

President Trump's White House Budget EXPOSED

On Friday, the Trump administration released their annual report to Congress on White House Office Personnel. It includes the name, status, salary and position title of all 377 White House employees. The report also said that Trump decided not to take a dime of his salary. Instead he donated it to an amazing cause. Now brace yourselves:

The report revealed that President Trump is far better at saving money than Obama. The total annual White House salaries under Trump are \$35.8 million vs \$60.9 million under Obama, a savings of \$25.1 million. Uh Oh!

There are some other key revelations:

There are 140 *fewer* employees on White House staff under Trump than under Obama at this point in their respective presidencies.

Thirty-nine fewer staffers are dedicated to The First Lady of the United States (FLOTUS). Currently, there are only five staffers dedicated to Melania Trump vs. forty four staffers who served Michelle Obama (FY2009).

However, it's what the report said Trump did with this salary that has everyone talking. Instead of taking his salary, Trump donated all \$400,000 to the Department of the Interior where it will be used for construction and repair needs at military cemeteries! AMAZING! It's so great to have a President who loves our brave military men and women so much!

Yep, this exposes Trump by golly !

Oh, and where's the media coverage of this? That's right, they don't cover anything decent that the President does. But this columnist DOES.

Our thanks to Bob and Geri Boyd, hosts of the Issues in Education National Radio Program who alerted us to these stats. Bob also painted the beautiful cover of my new book, God and Animals, showing Jesus kneeling down and cuddling a big dog. Available at AMAZON.

TWOFER TODAY:

Top woman scientist and inventor, Liza Hart came out of her laboratory to give her take on what the liberal agenda can accomplish FOR YOU. Take a look at the 'perks.'

With illegal aliens and complete socialistic ideas, San Francisco is a model of their accomplishments. They accomplished this in such a short time too. Follow them and the rest of the country can be just like San Francisco. The far left would be so proud of themselves.

Just think. You can have all the same qualities of life, have your streets looking the same; littered with garbage, feces, urine and needles. You can have the same amount of crime, drug abuse, illegal aliens committing murders and rapes. Hey, and you can give them your money if they don't want to work, they would love that. Why you can have all of those things they have. All you have to do is follow the Democratic leftist agenda !

With the far-left ideas of the Democrats, your city can just be like San Francisco one day! You just have to wait for it and it'll come to you. All you have to do is NOTHING. Don't stand up for anything that's right. Go for abortion, go for no borders, go for socialism, go for the green new deal and all of this could be yours too!

But it's a permanent deal. Once you are there, you won't be able to climb back up out of the hole you dug for yourselves and say "hello" to Venezuela while you're there.

THINK ABOUT IT. Do you really want this for you and your family? It's time to start praying and asking God's forgiveness, make changes for the better and pray it isn't

already too late!

(Liza Hart is an inventor who saves lives, having invented a medical device that helps blood flow, and safety devices to prevent tractors and ride lawn mowers from tipping over. She saves lives while the leftists destroy them)
