

Rashida Talib – What People Are Ignoring

By: Devvy

November 13, 2023

Never in all my adult life (I'm 74) could I imagine so-called Americans in the year 2023 would be screaming, yelling and rioting on college campuses and other public locations supporting the most grizzly, grotesque massacre the terrorist group known as Hamas pulled off, Oct. 7, 2023. In a heartbeat it became a massive protest movement in dozens of countries. Kill the Jews! Exterminate the Jews! Free Palestine! Protesters filled with hate are still going on as I write this.

One must remember this about Oct 7th: It was a holiday. *It wasn't during another episode of rockets back and forth.* Hamas committed an unprovoked attack. Got that? The fighting between Hamas and Israel has been going on what seems like forever. BUT what happened on Oct 7th was unprovoked. The target was babies, children, young women to rape and murder as well as innocent families doing nothing more than enjoying a day at home.

Probably just like the other side (Gaza strip), Palestinians going about their business and then BOOM! their world also explodes with death and violence. When the smoke began to clear, Israel warned the people of Gaza to get out now as they were going to send everyone of those Hamas butchers to hell.

No 72 virgins waiting. No pedophile Mohammed waiting with open arms. Their phony god, Allah, won't be there. Only hell. This is an accurate well-written article: [Truth about Mohammed: rape, murder, molestation, beheading](#)

"Mohammed was "a psychopath (with) Allah (as) nothing but his own alter ego," according to Ali Sina, ex-Muslim, webmaster of FaithFreedom.org. Islam's prophet Mohammed (various spellings are given to his name, some being "Muhammad") was the David Koresh and Jim Jones of his time.

"Mohammed's Allah's religious activism prescribed for his disciples? "Fighting is prescribed for you. . .it is good for you." Koran 2:216. That is the baseline of Islam: killing, fighting, slaying, murdering, slaughtering, leveling, conquering, overcoming for the bloodletting. The baseline includes Muslim slaying Muslim such as in "honor killing" – slitting the Muslim female's throat if Muslim males conclude she has dishonored the clan.

"Read the daily news to see the killing cult enveloping the globe. Millions upon millions are in this marching "Islam world rule" army. They threaten every democracy. And who is Allah? Allah is Satan for he is the antipathy to the Bible's loving God. When analyzing the Koran's god, one discovers the devil as described in the Bible: "father of lies," murderer, hater, insane, King of the Pit, Beelzebub, "that old snake," the Book of Revelation's "dragon," overseer of the lake of fire and brimstone."

Ali Sina continues, "Muhammad invented this bugaboo deity to fool people and ride them. Allah is no god. Muhammad was a deranged man. He concocted this whole lie to fool people. He was no different from Charles Manson." **Do take the time to read the rest.** And ask yourself this question: **What kind of religion forces you to be a believer or face death?** Not Christianity whatever denomination. Not Judaism. Only "Islam".

Regardless of whether you hate Israel or not, they not only warned the people of Gaza, they did it twice by dropping tens of thousands of flyers warning them to get out, get to someplace safe. At the same time, Turkey closed the border and said 'we don't want them' (the Palestinians). Following WWII and the atrocities by Hitler and his henchmen, "164 countries entered into the '[international humanitarian law](#)' "defining how wars are fought, balancing two aspects: weakening the enemy and limiting suffering.

"The rules of war are universal. The Geneva Conventions (which are the core element of IHL) have been ratified by all 196 states. Very few international treaties have this level of support. Everyone fighting a war needs to respect IHL, both governmental forces and non-State armed groups. If the rules of war are broken, there are consequences. War crimes are documented and investigated by States and international courts. Individuals can be prosecuted for war crimes."

As the world watched, Hamas gave the finger to the Geneva Convention's IHL. Every single one of them should be hunted down and brought before a court just like others before this, i.e., Croatia, Bosnia and Serbia. Well, knowing Mossad's reputation, few will make it to the court room.

People around the world were asking: What kind of animal does such a thing? They don't. Animals kill for food for themselves or babies. The subhuman beings who committed such atrocities on Oct. 7th words can't even describe other than they are thrill killers feeding off their hatred for Jews. Oh, they can use any excuse they want, but the bottom line is those terrorists were ecstatic raping women, beheading babies and outright wanton murder.

HAMAS (Islamic Resistance Movement) is a political and military organization (Palestinian Sunni) with their headquarters in Palestine and who govern the Gaza Strip. Sunni Muslims comprise 85-90% of Muslims who belong to the

POLITICAL PARTY known as Islam. Hamas became a spin off of the Muslim Brotherhood of the 1980's.

What's not being covered but should be front and center is the real goal of Islam: A world caliphate. Meaning the world will be governed by a caliph like the big guy, Allah. **Anyone and I mean anyone who doubts the goal of Islam is to rule this world is either delusional, stupid or so brainwashed they are hopeless.**

Muslims should NEVER have been allowed into America because if they are true believers of the slave mentality, hate and violence dictated by Sharia Law and their Qurān, they will work diligently to gain power. Unless you convert to their fake religion, you must die. Muslims, like communists, are taught to hate before they can walk. 40 decapitated *babies* on Oct. 7th did not insult Islam yet "Americans" have gathered for huge protests at colleges and on the streets excusing and celebrating such sadistic barbarism. [Nikki Haley Argues to Bring One Million Hamas Supporting Palestinians to the US from Gaza](#) – Where Over 68% of Population Supports Terror Strikes on Israel, Oct. 17, 2023

If you haven't read the book, [Londonistan by Melanie Phillips](#), (2007) you should because Phillips pulls no punches in proving to anyone who can read how dangerous and destructive Muslims would be to Britain. Her book was a warning to the whole world about Islam. The world didn't listen. **And here we are decades later. What Phillips wrote in 2007 has become reality over there and other countries foolish enough to allow Muslims, most of them illegals, to remain in their country.**

We are breeding the same vermin here, all in the name of tolerance. Every time I hear or read about "moderate" Muslims, I want to gag. There is no moderate if you're a Muslim. It's Allah's way or **you** must die in his name.

As the years have passed, the truth about that brutal form of

government has become a subject of major discussion in this country. While people continue to refer to Islam as a religion, I do not, which is my absolute right under the First Amendment. My personal opinion is that being a Muslim is nothing more than a being a slave to a violent, barbaric brutal form of government which demands everyone be a Muslim or join all non-believers in death.

By declaring Islam a religion, religious leaders in the Middle East and now here in America over the last few decades control their believers with the threat of some god named Allah. Allegedly, their "holy" Quran was revealed by a man named Muhammad. Many believe Muhammad was a pedophile. I have devoted a great deal of time reading about Islam and Muslims. Nothing I've read leads me to believe Muhammad wasn't a pedophile, he was.

It is now and always has been the goal of Muslims to force everyone on this planet to convert to their totalitarian form of government using religion as the controlling mechanism. No? How about [right out of the mouth](#) of a Muslim leader in the United Kingdom?

"You can't say that Islam is a religion of peace," Choudary told CBN News. "Because Islam does not mean peace. Islam means submission. So the Muslim is one who submits. There is a place for violence in Islam. There is a place for jihad in Islam." Choudary is the leader of Islam4UK, a group recently banned in Britain under the country's counter-terrorism laws. He wants Islamic Sharia law to rule the United Kingdom and is working to make that dream a reality. While Islamic radicals in the United States usually prefer to speak in more moderate tones while in public, masking their true agenda, Choudary has no such inhibitions. He has praised the 9/11 hijackers and has called for the execution of Pope Benedict. He also stirred controversy recently when video emerged of him converting a 10-year-old British boy to Islam."

One of the best short works on the history of Islam is by Dr. Peter Hammond. I had the pleasure of having dinner with Dr. Hammond in Washington, DC., back in 2004, along with my dear friend, Gen. Ben Partin (RIP). Dr. Hammond knows this issue like few others and his book, *Slavery, Terrorism and Islam*, is a must read. Dr. Hammond points out and **history clearly backs up his statement:**

"What few Westerners understand is that Muslim leaders who call for the overthrow of governments and the establishment of an Islamic superstate controlling all aspects of life, for every person on earth, are not necessarily extremists on the fringe of Islam. Jihad, the subjugation and forcible conversion of all people to Islam and world domination are, in fact, central tenants of Islam. Jihad is the sixth pillar of Islam."

As Dr. Hammond gives permission to copy reasonable text from his thoroughly researched book, here are a few pages just to give you an idea; [click here](#). Muslims and their clerical leaders will not stop until they achieve their goals and **it will be done with violence here in the United States as has been the case around the world for centuries**. Dr. Hammond's book is pricey on Amazon, but you can [order directly from their web site](#).

If you think Dr. Hammond is some sort of bigot, you would be badly mistaken. Many of the most damning videos of Muslims, raping, murdering and mutilating have been wiped by You Tube. Videos of what's been happening for decades now in other countries as Muslims bully their way into power for their eventual take-over of any country once they get enough power don't meet You Tube's "community standards".

It's disgusting how most are too stupid or brainwashed to understand just how savage the "religion" of Islam really is – as in throwing sexual deviants (homosexuals) off roof tops or slitting their throats in the public square. There are no

“human rights”, only hate and violence. Funny thing, though.

In Northern Afghanistan, old men parade around with their 10-13-year old little boy toys. Showing off their prized possession. They make me sick.

All the “progressive” women in this country barfing up the usual rancid stew about women’s rights in Iraq, Afghanistan and other Muslim dominated countries completely ignore the brutality of women living under Sharia Law.

Toilet scum like career criminal Hildebeast Clinton and the rest of useful fools all bellow we must respect Islam, a peaceful religion with a few bad apples here and there. Really? THIS is what your “peaceful” religion believes in: [Mutilating little girls](#) so sadistic Islamic men, cowards, make sure they will never experience anything other than being brutal chattel for their pleasure. Slaves to gutless men with low IQ’s from inbreeding. And no, anesthesia was not used to ‘cut’ that poor little girl.

This barbarism is still going on in these united States of America – most of it done underground. This is an 11-page must read: [Sexual Mutilation of Muslim Girls, Today in the United States](#):

“Female genital mutilation (FGM) was suddenly in the news in late 2018. A federal act, passed in 1996, that outlawed female genital mutilation in the U.S., was ruled unconstitutional by a federal district judge in Michigan (Bel-luck, 2018). This decision has cast a new spotlight on a little-known atrocity that is, in fact, being imposed on millions of women worldwide. Young girls, often without warning or consent, are being subjected to a life-changing surgery: the removal of their external sex organs.

“We have all probably heard of this happening, in the Middle East, Asia, and Africa. That is true, but it has begun to happen today in the United States to some young Muslim girls

who are American citizens. We will return to the case of these American girls, and the federal Court ruling made in favor of those who mutilated them, after looking at this issue from a broader worldwide perspective.

“Female genital mutilation is a subject that is difficult to speak or think about. To modern Americans, cutting off a young girl’s sexual organs sounds so grotesque, so bizarre and sadistic as to be hard to contemplate, let alone describe or discuss rationally...” “Genital Mutilation Is Exported to the West”

“Sadly, but realistically, there is almost nothing that we in the U.S. can do to bring to a rapid end the genital mutilation of young girls in Asia, Africa, and the Middle East. Among other obstacles, some there see ending FGM as a demand of Western Imperialism. A physician in Malaysia proclaimed “The problem of the West is that it is so judgmental. Who the hell are you to tell us what to practice and what not to practice?” (Chesler, 2017, p. 397).

“Because of immigration patterns, however, FGM is now an emerging issue in many European and Western countries. Muslim parents in Europe, Canada, and the U.S. are able to have genital mutilation done to girls secretly in private settings, or by taking the girls on “vacations” to be mutilated abroad (Chesler, 2017, p. 424)...

“Genital mutilations of young girls are now occurring in the United States. One female lawyer, who often deals with immigrant families, believes that New York City is “the capital of FGM in the U.S. Doctors usually see it when the women go into labor, and they do not know how to deal with the tremendous scarring” (Chesler, 2017, p. 356)...

“In Livonia, Michigan, a suburb of Detroit, nine young Muslim girls, transported from Minnesota, Illinois, and elsewhere in Michigan, were all subjected to genital mutilation (Belluck,

2018). The girls' parents, who ordered and paid for the cutting, and four doctors and clinic employees, were all members of a Shiite Muslim sect based in India, the Dawoodi Bohra. They were prosecuted under a 1996 federal law that outlawed female genital mutilation in the U.S. But, on November 20, 2018, U.S. District Judge Bernard Freidman, ruled the federal law to be unconstitutional (Belluck, 2018). The judge's ruling was based entirely on the matter of jurisdiction.

"He stated that Congress had no authority to address a "local criminal activity," that could only be penalized by state laws. All charges were dismissed against the eight adults directly involved in the girls' mutilations. This technical and narrowly-reasoned decision may be legally challenged on a number of grounds."

[Female Gentile Mutilation is illegal in the State of Texas:](#)
HEALTH AND SAFETY CODE, TITLE 2. HEALTH, SUBTITLE H. PUBLIC HEALTH PROVISIONS, CHAPTER 167. FEMALE GENITAL MUTILATION

However, it's still going on in Michigan: [Judge dismisses charges tied to Michigan female genital mutilation case](#), Sept. 29, 2021. Where the hell is the Michigan state legislature and governor all these years while this atrocity has been forced on innocent little girls? Well, certain parts of Michigan are now Muslim controlled: 2%. When a country or state is controlled by Muslims at a rate of 7% or higher, that's when they make their move and *it's never peaceful*.

[Country's first all-Muslim city council is elected in Michigan](#), Nov. 10, 2021. Keith Ellison is the Attorney General of Minnesota and a Muslim. Prior to that he served in the U.S. Congress which should never have been allowed. In 2022, a female millennial "progressive" (Marxist ideology) who is Muslim was allegedly elected to the George State Senate along with a slew of Muslims nationwide whose loyalty is NOT the U.S. or the U.S. Constitution. The goal is to continue

gaining power for a world caliphate.

BTW: Nabilah Islam is Bangladeshi. Supports killing the unborn, raising the minimum wage to continue killing jobs, fully supports sexual deviants (homosexuals, lesbians and all the other alphabet baloney genders). Being morally bankrupt gets her the Democrat vote. She hides what her "religion" forbids for votes. Not to mention her gushing support of the one of the biggest scams and lies ever: Climate Change. Nabilah Islam was endorsed by braying ass, AOC and wants to turn Georgia from blue to progressive (communist).

America: How stupid can you get to not only invite people into this country who hate you and everything our republic stands for, you vote for an enemy of We the People into positions of power just so you'll be seen as tolerant? Of course, when Muslims outnumber registered voters, the outcome is predictable. I believe it was in 2020, 70 judges who are Muslim were allegedly elected to the bench.

[MUSLIM TAKEOVER of a Michigan City](#)...coming soon to a community near you...if you let it, Jan. 11, 2022: "Driving through the Michigan city of Hamtramck and its plethora of Arabic signs, women in hijabs, abayas, and burqas, men in Islamic headgear, and the Muslim Call to Prayer being blasted from loudspeakers in the local mosques, will have you thinking you are in downtown Baghdad. Look at the all-Muslim City Council and newly elected Muslim mayors, and you'll believe you aren't even in America anymore. But this is just the latest example of how Muslims never actually assimilate into any non-Muslim country, they come to dominate and spread Islam...

"Muslim Americans were also elected for mayoral seats for the first time in Dearborn and Dearborn Heights. Over the past few years, Americans have gradually begun to realize that something is rotten in the state of Michigan. After numerous incidents, there is no denying: Michigan has a problem, and it's coming from their ever-growing Islamic community.

“By now, many Americans have heard the horror stories coming from certain areas in Michigan, specifically Dearborn and Hamtramck, which have become inundated with Islamic migrants and communities. In fact, Hamtramck is listed as a majority-Muslim city, and is governed by only Muslims, while Dearborn is considered the “Muslim capitol of the US,” at over 50% Islamic, and is home to America’s biggest Mosque.”

I highly encourage you to read this interview, by a Danish Psychologist: [‘Integration of Muslims in Western Societies is Not Possible’](#) from 2010. Anyone following the massive wave of crime and destroying the lives of native Europeans because of the Muslim invasion over there will see the author was 100% right about what would happen and *has* happened. Several years ago, the European Court ruled insulting Islam is not free speech. *Think that isn’t coming to America?*

Muslims will not integrate into Western society because it isn’t compatible with their Quran. Those poor people are brainwashed from the moment they begin to understand their native language. Does that mean I hate Muslims? **No. As I’ve written many times, I feel sorry for any man or woman brought up in such a barbaric, totalitarian hell, being forced to believe Islam is the only “religion” on earth and all non-believers must die.** I do hate terrorists no matter who they represent because they’re cowards who kill at will.

Americans continue to ignore this about the so-called Squad. **A disgrace to our U.S. House of Representatives.** Redefines the definition of dumb, Marxist Alexandria Ocasio-Cortez [NY]: [Video Shows Ocasio-Cortez Is An Actress Who Auditioned To Be Congresswoman By Dem Group](#), March 16, 2019. AOC is also a member of the Democrat Socialists of America.

Ilhan Omar [MN], Muslim Somalian born America hater who married her brother and Republicans have let her get away with it. Incest is best for Muslims; inbreeding has been going on for millennia. Another racist who hates white Americans and

our Constitution: Ayanna Pressley (MA). Pressley is another stinking Marxist who hates Jews. And last but not least, skank Rashida Tlaib [MI], a Muslim Palestinian who hates Jews and America with a passion. She is the worst of the group.

Tlaib should NEVER have been on any ballot for any office in this country.

Following the 2018 selections, er, elections, those four pieces of excrement with lightning speed became a force within the Democrat/Communist Party USA. They gained unbelievable power in Congress bullying members of their own party always using the gender, race or religious card. They've been vomiting up their hate on a daily basis since they were sworn into office. **BIG money has poured into their campaign coffers by America hating organizations around this country every election.** Well documented. This is what Americans need to pay attention to – those America haters are being elected into positions of power and they intend to use their power to destroy this republic.

Who would vote for such human garbage? Districts with large numbers of Muslims who hate OUR America and ignorant, stupid voters in AOC and Pressley's districts who vote skin color. **Shame on those voters for being part of the planned destruction of our republic.** The arrogant "Squad" should remember these words because when the Masters of the Game are finished using you, they will take you down:

"No man survives when freedom fails, the best men rot in filthy jails, And those who cry 'appease, appease' Are hanged by those they tried to please."
