

# Our Erratic, Crazy and Incomprehensible Politicians

Right now, in Washington DC, we've got politicians like Charles Schumer, Alexandria Ocasio Cortez, Maxine Waters, Cory Booker, Hakeem Jeffries, Ilhan Omar, Jasmine Crockett, Van Hollen, and Rashida Tlaib advocating for violence against America's police officers. They are advocating for millions of illegal aliens instead of American citizens. They advocate for lawlessness. They urge democrat followers to go out and "get shot and bleed" in order to stop ICE agents from doing their jobs.

It's beyond comprehension that every one of those vacant-minded, duplicitic and totally out-of-touch-with-reality politicians didn't speak up once in four years against Biden's handlers as they encouraged, invited, and supported 12 to 21 million unvetted, criminal, and illiterate illegal aliens to cross our borders. The White House even gave them "Apps" to speed their entry illegally into America.

Never mind the fact that NONE of those senators or House Members honored their oath of office to uphold our U.S. Constitution. U.S. Code 8, Section 1324, 1325, 1326 specifically gives ICE agents the ability to arrest and deport illegal aliens.

Breaking into our country is the same as someone breaking into your home. It's illegal. It's criminal. There are no excuses.

Our laws provide our safety as citizens to live in our own homes without threat that someone can break into our homes and make us feed, water and provide for them.

And yet, all those aforementioned elected officials support illegal aliens. Then, you drop down to Governors New York's Kathy Hochul, California's Gavin Newsom, and Illinois' J.B. Pritzker—they are all breaking our laws. Drop further down to Chicago's Mayor "Intellectually Deficient" Johnson, or NYC's Mayor Adams, and LA's Mayor "Moron" Karen Bass--and you've got a bunch of lawless, idiotic, and truly stupid leaders. They're the same ones that support men competing in women's sports.

Last week, LA's Mayor Bass, who watched her city burn down because she set the benchmark for incompetence—promised to pay illegal aliens a stipend to stay in their illegal housing apartments. She should be arrested and prosecuted. Same with Chicago's Mayor Johnson! Same with NYC's Mayor Adams. Same with Denver's Mayor Johnston.

If all that craziness is not enough, we've got a Muslim Communist Democrat vying for mayor of New York City. Zohran Mamdani could turn the world's most capitalistic city into America's first Muslim Caliphate. First those Muslims destroyed NYC with 9/11, and now, we could see them voting their Muslim brother into the mayorship of New York City. Don't laugh. It's already happened to London, England. Mayor Muslim Kahn runs London like a Muslim caliphate because he's got the numbers. There are more mosques in London than English churches. Tens of thousands of them stick their rear-ends to the sky in the streets of London five times a day. It's enough to make you sick to your stomach when you see it personally.

Here's a cartoon: "Islamophobia: The act for practicing knowledge for self-defense from Islam or a Muslim whose prime directive is, 'Death to America'. Every American should be an educated Islamophob." Just remember that 9/11 was only one of their first steps into America. It's U.S. Senators like

Charles Schumer who made sure they enjoyed driver's licenses that gave them full freedom to carry out their deadly plans. Remember Muhammad Atta...and his Muslim brothers.

Here's another satire cartoon: Daughter asked, "Mommy, why won't politicians order the release of the Epstein client list?" Mother replied, "Because they are the clients."

Another cartoon shows Vladimir Putin of Russia: Psychopath—an animal or person possessing an egocentric and antisocial behavior marked by a lack of remorse for one's actions. An absence of empathy for others. And, often, criminal tendencies.

A psychopath can decimate whole countries, governments, hospitals, families, men, women, children, farms, friends, ships, airplanes—stomp them dead, and have no remorse, shame or guilt—none at all.

That pretty much sums up Mao, Stalin, Hitler, Mussolini, Hamas, Iran's Muslims, and Putin. And, the rest of the world sat/sits by while they continue their treachery down through history.

What about the fact that our Congress has allowed China to buy up 277,000 acres of our farmland? How do you get to the bottom of that pile of cow manure?

How is it that Democrat Controlled Congress during Biden's years allowed Medicaid payments for 1.4 million illegal aliens? Those are your tax dollars.

President Thomas Jefferson said, "The first consideration in immigration is the welfare for the receiving nation. In a new government based on principles new to the rest of the world, and resting on the sentiments of the people themselves, the influx of a large number of new immigrants unaccustomed to the government of a free society, could have detrimental to that society. Immigration, therefore, must be approached carefully

and cautiously."

Since there are now somewhere around 80 to 90 million foreign-born people in America, both legally and illegally living within our country...you're seeing it play out with attacks on ICE, on 287G, on ATF, Border Patrol and within our cities. We're seeing our own elected officials turning against our laws. If this kind of "elected lawlessness" continues, we could see America reduced to a "Bananas Republic" with no cohesion, patriotism, no single language, no cohesive culture, no dominant religion and now no sense of responsibility to our Constitution.

If that Communist Muslim Mamdani wins the mayorship of New York City, that's one more step in losing our country to mass immigration.
