

Prism of America's Education: Can You Handle the Truth?

By Karen Schoen

June 14, 2025

For the last 20 years I have reported on Agenda 21. As a result, when I ran for office I was put on the Southern Poverty Law Center list of domestic terrorists. I was yelled at, called names, and had people walk out of seminars that I conducted. But it didn't matter. The truth is the Truth, and once you see it you can't unsee it! The truth doesn't go away. It doesn't change from person to person, from story to story, from show to show.

We created a wonderful group of patriots, called The Agenders (patriots exposing and ending Agenda 21).

I said we were like farmers sowing the seeds of the plan called Agenda 21. We were educating the people and asking that they share the message. Today, I can see that evil plan unfolding right before my eyes.

The Globalists are determined to Destroy our way of Life

They are determined to make sure that no one, except them, owns anything including their own lives!

It is the Goal of Globalists to own, and control, EVERY ASPECT of Human Activity.

I am happy to see that many wonderful American Patriots have decided that the truth is most important; owning their lives

and living their own lives is more important than living as a slave under the dictates of a technocratic group of evil criminals. We can no longer depend upon our government to bring us the Truth on anything. We prayed and we voted for Donald Trump, considering the circumstances and uphill battle, is doing an amazing job.

The tentacles of Agenda 21 are so very deep and so distorted. The Marxist youth of the '60s have become the rulers of today. They use the climate hoaxes to spread their warped and twisted ideology. Carbon dioxide is not the enemy. Carbon dioxide sustains life. Without CO2 we would be dead.

That is the Goal: Global Depopulation

Plants thrive on carbon dioxide. Animals thrive when plants thrive, because food is abundant. Fossil fuel creates energy, which is a source of power. According to these globalists abundant cheap energy cannot be given to the ordinary population.

Land cannot be controlled by an ordinary person, because it creates inequity. Therefore, the government must control all land. Everything, and I mean everything, will be systematically doled out to only those who continue to carry forward the distorted globalist message.

Remember their goal: DEPOPULATION. Less people, less problems. We must become Truth Warriors.

Their goal is the only thing that counts, and their goal is to depopulate the planet as quickly as possible.

On today's show you will hear about vaccines and the destruction that they are doing to humanity. They have turned humanity into a group of Lab Rats and we are subjects of their experimentation on all diseases known to man.

They lied, and tried to kill all of our cows for farting. They

killed millions of chickens, for no reason. They are trying to destroy our food with biochemicals. What we see is an attack on Humanity, because they hate Humanity.

To Globalists, we are too stupid, to be allowed to live!

How do we get rid of these people? We must continue to fight. Our weapon of choice must be Truth. We must fight the media, call them out and not accept their lies. We must fight for true elections, vetting people but recognize that no one is perfect.

If the candidate does not understand the goals of Agenda 21 or Agenda 2030, then they don't belong in office. We must do that by paying attention to our primaries. If we don't get the right people in office, the President's Agenda for the people stops. Our legislators in our states are stopped, and insane rules and regulations stay in the forefront.
