote in elections.**

Marxist Harris has publicly stated **she wouldn't do anything different than career criminal, Joe Biden, and was "in on all decisions."** 13 dead Americans during the withdrawal from Afghanistan, the worst military blunder in centuries. How could any active-duty military or veteran vote for that cackling nitwit? Pennsylvania: Mining, agriculture, manufacturing and you'd vote for a completely unqualified cackling nitwit, who is trying to shove the CON JOB called climate change down your throats and destroy thousands of jobs?

Voting for victims of Helene and Milton. Two massive hurricanes within two weeks of each other conveniently hit two major regions of "red" voters. Roughly 580,000 registered GOP. Allegedly, voting facilities are working overtime to re-open, but getting ballots to rural areas in the Appalachians

is going to cause some real delay problems because of access. Depending on the USPS is a joke. I have no doubt (I think), GOP organizations in the affected area are doing all they can to get ballots to everyone who wants and has the right to vote unless they're illegal aliens.

What YOU can do. Get this to your county elections head person: [MUST READ: One Citizen Platform Has Found a Way to Catch the Fraudulent Ballots and Illegal Voters Before November 1st – Here's How](#), Sept. 23, 2024 (Mail-in ballots): "In 2022, that strategy impacted enough bogus ballots – saving the U.S. Senate seat for Senator Ron Johnson." *Every county GOP president and members should know this and meet with their county commissioner and county judge, if possible, to let them know.*

[StopBogusBallots.com to Start Posting Lists of Thousands of Cast Ballots From Bogus Addresses Where Voters Could Not Have Legally Voted those Ballots](#), Oct. 13, 2024

Stop the steal or we're done. The 'cry' right now is out vote the swamp. The problem besides the usual cheating by Demonrats who are un-American, is the problem of non-citizens and illegal aliens (not migrants or immigrants) voting. Estimates run about 2.7 MILLION who will try.

Question he/she (election officials in your county) how they are culling voter registrations to remove illegal aliens and non-citizens from voting rolls. See the article above which directs you to the organizations and their web site on how to get this done.

The Democrat/Communist Party USA and their dishonest minions are doing everything they can RIGHT NOW to set up the steal. No matter how busy we are (raising children, one or two jobs), we have enough retirees and those with flexible schedules to get this done. But the pain this country will suffer will be far greater if we don't get Trump elected as well as taking a

GOP majority in the House and Senate. I'm doing all I can despite life's challenges. I will vote Nov. 4th and ask for a paper ballot.

In 1998, I wrote a booklet, *Blind Loyalty* (Updated Dec. 2000), and sold 700,000 copies at cost; I retired it shortly thereafter as Americans didn't seem interested in our elections being stolen right under their noses. Nearly 40 pages of proven vote fraud (as well as how easy to hack those machines) and not just big urban areas. Small precinct workers shocked: 43 registered (rural) voters with 64 votes counted.
