

# Obama Seeks 4th Term

By Lex Greene

June 14, 2024

As everyone with an IQ above their shoe size already knows, the so-called “Biden Administration” is actually the 3<sup>rd</sup> Obama Administration. The entire Biden staff and cabinet is made up of all the Obama era Executive Branch officials and Obama has been in charge again since January 20, 2021.

The greatest “community organizer” in U.S. history has managed to orchestrate a near total destruction of the USA by simply creating deep divisions across the electorate, using every divisive issue available, “[fundamentally transforming America](#)” just as he promised to do in his 2008 Presidential campaign.

Like any expert con artist, Obama has consistently told you exactly what he was going to do or is doing right before your eyes in real-time. Even the leftist news propaganda machine is forced to finally admit that Joe Biden doesn’t have the mental ability to run a summer lemonade stand, much less a country. It’s Obama 3.0 and always has been.

He told you he was going to [continue running the country for a 3<sup>rd</sup> term](#) and how he was going to do it. Obama has been back in charge since January 20, 2021, but his surrogate frontman Biden, and his mindless VP Harris, simply read from the cue cards provided by Obama, including the teleprompters and ear pieces in “live” shots where we get to witness Biden’s inability to even read correctly.

Now in 2024, Obama is seeking his 4<sup>th</sup> term behind the charade

that is the “fake” Biden Administration. Millions of Americans know it, even though millions will never admit it, because they are quite happy to know Biden isn’t really in charge of anything, Obama is...

[With Obama still at the helm](#), the fundamental transformation of America continues.

Meanwhile, the entire American news propaganda machine continues to act as if they don’t know, including Fox News personalities, referring to Biden as if he really is a President, Harris as if she really is a Vice President, and the 2024 election as if there’s any legitimacy to U.S. elections since 2016.

Oh, they know, but they don’t dare tell it like it really is, which is why the entire U.S. news industry has a popularity rating even below Biden’s anemic levels, and the talk-talk-talk but do-nothing Congress. People started turning to Tik Tok and other social media platforms in a desperate search for any real news years ago. That’s why everyone in D.C. was united in the power grab of Tik Tok. Not because of so-called “Chinese spying,” but because it was the last place they didn’t totally control the narrative for public consumption.

It’s not Biden’s idea to transform all Executive Branch agencies into a federal gestapo designed to silence all truth in the market and silence all voices of dissent... “banning” free speech on all social media platforms, referred to as “community guidelines” put in place by the great “community organizer.” It’s Obama’s idea and he started that transformation all the way back in 2009, beginning with the Department of Justice.

The “fundamental transformation of America” is actually a global Marxist takeover of America, in concert with The World Economic Forum (WEF), the United Nations (UN), NATO, and the World Health Organization (WHO). America isn’t the only

target...this is a global event. But the USA is the prime target, because when Americans are no longer free, nobody on earth will be.

People all over the world are already standing in the streets to take their countries back from failed socialist and communist regimes, removing Obama cohorts from power in a desperate attempt to regain control of their own lives.

This global operation to end all national sovereignty and security and create a One World Government is financed by American taxpayers, international money laundering schemes, and a long [list of international corporations](#) partnered via the WEF and the [Davos Group](#).

The anti-American left is also organized and funded by [more than 200 George Soros extreme left-wing activist groups](#). And...much of the taxpayer money being sent out of the country under the guise of “foreign aid” is being laundered and brought back in to the Democrat Party via an international fund-raising scam created by Barack Obama in 2009, [ACT BLUE](#)...used to finance a laundry list of extreme LEFT groups from BLM, ANTIFA, LGBTQ and Pro-Hamas alleged Palestinian protesters, to the fake “save democracy” [illegal election “community organizing” groups](#).

If that’s not bad enough for you, the Obama Administration has formed law [groups to go after any law professional who dares to challenge the unlawful and unconstitutional acts](#) we see all day.

The “divide and conquer” operation is in its final stages now. The bankrupting of America via massive illegal immigration also funded by American taxpayers, including financial benefits no American citizen can qualify for, and even “voting rights” in far-left states, follows the [Cloward-Piven Strategy](#) to the tee!

In a broader sense, Obama’s “fundamental transformation of

America" follows Chairman Mao's "[Cultural Revolution](#)" down to the finest details, often referred to as "[colour revolutions](#)" today. George Soros has led numerous "colour revolutions" to topple sovereign states and whole governments around the world for decades and is banned with arrest warrants pending in a number of countries as a result.

While the entire American News Media has run cover for all of it, lying to the American people day-in and day-out, hundreds if not thousands of "citizen journalists" have been trying to warn Americans about everything happening to our country for decades, myself included.

But here at the final hour of America's existence, most still aren't paying attention, or are totally brainwashed to actively vote themselves and everyone else into global bandage under the false campaign banner, "saving democracy." [THIS is why they want everyone voting by mail...](#)

Thanks in no small part to horrific government-controlled education, few Americans alive today know that "democracy" is a mere stepping stone into "socialism," and in the end, tyrannical "communism" just as Engles and Marx wrote about so many years ago.

Americans are being sleep-walked into a total collapse of their country and the end of every freedom and liberty they have ever known.

To say we are late in the game to respond, or that the odds are stacked heavily against the American people at this late date, would be the gross understatement of all time...

Everything presented here is true, [verifiable FACTS](#), with even links provided.

The 2024 Elections are a "winner take all" election cycle. It will be a death blow to everything presented here, or it will be the final death blow to the good ole USA. There's nothing

in between now...

The outcome is in YOUR hands. How ever this ends, every American citizen will be responsible for the outcome, so choose wisely in this election cycle. Vote for the Constitutional Republic, or the demise of a once great nation.

The stakes have never been higher!
