

Police Can't Protect You! Citizens Must Secure 'You Loot, We Shoot' Legislation

No one has the right to deprive another of safety, life, or property. Criminals are now doing this with impunity, and the prosecuting attorneys are setting them free, and woe be to the victim who defends himself and harms a criminal in the act.

These criminals are also dependent victims of the Democrat/Communist Plantations (our disintegrating cities) where there are few fathers, schools are a joke, little police protection, corrupt and incompetent public officials, plenty of fornicating, no religious or other teachings of right and wrong, no guidance of the young, etc.

You might grieve for the young mother when her boy is shot for looting or arson, but there will be deaths and gang shooting. Most importantly, once citizens start protecting themselves using deadly force, the crimes will subside! Because they know that with new legislation, hardworking citizens **will shoot criminals in the act, on sight** to protect their lives and property. I know this to be possible, for I was a State Trooper in the fifties. Troopers were taught to kill the people with kindness, or if necessary, to kill them to protect life.

The young mothers and non-existent fathers failed to give

their young the guidance needed for a good and honest life. With a moderate amount of proper guidance, most children, with a few hiccups, will become good citizens.

If a mother chooses a life of dependency on welfare, that is not the fault of others, and is no excuse for their children to commit crimes and refuse to work.

If you want to blame someone, blame Congress for destroying families by paying young girls to have babies as long as there is no father in the home. (No family and no religion and creating a dysfunctional society is the dream of all Communists!)

But there is a much bigger problem, which is that the Democrat/Communist cities are "Functioning Marxist Enclaves" with a well-paid "army" on call of 50 Million (43 Million able-bodied on welfare, and 7 Million illegal invaders). Note that I had a problem with the available estimates, as different sources use different estimates for the numbers I am using. As an example, the most conservative estimates I found would estimate a Communist "army" of 36 million. Regardless, this is a conservative estimate because I didn't include the millions of Lenin's 'Useful Idiots' that would be involved. Frankly, you could cut the number in half and it would make little difference in the outcome.

These Marxist Enclaves in the United States are unconstitutionally financed by federal taxpayers in the red (free) states).

The Communist goals have been mostly achieved, and federal taxpayers are paying for their own demise...all of it.

Contrary to the Constitution, federal taxpayers are paying for 43 million able-bodied indolent welfare recipients (cost \$.91 Trillion) and the millions of illegal invaders (estimated cost \$1Trillion).

This is a violation of Article 1, clause 9, section 9 and Article 3, section 1 and Article 1, section 8.

IT HAS BEEN IMPOSSIBLE TO FIND SOMEONE WITH THE FUNDS AND BALLS TO SUE THE GOVERNMENT, MUCH LESS AN HONEST COURT TO HEAR THE CASE. BUT IF YOU DID, YOU WOULD FORCE THE COMMUNISTS TO FINANCE THEIR OWN DAMN ARMY OF ABOUT 50 MILLION AND REDUCE GOVERNMENT EXPENSES BY ONE THIRD. First Amendment to the U.S. Constitution.

It is quite possible that we are financing a 50- million-man Communist "army" to take over our country (U.S. military is only 1.2 Million). How is this different from the Chinese who execute someone and bill the family for the bullet? This Communist "army" is dependent on unconstitutional welfare paid by federal taxpayers. If this Communist mob conflicts with well-armed patriots, it would be a blood bath eclipsing the civil war.

People wonder why the rulers are allowing about 7 million illegal invaders into our country at such great cost.

The answer is simple: to bankrupt citizens, destroy the country, and have an army of insurrection totaling 50 million. Government income is \$5 trillion, subtract about \$2 trillion (cost per citizen is \$ 6,039) for able-bodied welfare and illegal invaders comprising the Communist army for insurrection.

Both expenditures are blatantly unconstitutional, thanks to a crooked Congress and courts.

It is as simple as it is stark reality...either you get state legislation to use deadly force to protect your family and property from everyday criminals and Communist gangs, or you have a high probability of being dead.

In the meantime, arm yourself with an AR 15 or 12 Gauge to protect yourself, do everything possible to stop

unconstitutional federal funding of the Communist army, and avoid the Marxist cities.

The Parasitic Super-Rich Ruling Class (PSRRC) will lose trillions of dollars if our Republic is restored. They have killed millions and committed all manner of heinous crimes to maintain and continue their crime syndicate. May they burn in hell.

Remember that we live in a Republic, and we need to get it back. We don't live in a Democracy which always fails and is nothing but mob rule. Democracy in America only means the right to vote in a Republic.

God Bless You and the Republic.
