Divided, Both Sides Lose. YOU can Help to bring Americans Together in the Cause of Freedom

Party labels are dead and gone. The old terms, "R", "D", "I", and "L" have been rendered meaningless by the precipitous slide to the left of the DC corporation.

Gone is the party of the "common man". Gone, too, is the party of moral and fiscal conservatism. Part of the national angst is people searching for their old party allegiances. Voters are confused and angry, and it's all according to plan.

We only make it worse by continuing to lean on those outdated tags in every reference and conversation.

Anger has been stirred among us by the purposeful and forced divisiveness of which we have all become the target. Everyone is sick and tired of being called "racist", "sexist", "(fill-in-the-blank)-phobe"; "hater", "Commie" and so many more. This has gone on for over a decade and everyday, it gets worse. These hostile, and in most cases, unwarranted names divide people, and the division will prove fatal to our Republic if we let it continue.

Bold-faced lies pass for news coverage. Utter insanity is afoot in our government at every level., boldly and openly.

But, make NO mistake. We are being divided so that we can ALL be conquered.

To keep this greatest of treasures, our freedom, we MUST forge new allegiances with others who value their freedoms, regardless of how any of us has ever voted in the past.

So, please step up. Re-train yourself to stop thinking in terms of explosive labels, and to stop using them in interaction with others.

Our only choices from here on are the Constitution or Communism. Period.

When put to the “other side” in these terms, people “get it”, even if not right away. Both sides want to keep their freedoms, of that you can be sure. No one votes themselves into totalitarian control.

Ask a liberal family member or neighbor if they support Communism. Step back to avoid the flying spittle, and see how fiercely they deny it. OK, it’s not always easy on the first attempts, but it eventually begins to sink in. Our Constitution and rule of law are in rapid decline, a fact that is very readily apparent to 90%+ of Americans. They know it. They feel it. The Left is beginning to cry for “law and order” to quell the lawless society they’ve created. MSM even talks about it, when you listen closely.

Lose those terms, “Republican”, “Democrat”, “Libertarian”, “Independent. It will help to raise the tent flaps and gather more folks to the cause of freedom. **Remember: Death squads and internment camps won’t check for party registration.**

PS: If you think I’m kidding, you can check what Gov. Bill Lee (R), of the “red state” of Tennessee did during the last Scamdemic. Lee authorized the activation of internment camps and the construction of more, “to sufficiently confine all persons who refuse to be examined, treated, isolated, or

quarantined” (TN Code ANN.S68-9-205). He also invited federal troops into his state to control the masses. There were his Executive Orders 83 and 90, in case you want to look them up. Check your state’s executive orders, now temporarily “expired”. Red state or blue, they’re coming for us, and they prefer us to be divided.
