

Our Election Process Is a Mess by Design

“The time to guard against corruption and tyranny is before they shall have gotten hold of us. It is better to keep the wolf out of the fold, than to trust to drawing his teeth and talons after he shall have entered.” –Thomas Jefferson

First, it's long past time to simply flush the so-called “mainstream” media down the toilet as well as all the blabber mouths on cable news networks like CNN (Communist News Network), MSNBC and the rest of them. Print (rags like the NY Times – all the news that's fit to fake) and propaganda box (TV) “shows” like The View. I haven't owned a TV in 8 years, don't miss it or the commercials.

Following the *proven* steal in 2020 denying Donald Trump a second term in office, the only (rather impolite) label I can attach to all of them (including ABC, CBS, NBC) is that they're whores paid enormous sums of money to outright lie and they do it with a straight, serious face. Unfortunately, low information voters or Americans suffering from Trump Deranged Syndrome who believe provable lies have gone of the rails. I've never seen anything like what's going on and a whole lot of credit should be given to Donald Trump for exposing the scum that passes for “media” in this country. None of them have an ounce of credibility.

America's domestic enemies have destroyed fair elections

I watched all the hearings, read all the lawsuits and wrote and wrote and wrote about the in-your-face cheating that put an already dementia ridden corrupt POS in the WH after the 2020 Big Steal. All the accusations against Trump inciting an insurrection January 6, 2021 to “overturn the election”. I watched every minute of the manufactured impeachment hearings packed with lies. **You can't overturn an election that was blatant fraud.** That election should be null and void and a new election ordered.

Since then, many states – particularly the worst of the cheaters aided by scum RINO's (think Georgia), PA, MI, MN, AZ, NV to name a few, *thankfully now have some real fighters* – all Republicans – doing their best to fix the problems with their voting laws. Fighting against anti-American incumbents on committees – all members of the Democrat/Communist Party USA. All of those fighters are either a state rep or state senator. Some new laws have been passed but whether it's enough to defeat those machines, scanners, illegals and cheating anti-American precinct workers and counters remains to be seen.

Partisan judges all the way to a couple of state Supreme Court Justices threw out lawsuits that had PROOF – paper trails – of fraud. Nevada being #1. Years after cheating Trump AND candidates for the U.S. House and Senate not to mention governors, even more evidence has been exposed regarding the inexcusable tainted voting rolls – something I've been writing about since the early 1990s.

Here's what's been going on while you're trying to put healthy food on the table.

[Georgia election board seeks new investigation into Fulton County's handling of 2020 election](#), Aug. 7, 2024. Their 2020 election fraud was as rotten as Maricopa County in AZ. Of course, the new head county board said no, it's a waste of taxpayers money. “The inquiry comes after former President Donald Trump campaigned in the state on Saturday, where he

repeated allegations that he actually won the state in 2020. The official election results found that President Joe Biden won the state by 11,779 votes. But 939 more votes for Trump were counted in a recount.” Did they count non-citizens and illegals who voted?

[America First Legal Sues All 15 Counties in Arizona for Failing to Take Action to Remove Illegal Aliens from Voter Rolls](#), Sept. 4, 2024: WASHINGTON, D.C. – “Today, America First Legal (AFL) filed an amended lawsuit against all 15 counties in Arizona – Apache, Cochise, Coconino, Gila, Graham, Greenlee, La Paz, Maricopa, Mohave, Navajo, Pima, Pinal, Santa Cruz, Yavapai, and Yuma – for failing to take action to remove foreign citizens from their voter rolls.

“On July 16, AFL [sent letters](#) on behalf of its clients demanding that election officials in all 15 Arizona counties fulfill their legal obligations to prevent aliens from voting and warning them that if they failed to do so, AFL would pursue legal action on behalf of its clients.”

Until that hand count, **more than 6,000 voters did not have their vote counted because of some ‘unknown’ error.**”

“The election board approved the new resolution in a 3-2 vote. The resolution states that if Georgia Attorney General Chris Carr does not conduct an investigation, the board will try to find an outside lawyer to conduct the inquiry.”

THIS HAS TO STOP: [9th Circuit Backtracks, Arizona Will NOT Require Proof of Citizenship to Vote](#), Aug. 8, 2024: “On July 29th, Advancing Integrity reported that the 9th Circuit Court of Appeals ruled in favor of election integrity by upholding a new Arizona state law requiring proof of citizenship to register to vote.

“Unfortunately, a 9th Circuit panel of 3 judges [reversed the court’s ruling](#) on Thursday, meaning that, as it currently stands, Arizona voters will not be required to provide proof of citizenship to register or vote in the November election.”

The decision comes after a legal battle with the Republican National Committee and the Trump campaign.

“RNC Chair Michael Whatley praised the decision as a significant step for voter security. The Nevada GOP’s Executive Board expressed satisfaction with the voter roll cleanup and vowed to achieve similar victories across the state’s 16 counties ahead of the 2024 presidential election. The push for clean voter rolls began in April 2024, and Nevada-based News 4 reported that Secretary of State Cisco Aguilar, a Democrat, began the cleanup after sending postcards to over 150,000 voters whose mail was returned as “undeliverable” during the **2023** primaries.”

[Arizona Supreme Court rules that 97,000 residents wrongly listed in voter roll can vote in November](#), Sept. 21, 2024 – “We are unwilling on these facts to disenfranchise voters en masse from participating in state contests,” Chief Justice Ann Scott Timmer stated in the ruling.”

[It’s estimated 2.7 MILLION ILLEGAL ALIENS are going to vote in this election](#) because of that damn Motor Voter Law that opened the door to register illegals aliens so they could vote. **A driver’s license does NOT prove citizenship.** Who do you think they’ll vote for? // [With Intent To Deceive](#) // [FBI And CISA Notify America Of Plan To Steal November Election](#)

[THE RPOF Is At It Again – This Time Stealing Votes BEFORE They Are Cast!](#) From Kat, August 1, 2024 – “These fake voter guides are being sent to voters in six Florida counties, to date. They list the candidates who are supposedly endorsed by Trump

and DeSantis, and they are advocating for candidates who are NOT real MAGA supporters.” Rest at link. Floridians watch out for the RINO’s behind this.

County clerks and election divisions have had nearly 4 years to clean up their voter registration rolls. It’s taken who knows how much money for organizations like Judicial Watch to sue for violation of federal election laws. The RNC has had to spend tens and tens of thousands of dollars fighting election corruption, BS “errors” for voting registration – including those machines – and plans to fight off the same cheating that happened in 2020.

There’s a growing movement in this country to force your county to dump those DAMN voting machines and scanners. *More counties than you know do not use machines, all paper ballots.* Ask for a paper ballot and make damn sure those ballots are counted in public. I registered to vote at age 18, Republican. I had my certified birth certificate and driver’s license (Calif). Last week I volunteered at our county voter registration drive at the main election offices. My fellow volunteers were surprised when I showed them my certified birth certificate I have folded in my wallet all these decades.

The Communist International made their move more than 30 years ago claiming minorities were too stupid to figure out how to vote so their junk yard dog minions began pushing those hackable machines. How insulting. Then it was hand counting takes too long and gee, look what happened with the Gore/Bush mess “election” and “hanging chads”. So, states spent hundreds of thousands of dollars to buy those hackable machines and scanners for all precincts. *I know that for a fact as I’ve been writing about this since 1993.*

Vote early? Once you vote, you can’t go back and change your vote. **That is going to be critical for Democrat and independent voters as more and more dirt and lies are vomited**

up by Ho Harris and Tampon Tim Walz over the next few weeks.

Early voting (exceptions of course for military, maybe you have to have surgery) gives our domestic enemies time to print up more fake ballots.

Keep pushing early voting, Sean Hannity. Just what the communists want. MUST READ: [Will President Trump Lose to Mail-In Ballots and Bad Advice Again?](#), Feb. 23, 2024: “Our team ran the RNC lists – from which Lara Trump gets her starting point, and **we showed them to be wrong over 50% of the time.** Good luck cleaning them before 2024.” (I don’t know Trump’s daughter-in-law, Lara, who is now one of the big shots at the RNC but she’s in way over her head.)

[General Michael Flynn on X](#), August 24, 2024: “This very recently filed whistleblower complaint is to stop the federal government from grossly violating the U.S. constitution when it comes to conducting U.S. elections by mail-in ballots. It is in direct violation of the constitution. This was filed in federal court last 24 and the docket # can be found on the picture for those interested in reviewing this vital filing. For instance, the U.S. Postal Service should NOT/NOT be in the business of handling ballots (PERIOD!). This will likely go to the USSC because lower courts do not have the courage to deal with it, but it will change the way we vote in America. We have to fix this grossly corrupted election system. I have a dozen more, but one can see the Democrat Communist Party USA and their lackeys are doing everything they can to make sure Trump does not win in November – and that includes taking the majority in the U.S. House and Senate. Ah, yes, the two assassination attempts. The two shooters were "lone wolves" according to the **professional liars at the FBI**; just more conspiracy theories that turn out to be true years down the road.

So disgusting. So-anti-American. You ask have they no shame? No, they don't. **What a mess and it's going to get nastier, bet on it.**

"Kamala Harris' father was an avowed Marxist professor in the Economics Department at Stanford University in Palo Alto, CA. Both of Harris' parents were active in the Berkeley based Afro-American Association; Fidel Castro and Che Guevara were the heroes of the Afro-American Association.

"The group's leader, Donald Warden (aka Khalid al-Mansour), mentored two young Afro-American Association members, Huey Newton and Bobby Seale; they created the Maoist inspired Black Panther Party which gained strong support from Communist China; the Black Panther Party served as the model for creation of the Black Lives Matter Marxist organization Khalid al-Mansour subsequently went on to arrange financing and facilitated for Barack Hussein Obama to be accepted as a student to matriculate at Harvard Law School.

"Following her graduation from college, Harris returned to California and subsequently became the mistress of the 60-year-old married Speaker of the California Assembly, Willie Brown, Jr. Brown's political campaigns were supported and funded by Dr. Carlton Goodlett, the owner of The Sun Reporter and several other pro-Communist newspapers."
