

Resist Tyranny Effectively, Legally, and Safely...Which I Did

By Andrew C. Wallace

March 1, 2023

The primary concern of Patriots is how they can resist tyranny in an effective, legal, and safe manner. [In my last article](#). I explained how to do it, making it as easy as possible by including a boilerplate of all required information. It was also necessary that I inform readers of the Constitutional legality and jurisdiction of various departments, laws, orders, edicts, etc. I felt like I was back in college teaching what students had never before been taught.

Citizens must demand proof of jurisdiction of the specified nine unconstitutional departments (not a complete list). I have listed them with names, addresses, and a form letter to use. If enough citizens call them out for having no authority under the Constitution of the United States, they can't rule even with the barrel of a gun! Citizens who are too lazy and cheap to call out nine unconstitutional departments that are sucking the life out of us are not Patriots, or deserving of the benefits of freedom. Freedom is not free, and the capable who sit on their asses won't get it, nor will they deserve it.

The preceding is only the tip of a gigantic fraud that started before the founding of our country. The Parasitic Super-Rich Ruling Class (PSRRC), wealthy Families then and now, have been systematically raping the people of their income and wealth.

The PSRRC does this by concentrating all power in the federal government, in direct contradiction of The Constitution, The Supreme Law of The Land.

Most of our Elected Officials are being bribed and controlled by the 'woke' corporations taking orders from the PSRRC. They impoverish us by using our money to wage no-win wars for profit, murdering millions of innocents, and destroying entire countries. They print fiat money to finance wars and to rob the people even more with inflation. This is exacerbated by paying 30% of the labor force not to work.

Lenin's "Useful Idiots" actually believe that government can and will pay them a living wage for doing nothing, which is economically impossible. The truth is that the PSRRC and their Communist minions have already laid the groundwork for them to starve and die. Read about Stalin, Mao and even China today.

Elected officials are only effective at graft, selling out the people, lying, and money laundering. Our elected officials are the lowest form of life; they are greedy, corrupt, contemptible, traitorous, lying SOB's, but some are just ineffective or ignorant cowards. I think you get the message—half of the people know the truth and detest them.

Our incompetent Military Flag Officers have not won a war in 75 years. Who answers for the needless dead and catastrophically wounded? Not the politicians nor the Military Industrial Complex (PSRRC) who profit from the wars that reduce our standard of living but enrich the PSRRC. The people bury their dead and care for the wounded while deciding between the purchase of food or fuel or medical care.

Our greedy government wants total control of you and your money, restricting what you can spend your money on. Government could cut off your money supply at any time (even now, banks can take your deposits when they deem it needed!). Our present system is unconstitutional, and the new plan for

digital money would be more unconstitutional! If you have a choice between Civil War and the "Total Slavery of Digital Money", you would be far better off with Civil War. No, FBI, I am not advocating Civil War. The People will one day decide.

The Bill and Melinda Gates Foundations are the epitome of the unlimited evil wrought by Tax-Free Foundations.

These organizations were promoted by the PSRRC as a tax-free haven to protect and grow their wealth forever, giving them TOTAL POWER. Certainly, some small foundations do good work, but their efforts are dwarfed by the massive evil of the leaders. Tax-Free Foundations are the greatest threat to our freedoms, and if allowed to remain, have demonstrated the willingness to kill us all in depopulation programs. Tax-Free Foundations must be terminated!

Our Federal Judicial system is a compromised, complicit disgrace, period. One saving grace is that when the federal government is reduced to its Constitutional functions, as outlined by the Enumerated Powers, there will be no need for most of these courts. The powerful can violate any law with impunity, but they will throw away the key on ordinary citizens. Our Republic will not return until the powerful criminals are in prison and the FBI is terminated!

In my next article, I will explain how we can prosper with living wages for all, in accordance with our Constitution, without an income tax. No pie-in-the-sky, just proven facts from our history. Hint: Love him or hate him, President Donald Trump was bringing on this level of prosperity for the people in the face of total opposition and hatred by the PSRRC and their Communist minions in 'woke' corporations and government. The people, not the PSRRC, would prosper and rule again under the Constitution.

My purpose in writing is to give patriots the knowledge and ability they need to LEGALLY RESIST the unlawful usurpers of

our Republic who rule by the barrel of a gun and not by the Constitution. I have long since learned that it is impossible to inform Lenin's "Useful Idiots"; they can only learn by starving, and history reports that they will soon get that opportunity.

God Bless Our Constitutional Republic!
