

Only the squeaky wheel gets the oil

“But you must remember, my fellow-citizens, that eternal vigilance by the people is the price of liberty, and that you must pay the price if you wish to secure the blessing. It behooves you, therefore, to be watchful in your States as well as in the Federal Government.” –Andrew Jackson, Farewell Address, March 4, 1837

“There is no substitute for a militant freedom. The only alternative is submission and slavery.” –Calvin Coolidge

A squeaky wheel is a distraction, and the longer it continues, the more irritating it becomes, until finally, oil is applied to stop the squeak.

Put on Your Armor, the Battle for America Begins

The squeaky wheel gets the oil, and in this case, the squeaky wheel is none other than Soros's hired protestors. It is time for us to make just as loud a noise as these slugs hired by the community organizers.

That means us! We succeeded in electing an outsider, it's time to put on the full armor of God and get busy. We cannot be couch potatoes and let President Trump do all the work and fight the battle alone. It is up to us to send emails, to get on the phone to our Congress critters, and demand that they help the man we selected and elected as our 45th President.

This means daily! Our new President needs our help in getting his nominees confirmed by the Senate.

We simply CANNOT expect that all will be okay now that we have Donald J. Trump in our White House. The left hates him and many of the neo-con Trotskyite right hate him. Why? Because he is NOT a consummate globalist politician as too many of our previous presidents have been. Trump is a successful businessman, and even though there are areas where I disagree with him, I know this man loves America and wants to bring her back to the glorious nation she once was, with happy and prosperous citizens.

The Media

Throughout Trump's campaign, the media has proven inept at destroying him, and he used them thoroughly and unabashedly. Because he won, the media is now accelerating their attacks, but they're using the same techniques they've always tried. So far, they're beating their heads against the wall, but they won't quit because the objective is to destroy Donald Trump. Their goal is to destroy his reputation and presidency and ultimately to impeach him. Even if he remains in office, they want him ruined in the minds of the American people.

The Democrat Party is foaming at the mouth wanting Trump to implode, but it's not going to happen. This businessman has dealt with tough problems and tough people for many years. We watched him throughout the campaign, and he ignored all the attacks and brutality thrown in his face and stayed the course. Trump has a steel spine and a faith in God and himself that I have never seen in any politician.

Protests, Protests,

Protests

How many protests were there against Obama? There were a few, but you never saw police cars set on fire, businesses destroyed, looting, and vandalism. It didn't happen, because we're too busy working.

Our President withstood some of the vilest accusations and lies, and yet he kept going. We showed up at his rallies in such numbers that he knew he was resonating with American citizens.

[The pro-abortion Islamic and leftist organized Women's March](#) was covered massively by the media, but the pro-life march received little coverage.

Protests won't stop because billionaire George Soros will happily keep paying protestors to show up. Point in fact, protestors were sitting around in airports waiting for Trump to write his promised executive order, "[Protecting the Nation from Foreign Terrorist Entry Into The United States.](#)"

Trump stated a year and a half ago that he would sign an EO vetting the refugees coming into America from states known for training terrorists. For days the protestors waited, and then the media portrays it as though American citizens were immediately roused to indignation. Fake news again!

The President also stated a year and a half ago that he would build a wall on the southern border, and he told us why. He showed us why; he interviewed parents and families of American citizens who lost children and spouses to criminals who had entered our country illegally.

The protests won't end, and neither will the leaders of sanctuary cities stop challenging the laws our President wants to uphold. Instead, they will continue to defy federal law and to allow illegal aliens to hide within their boundaries, many of whom will commit crimes against American citizens, including murder and rape.

Watch for the [next protest march](#). It will be scientists against President Trump's move to halt the EPA and this false climate change agenda which is all about making the rich richer and bleeding American taxpayers.

Short Memories

The [Daily Caller](#) reminded us that in 1975, many liberals were part of a chorus of big name Democrats who refused to accept any Vietnamese refugees when millions were trying to escape South Vietnam as it fell to the communists. This even included orphans. And guess who led this...none other than California's Governor Jerry Brown, Senator Joe Biden, George McGovern, and New York Democratic

Congresswoman, Elizabeth Holzman. They didn't want Vietnamese who were fleeing communism to enter our country, but they applaud lawbreakers from Mexico and Islamic refugees who could well be terrorists. God help us...truly!

Does anyone remember the [Montagnards?](#) They were the Vietnamese tribesmen who fought alongside America's Special Forces soldiers during the Vietnam war. My husband's uncle was Special Forces in Vietnam, and he and his men at Ft. Bragg pleaded for donations to help the Montagnards who made it to America, because the American government would not help them. Thank you, Henry Kissinger!

How about the C-span video of President Clinton in the 1995 State of the Union address? Anyone remember that? Clinton said we're disturbed by the large number of illegal aliens, they're stealing jobs from Americans, they cost the taxpayers. Bill said he's hiring more border guards to protect us, and deporting twice as many criminal aliens as before, and cracking down on illegal hiring, and barring welfare benefits to illegal aliens, and speeding deportation of illegals who commit crimes. Does this not sound like our new President? It wasn't...it was 1995 and Bill Clinton! My how times change and hypocrites change their stories.

Watch this one and [one-half minute video](#):

You're Fired!

Still more winning. Barack Hussein's acting Attorney General decided on her own not to enforce the law, because after all, that's what good attorney generals do. Ahem. Within three hours she was fired and torched by Trump. I loved it.

President Donald Trump fired the Obama appointee, and acting Attorney General, Sally Yates, for refusing to enforce a legal order. [Yates has been replaced with Dana Boente](#), US Attorney for the Eastern District of VA, who will now act as Attorney

General until nominee Senator Jeff Sessions has been confirmed. Limbaugh went overboard in his monologue on the last day of January in excoriating Trump for keeping Obama's people, but this is the gist of the entire problem, and why we need to speak up!

Senate Traitors

The Senate Democrats have [boycotted the committee vote on Tom Price for HHS Secretary, and Steven Mnuchin for Treasury Secretary](#). Only four nominees have been confirmed after nearly two weeks.

Then you have the likes of John McCain, and Lindsey Graham joining with Socialist Democrat, Chuck Schumer. Why is it McCain and Graham still have "R's" behind their names???

The two long-time senators issued a joint statement on the president's immigration and refugee order and Trump quickly fired back in two tweets on Twitter, "The two Senators should focus their energies on ISIS, illegal immigration and border security instead of always looking to start World War III."

The president wrote, "The joint statement of former presidential candidates John McCain & Lindsey Graham is wrong – they are sadly weak on immigration."

It is true, they are traitors to the Constitution, and traitors to their own party.

Trump is fighting the Islamic conquest of the West. We need to help him.

We Are the Squeaky Wheel

Get off the couch, get on the computer, get on the phone, and call every day to your senators, and write them emails. The protestors are people without jobs being paid by George Soros and the Socialist Democrats. We are the taxpayers of America!

We are those who voted for a businessman to turn our beloved America back to God and sanity.

We cannot just be the squeaky wheel, we have to be the thundering voice of protest, not a squeak, but a lion's roar, not marching in the streets, but pressuring our senators, and yes, even the democratic senators like Schumer, to approve our President's choices. Their actions are dishonorable, and they need to know what we think.

The Republicans did not delay Obama's choices, even when we wanted them to. It is unconscionable they're holding up Trump's nominees. We need to be heard! It is fully up to us to help Donald J. Trump to do what he promised he would do! Stand up and demand these Senators approve our President's nominees.

It's time to be heard! Our 45th President is counting on us!
