

# Open borders: Our plight in twenty first century

In this exclusive interview with George A. Phelps, retired US Army officer of the 1st Calvary, he examines the consequences of our open borders policy carried on by your elected Congressional critters as well as the current president in the White House.

Mr. Phelps, please give us an idea of our future with mass immigration:

“The left wing liberal socialist rogues have pretty much taken over our government,” said Phelps. “They are intent on forcing the philosophy of diversity and multiculturalism on and within our country.

“They have even advocated ‘open borders’ to allow anyone in the world to enter our country freely and without being questioned as to their intent, health, hygiene practices, levels of education, work skills and so on.

“This is a catastrophe to any modern, civilized nation such as ours. And that same philosophy or ideology is occurring in Europe as well.

“Assimilation is not on the minds of these migrants. They will and are bringing with them their old cultures that have proven to be disastrous in their countries and regions of origin.

“One example is the Muslim culture. It is contrary to the culture of our country in many ways including Sharia law. Allow me to show you some pictures of cultures that could enter a country of open borders.

“I don’t mean to denigrate these types of other cultures. However, they don’t immigrate to other places and give up

their old cultures and morays. They do not assimilate. They only bring down and destroy the culture of the countries to which they immigrate.

“The United States offers free stuff which they do not have in their countries of origin and they expect to get it here in the United States without changing their old ways of living and their religious beliefs. Nor do they contribute financially to pay for this ‘free stuff.’ The free stuff is paid for off of the backs of working citizens.

“Does anyone think that this couldn’t, wouldn’t or hasn’t happened here? Don’t kid yourself it’s not only possible, it’s highly probable. Muslims have already infiltrated America and are setting up camp and assumed positions in our local governments and even in the United States Congress. Even the President of the United States has appointed Muslims to his White House staff positions.

“It is not beyond imagination that more primitive and backward cultures will migrate/immigrate to the United States changing the cultural landscape of the United States into a morass of incompatible and conflicting cultures resulting in warring between these incompatible cultures.

“Right now there are gangs, for example MS-13, roaming the streets of American cities, robbing, raping, killing and destroying the buildings and businesses that were constructed by Americans in building our great nation. Businesses that citizens built with the sweat of their brows have been plundered, pilfered and literally demolished, resulting in the need for the owners to leave and locate elsewhere.

“Many of these gang members are illegal aliens being ‘protected’ by our Federal Government that screams “Constitutional rights” if the law enforcement officials/officers dare to confront or kill them when the officers’ lives are threatened by these thugs.

“The liberal philosophies and ideologies taken over causing all these problems, and they must be stopped. It will take time but if American Citizens will wake up and pay attention to what is happening in our ‘halls of learning’ and government, it can be defeated.

“Pressure on our elected officials from the American citizenry can turn this around. But ALL of us will have to apply this pressure. When enough people protest politicians and other government officials pay attention because they do not want to lose their cushy jobs and all the benefits they derive from them.

“Also, their ideologies and philosophies of rule will be threatened.”

If you don’t want a Paris, France or San Bernardino event in your community, it’s time to call for a total “Immigration Shutdown Now.”

Call your senators and House rep: 1-202-224-3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: “Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can’t save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children.” FHW
