

Oil is Power, CO2 is Food. Globalists Want Control of Both

How often do I say everything is connected. Nothing is more evident than that. Just look at what we see going on in the world. Can you make the connection? Climate change is not about the climate it is about control. Oil is power. Cheap oil gives people power. Global elite will never give people power. That would cut into their wealth and create competition which is not acceptable. Who controls the food (CO2) controls the people. Who controls the energy(Oil) controls the country.

“The big threat to the planet is people: there are too many, doing too well economically and burning too much oil.” – Sir James Lovelock, BBC Interview (Contributor to UN Agenda21/2030)

Oil makes business possible. It powers the economy. Global elite don't want people to have power because it cuts into theirs. No competition allowed. Wealth redistribution is what climate change is about. Where do globalists get their “data” They program it. Data is only as good as the people who do the programming. By going back in time thousands of years and charting climate cycles you can see that climate changes. It gets hot. It gets cold. Regardless of man and industry climate changes. Today we find that, the ice caps are not melting

unless your pictures are from the summer, polar bear population has increased and the sea are not rising. By using data in a shortened time frame you can skew the results. If they are so worried about the affects of CO2, why ae they nt planting trees instead of planting solar and wind farms? Once you grasp the power of oil the world crises begin to make sense. Let's take the Middle East.

It is a given that the radical Arabs, Hamas, Hezbollah, hate and want to obliterate the Jews. It is sad to see young Americans putting their energy into a fight they don't understand for a group that in the end will subjugate them as well because they are infidels. Hamas treats women like slaves and have criminalized homosexuality with a punishment of death. Knowing the globalist always have a motive let's look at the land mass called Gaza. I recently stumbled on the fact that Gaza sits on one of the largest natural gas reserves in the world. June 2023 Israel said that the Gaza Marine gas development could go forward. Israel wanted to be recognized and left alone. Imagine the wealth that would bring to the people of Gaza.

Why did Hamas hit Israel at a time when they could have had a windfall profit from their natural gas? Recently OBiden told the world a cease fire was approved by Israel.. This was not true. Why is America meddling in this war? Could the natural gs be the reason? Do you know what is going on in Europe or Canada? The noose is getting tighter coming to America soon. Have you seen the demonstrations largely created by farmers who know, no farmers, no food. The farmers are exposing the evil of the green agenda, net zero, and the war on energy and food. Remember thier goal: DEPOPULATION. Not because the planet can't hold this amount of people but because more people to control and feed. I am not interested in fighting with you when we have much bigger issues like both parties are destroying America. They use an issue with no solution, get us to fight each other so they can slip in new regulations

destroying the middle class.

That is the globalists method. It works. Soon we will have no rights. People are finally waking up and beginning to fight the real enemy the globalists not each other. The late Rosa Koire warned Europe between 2010-2015 about *"the blueprint, the comprehensive plan of action for the 21st century to inventory and control all land, all water, all plants, all minerals, all animals, all construction, all means of production, all energy, all law enforcement, all health care, all food, all education, all information, and all human beings in the world."* This plan is Agenda 21.

The W.H.O. the Globalist UN World Health Organization is setting this policy and the RINOS and Democrats made this possible. The WHO decided they should control world health under any emergency they declare like climate change. The treaty did not pass but amendments were added to the existing treaty with the same control sponsored by the OBiden administration with our tax dollars. . I do not want our legislators to give away our national sovereignty or money to a group of power hungry control freaks in the UN. Tell your legislators. Communicate with congress, **join <https://sovereigntycoalition.org/>**

Our bobblehead legislators just funded the WHO again. Speaker Johnson is either afraid or was bought off just like the rest of the criminals in congress who are exiting congress. They probably think leaving early could flip to the House to the Democrats. This way the new congress can refuse to allow Trump to take office. It is imperative that we elect MAGA republicans to office. The Dems know they can win unless they cheat. They must silence to voice of we the people. We must make sure we vote. Can you volunteer to help get out the vote?

A new web site to support President Trump called trumpforce47.org will be up shortly .

I want to be in America, Everything Free in America

The funding stream from the U.S. Treasury to the UN International Office for Migration will be uninterrupted, so the invasion can continue. Be sure to thank the 101 House republicans who surrendered the United States to the UN.

101 House republicans surrendered to the United Nations. Almost \$4 billion for "migration and refugee assistance" means THEY WANT THE INVASION TO CONTINUE Kim "filterless" Wexler MA JD

It is us, you and me against a powerful machine comprised of the government, NGOs, Chambers, political leaders, media and Hollywood. They all lie. That was the hardest thing I had to realize. A real slap in the face. Recognizing everything I grew up and learned was a lie designed to bloat the government and give them more power until we are slaves. You will own nothing and be happy or will you?

OBiden has allowed our enemies to infiltrate. They are here anxiously waiting for the command (probably on the phones we gave them) to strike. Between the Islamists, Chinese and Cartels are you prepared? I believe as the election draws we will see another "Summer of Love". Don't let them sucker you in. They are looking for another J6.

Nationalists will dream of their future, their life and set a plan to achieve that dream. Globalists will have a visions of life and demand you fit into their vision without deviation. If you disagree squash you.

All Globalists want is Money, Control and Power. They can only get Power if we give it to them. Don't give them yours. Challenge them with the truth. Doing Nothing is Affirmation. The Regime will not go quietly, Prepare. Can you share this with 5 five people and then share all information with those 5. So join me on the radio Americaoutloud.news.
