

# People Are Beginning to SEE!!

By Kat Stansell

August 3, 2025

## **RP0F Acting Like “Zimbabwe Thugs”**

I am SOOOOO happy to see others begin to understand DeSantis and his TallyTroopers for who they really are. As you know, I've been lambasting DeGov and his gang for their totalitarian moves for well over two years now.

If you've been following my substack, you understand. Many of you may well have thought I was exaggerating, or “had it out” for DeGov. No, I have it “ON” for saving this republic, and living in freedom.

Ron Desantis and his RP0F do not care for the Constitutional rights of their constituents. It is nauseatingly clear.

There is a party for those Marxist moves. It's known as the Communist party.

I have no patience for those people, who pretend to be one thing and act, another.

a

lly blown their shabby-at-best cover with their latest attack on human liberties, as they tried to prohibit state Republicans from contact with Raj Dorisamy's "Reclaim Campaign". I think Raj, himself, was shocked by their actions.

This morning, on a Coastal Conservative News segment on TikTok, the Totalitarianism of the RPOF was compared to what happens to people who disagree with leadership in Zimbabwe. Click the link for the interview (2:07) and see below for the 2024 report on Zimbabwe from Human Rights Watch.

The similarities are absolutely uncanny!! Even though the Patriot Party won the last election, the resistance continues.

In the interview, one of the women talking with Raj, summed it up by saying that “only those who bend the knee, kiss the ring, and play the game” are allowed in Florida’s Republican Party!! Yes, good choice of words. She gets it.

The RPOF is still trying to hide who they are. In their latest letter to Dorisamy, they grouped the Reclaim Campaign with Planned Parenthood and the League of Women Voters! That is, with those who kill babies and help with election fraud. (see VOTESCAM, by the Collier Brothers for the history of LWV's

assistance there.)

Pooooor choice of comparisons, RP0F!

The [2024 Zimbabwe report from Human Rights Watch says that](#),

In 2024, [Zimbabwean authorities acted to undermine democratic processes, repress civil society and restrict political pluralism. They continued to weaponize the criminal justice system.](#)

Florida's RP0F has acted to *undermine the democratic process* by removing duly elected officials from county offices. They have also *repressed civil society* by removing attendees from public meetings – using law enforcement – altered chosen agendas AND refused admittance to meetings which citizens wanted to attend; Roberts Rules of Order has been tossed completely out.

The RP0F has also *weaponized the justice system*, by taking to court their baseless issue of another group daring to use the elephant logo and “Republican” name. They cost a MAGA group a lot of money by doing so, hoping, I’d imagine, to slow or stop their forward progress.

In 2023, DeGov and his entourage went to Japan, South Korea and Israel, as he tried to warm up his DOA presidential campaign. I checked to see if they’d gone to see [Zimbabwe, where . . . loss of rights has been blamed on the Patriot Front \(ZAMUPF\)](#). [Business tycoon, Kudakwashe Tagweiri, is leading the attacks against the patriots,. It is said that Tagweiri is “buying his way up the party ladder.”](#)

Enough of this uncanny similarity. You get the picture, and I don’t want to stretch it.

DeSantis’s RP0F is now, and has been since he was re-elected in 2022, going after America First/MAGA Republicans. Fact.

Is there a sane Constitutional mind left in Tallahassee?? If

so, they are certainly not being heard. Any who allow this Globalist totalitarianism to continue in Florida – when they are in a position to speak against it – do NOT belong in Florida government!

Neither, of course, do Communists, who believe they can take away our rights.

DeSmallman just completed a quick set of appearances , saying he cares about property taxes and expenditures – IN THE COUNTIES HE CONSIDERS PRIME ENEMIES: Manatee (America First), Alachua (D) and Brevard (D). He's sending out the FLD0GE troops. He wants folks to think he is watching over their money, AND, at this stage of the upcoming election game, he wants everyone to think lovely Casey does, too. We know him too well to be fooled. This was one of his “dog and phoney” shows.

Right now, Ron is running a pre-campaign tour for Casey, in case she runs for Governor in 2026. He also thinks he is positioning himself for another run at the White House. Yeah.

Bringing back Obama in the next election would be no worse. At least the world is beginning to know him for what he is. DeSantis still catches the ear of the uninformed with his pretense.

This country – and its media need to be better acquainted with the REAL RON DE SANTIS. I venture to say that anyone with that name is not a good candidate for future state or national leadership in the near future.

What DeGov is doing to America First activists and all who support them is not a “good look” for a POTUS hopeful.

CITIZENS ARE LEADING THE WAY TO BRING AN END TO THIS, AND TO SHINE THE LIGHT ON THIS DARK PARTY ORGANIZATION. THIS IS THE ONLY WAY TO SAVE YOUR FREEDOM!

This is a message not only for the victims of Florida's RPOF, but also for Freedom-lovers in every other state. There is darkness in many places. Washington, Oregon, California, New York, Colorado, Michigan come to mind; some are worse than others, and a few on this list may be unable to be altered, certainly before the next election. But, do your best, America! Foul their efforts whenever and wherever possible.

In Florida, you can join the citizens who have organized to make a difference. Supporting election integrity, with groups like [The-peoples-audit.org](https://The-peoples-audit.org), or [ReclaimCampaign.com](https://ReclaimCampaign.com) is a good, direct route to ridding Florida of this mess. [UltraMAGApatriots.com](https://UltraMAGApatriots.com) are doing great work on shining the light on the dark money of PACS. Help any or all of these citizens' groups if you are able.

**Local action is the ONLY action that can be effective.** But I repeat myself. And will continue.

I promise to continue to spread the facts.
