

Politicians that Take Big Donor Money Will Not Get Our Vote, It's A Matter of Loyalty

The simple fact is that any politician who takes money from big donors no longer represents you. They are whores. (Defined as “a person considered as having compromised principles for personal gain”.)

Politicians who take money from big donors are whores for the “Parasitic Super-Rich Ruling Class” (PSRRC), billionaire families and their Communist minions in ‘woke’ corporations, government, universities, and military flag officers (some flag officers are in fact warriors and not politicians, even though they lost every war in the last 77 years).

Every big donor has influence over elections greater than that of thousands of voters, effectively giving them control over the politicians in both parties.

A simple rule for voters is not to vote for any politician who accepts money from big donors. Politicians who accept money from big donors are owned by them, and the people can go to hell.

The actions of the Mainstream Media (aka Fake News) will always tell you who is owned and promoted by the big donors

(PSRRC).

They do this by giving face time to their choice, denigrating the competition, failing to allow information to be released that is not favorable to their whores (one example is the Biden Laptop scandal). You will also notice that all of fake news will simultaneously release the same talking points. Fake news reports are "Narratives" about political events, not the real news. A few 'woke' corporations own most of the fake news outlets.

Our founders knew how important a free press was to a Democratic Republic. Ours is not free; it is controlled by the people's enemy, the PSRRC and their Communist minions.

Fake News continuously reports and promotes actions that are detrimental to "We The People" through brainwashing and indoctrination.

Some examples are the Climate Scam, Electric Vehicles, Open Borders, Wind and Solar Power, Green Energy, promotion of no-win wars for profit, ignoring benefits of Tariffs, ignoring unconstitutional and criminal acts of elites, etc.

It is safe to say that the primary purpose of Fake News is to promote the Communist Objectives of the Parasitic Super-Rich Ruling Class (PSRRC).

One glaring example of the effectiveness of this Nazi-like media is its relentless attack on President Trump because of his promotion of the use of tariffs to return industry and jobs to America, and secondly, his opposition to no-win wars for profits.

Both of these actions would seriously erode the major profits of the PSRRC, but greatly benefit the people. As payback for attempting to thwart their schemes, their fake news has denigrated, smeared, insulted, and framed President Trump for a decade, effectively convincing their audience to hate him.

He is no saint, nor is he the only man to succumb to the power of women. I don't care how he walks or talks, he is the only person with demonstrated ability to save us, and doesn't owe his soul to the PSRRC's big donors, who fear and hate him.

Everything, and I mean everything, that fake news, Congress and the government have told you about the Ukraine war is a damn lie!

Our government provoked that war, promoted it, unconstitutionally financed it, and refused to allow peace. These facts can be verified by the words of Caitlin Johnstone, Col. Douglas Macgregor, and many others.

The unconscionable slaughter of soldiers and civilians on both sides is the responsibility of the United States Congress, no one else.

Why were the whores in Congress so eager to commit to the murder of innocent people, using our money and in our name? There was no way that Ukraine was a threat to our national security. Nor were any of the 31 unconstitutional conflicts our military lost in the last 77 years, none a threat to national security. The answer is simple, but damning. Congress funded this war, unconstitutionally with the people's money, so wealth could be transferred to the PSRRC's Military Industrial Complex (the big donors), with a fair share of the blood money for bribing Congress.

In the process, Congress destroyed the economies of both Europe and the United States. I can't begin to tell you how much I loathe and despise the whores in Congress and our judiciary for their treason!

We must all stand up to be counted and vociferously demand that Congress follow the Constitution. If you don't effectively and vehemently convince Congress to do right, you will be supporting a dictatorship and/or a Civil War, similar to the French Reign of Terror, and **it will be your fault,**

simple as that.

Your cowardly failure to even voice your objection to tyranny effectively will not be forgiven by those who fought for this country, or by your progeny who will live in slavery, if at all.

God Bless You and Our Republic.
