

President Hillary Clinton 2025?

By Lex Greene

June 22, 2024

The entire democrat party is reeling from their freefall from popularity as their poll numbers nosedive to all-time record lows. The word panic isn't strong enough to describe the level of fear sweeping across the country throughout the failing democrat party.

In the 2020 election cycle, Kamala Harris didn't add a single voter to the DNC Biden ticket, with less than 1% support in the DNC Primaries. After four disastrous blitzed-cackling years with O'Biden, she's even less popular today.

Meanwhile, [bumbling-stumbling Joe's](#) numbers are in the toilet, running double digits behind Trump across the country, including in the swing states now. Voters of all past political affiliation are running from the democrat party as fast as they can, jumping on the Trump Train in a desperate revolt against the O'Biden policies that have put our nation on the brink of extinction and made daily life unaffordable for most.

Now that Obama has had to come out of the shadows as the real President behind the curtain, just to make sure Joe can get on and off the stage without falling, or wander off to sniff little girls, the party is in desperate search for how to maintain political power and complete their mission to *fundamentally transform America* into a 3rd world member of the

Klaus Schwab global commune.

Harris never brought anything to the table and now, Joe only brings a rapidly growing voter revolt to the table. Obama has to do something to maintain course for [his 4th term](#) and fast.

[Enter Queen Hillary](#), back on all the talk shows and out giving her standard anti-American speeches to adoring female audiences across the country.

STEP ONE – Prop Joe up by any means necessary until November. Drug him up and flip the switch so he can read Obama’s message from a teleprompter, with extra guidance in an ear-piece sold to the unwitting public as just a hearing aid.

STEP TWO – [Replace Kamala Harris on the Biden ticket](#), with Queen Hillary before or at the DNC Convention August 19–22, 2024 in the Obamaland of Weather Underground, Chicago.

STEP THREE – Use Queen Hillary’s popularity with [abortion-lovers](#) to pump up Joe’s collapsing popularity by the November general elections.

STEP FOUR – Continue to use every dirty trick in Chairman Mao’s Cultural Revolution playbook, accelerate the [lawfare witch-hunt against presidential opponent Trump](#), while driving the nation deeper into bankruptcy via the [Marxist Cloward-Piven](#) strategies set in motion decades ago under the Clinton administration of the 90s.

FINAL STEP – If successful, Joe Biden will be eliminated by the DNC after the November election, making Queen Hillary the first female President of the United States.

Think it ain’t so?

What other option does the Democrat Party have? They need two things to hold onto their tyrannical political power in 2024...

1. They need someone on the DNC ticket who can at least

make it appear to be more popular than another Biden-Harris ticket, and who better than Queen Hillary?

2. You didn't think they flooded the USA with over [16-million illegal aliens](#) and work around the clock to get them voting rights for nothing, did you? They need massive election fraud!

Blue governed states across the country have been working feverishly to instate new election laws that will make it impossible for those states to offer legal voters in the state free, fair, lawful, secure and transparent elections. Specifically, Michigan, Arizona, Wisconsin, Nevada, Georgia, and Pennsylvania have worked in an illegal interstate compact to make it impossible to stop or even detect illegal votes in their states.

The democrat party has fallen from favor with voters across the political spectrum. Marxists don't think they are left enough, and Constitutional Republicans are sick and tired of watching them destroy the foundations of freedom, liberty and justice.

The people have watched them go after their political opponents in ways that have never happened in the USA before. That's why Trump's numbers jump up again and again every time the leftist controlled Department of Injustice or a George Soros DA or court strips Trump of his constitutional Rights, knowing full well that what they are doing to Trump is nothing compared to what they will do to average Americans, who don't have the resources to fight them.

Today's democrat party is the most undemocratic organization in America, making Hitler, Lenin, Stalin, and Mao look like alter boys in term of how Americans are treated by this extreme left regime.

Everyone knows the 2020 election was stolen from Trump...in fact, everyone around the world knows. The simple fact is

Trump received 11,239,147 more votes for his reelection in 2020, than his election in 2016...an increase of over 17%, and 8,370,461 more votes than Hillary Clinton allegedly received in 2016. He was 100% safe for reelection in 2020, had there been legitimate elections in 2020.

But the Obama regime has managed to block court access to more than a hundred legal challenges to date. In 2020, Biden, who never campaigned at all and stayed in his basement while Trump drew millions to campaign rallies across the country for years, allegedly received 15 million more votes than Clinton in 2016, a 23.4% increase over Clinton, without ever campaigning. It's a mathematical impossibility.

Still, they have to bring Queen Hillary to the ticket, because as it stands, Biden and Harris couldn't be elected local dog catcher anywhere in the country but a handful of extreme left sanctuary cities.

Females have voted overwhelmingly democrat ever since Roe v. Wade, on that single issue. Biden is losing in every voter demographic and their best chance to regain some support is to bring in Queen Hillary to recapture the pro-abortion female voters.

Hence, President Hillary Clinton by early 2025.

Who are the two most likely new VPs in this scenario?

- Democrat Party Vice Chair and Michigan Governor Gretchen Whitmer
- Democrat Governor of California, Gavin Newsome

I can't even imagine a more fatal event for the USA. But as of this day, it's the most likely scenario in my studied opinion...and news outlets are starting see the plan unfold too, If the American People don't muster the courage to stop it!
