

Resurrecting sixties radicalism to silence Trump

It is sobering to reflect that one of the best ways to get yourself a reputation as a dangerous citizen these days is to go about repeating the very phrases which our founding fathers used in the struggle for independence. –Charles A. Beard

We need a revolutionary communist party in order to lead the struggle, give coherence and direction to the fight, seize power and build the new society. Bill Ayers, Weathermen Underground

Threats Against the Trump Family

Yesterday the news hit that Eric Trump's wife received mail containing a white powder and a threat to the family, unless Donald Trump quit the campaign. Law enforcement agencies are investigating the threatening letter sent to Donald Trump's son, Eric, at his Manhattan residence that said the GOP presidential front-runner's children are in danger if he doesn't drop out of the race. The letter stated, "If your father does not drop out of the race, the next envelope won't be a fake." It was signed "X," according a law enforcement official who saw it. [[Link](#)]

✘ What so few of the ignorant and brainwashed commie protestors don't know is that the entire Trump family is not only generous to a fault, but gives more to society than any of the other candidates. Remember Cruz hasn't even given 1% of his income to charity. The [Eric Trump Foundation](#) alone has given over \$20 million to St. Jude's, the children's cancer hospital who does not charge the parents, and who treat youngsters with the toughest cases. Often times they find cures.

The 60's Commies Are Back!

Dr. Rich Swier had an article out today that exposed the 187 organizations directly funded by George Soros who are attacking Trump. [Take a look at this amazing article.](#)

As I write this, there are protests at Trump Towers in New York and protests in Arizona. I hope the police will cart them all off, but this is a different time; it's not the time of JFK or Reagan.

✘ The highway was blocked by a few dozen people, and closed for over an hour with cars lined up for miles trying to get into Trump's rally in Maricopa County, Arizona. Protesters were arrested for blocking the roadway, but there weren't that many of them. Sheriff Arpaio who was there to introduce Mr. Trump, said, "The main mission is to make sure Donald Trump is secure, protected, and also everyone else in the town." [[Link](#)]

In New York, the protestors, which included (illegal) immigrants' rights activists, students and socialists, (read Communists) gathered in Columbus Circle near the Trump International Hotel and Tower. Understand that Soros recruits these protestors by paying them \$10 to \$15 an hour. They come from areas of deep unemployment, and these people are easily manipulated by the lies of the MSM.

The reality is the Mr. Trump's policy plans with trade and immigration would open up more jobs, especially those in the black communities. They are protesting against their own futures which would be rebuilt with Trump's policies.

They then marched across Central Park South to Trump Tower on Fifth Avenue where Trump lives before returning to Columbus Circle for a rally. Here's what some looked like; many were young people who have been propagandized by the socialist professors in today's universities and colleges. They have no concept of free speech, freedom, liberty, or America's Constitution or Declaration of Independence. They are brainwashed into believing anyone who doesn't believe as they

do should be silenced, and that is pure communism. We can thank two entities...our own communist infiltrated federal and state governments, and our infiltrated and neutralized pulpits.

✘ Protesters to America: “We’re not going to live under your choice for president, you’re going to live under ours”

If you do not believe we are dealing with the Communists on the left, on the right, and in the media, then ask yourself why all the establishment globalists want to stop Donald Trump. [McCarthy was right](#), and today we’re seeing the end result. The New World Order globalists all hate Trump, and their desire is to squelch his free speech to Americans who love him, to Americans who he resonates with, to Americans who want our country restored to her glory days. They hate him so much that if he is nominated, they have stated they will vote for Hillary Clinton. They would rather a corrupt, lying, thieving, murdering woman be in power than someone who would turn America around. This is what Mr. Trump is dealing with, and I would hope by now the American electorate would wake up to that fact.

TPP Tries to Still Free Speech

GOP establishment loving, [Jenny Beth Martin of Tea Party Patriots, tried to claim at CPAC that Donald Trump was trying to limit free speech](#). She said, “The right to speak freely without reprisal is enshrined in our Constitution, and when I hear a candidate say he wants to mess with our rights to free speech, I fear for our Constitution.” What double speak you hypocrite! If you loved the Constitution as much as you say Jenny Beth Martin, you wouldn’t be pushing for its destruction with another Constitutional Convention.

And Jenny Beth, if you really feared for free speech you’d be violently opposed to the communists leading the propagandized college youth and paid Soros unemployed to protest against the

free speech of Donald Trump. But where the heck is your voice for Trump's free speech? It's unheard, and we've known exactly what you are since your very inception.

Communist Hatred on Display

This short film is eye opening and shocking. If you want to know the true intentions of the Chicago protestors that shut down Trump's rally, then you need to hear it straight from their mouths. It's nothing more than radical leftists attempting to silence the opposition.

Rebel Pundit's, Jeremy Segal and Andrew Marcus, directors of the motion picture [Hating Breitbart](#), documented the "protest" on film, including an interview with [Bill Ayers](#), a founder of the violent [Weather Underground](#), who discusses the motivation behind the premeditated and well-funded demonstrations.

Watch this seven minutes of exposed filth if you can stand it. Their message? We all have to live under their choice for president:

Soros Plans More Violence

From The Horn News, "[Soros Planning Ten Day anti-Trump Protests](#)":

✘ The same anti-Donald Trump protestors who scheduled violent demonstrations in Chicago are plotting their most ambitious plan yet.

Funded by billionaire liberal George Soros and big union thugs, they're organizing a mob of thousands of radicals into "one of the largest civil disobedience actions" in American history.

Their goal: march across the East Coast in the thousands and spark a "fire that transforms the political climate in America" by taking over the U.S. Capitol Building.

The new left-wing group is calling itself Democracy Spring, and is receiving help for their plan of “action on an historic scale” from the usual suspects. Leading the charge is noted liberal group MoveOn.org, an organization funded by Soros that recently played a key role in shutting down the Trump rally at the University of Illinois.

They’re not alone. The country’s largest labor union, the AFL-CIO, has announced they’re “all in behind Democracy Spring.”

Also throwing their weight into the plan are over 115 labor unions, socialist groups, and other radical leftist organizations, some of which have also been implicated in disrupting Trump events.

Democracy Spring’s announced plan involves meeting up for a mass protest at the Liberty Bell in Philadelphia in early April, and then sending waves of protestors on a 10-day march into D.C.

Once in our nation’s capital, the group has announced their intention to invade the U.S. Capitol Building on April 11th with over 2,000 fellow radicals, which the group has announced training sessions for leading up to the protest.

While they claim the intent of the protests is to return government to the people and remove special interest money (especially ironic given the participation of labor union), critics see a more nefarious purpose. In short, Soros and his liberal pals are attempting to activate thousands of potential activists ahead of the 2016 election.

“We will make this election a referendum on whether our democracy should belong to the People as a whole or to the billionaire class alone,” the group said in a release – one that was likely paid for by billionaire Soros.

Conclusion

Remember that GOP candidates Kasich, Cruz, and Rubio all sided

with Soros and Ayers stating that it was Trump who caused the Illinois protests at University of Chicago. (Personally, I'd love to know who scheduled a rally at that bastion of communist ideology, as it's the last place I'd want to go.)

How very sad that communist billionaire Soros and the likes of Bill Ayers are not repudiated by the GOPe, the DNC and the MSM, and especially the other GOP candidates. What does that tell you?

Watch this new ad by Trump, he even calls out Soros!

Ephesians 6:12 says, "For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places." This is so very true, and many of these 'rulers of darkness' are the two-legged variety.

Truly, evil comes in many forms, but the evil I'm seeing today I have seen before. Many have said we need to form our own protests, and perhaps that will happen.

Instead, I'm calling everyone I know into deep prayer. We truly must be on our knees against the powers of darkness, for the protection of Donald J. Trump and his family, for our failing country, especially for the unborn babies, and for the American people to be heard in this election. I believe with all my heart that God has given us a chance to change our direction, but it is up to us to follow through.

Thanks to the diligence of Paul Walter, CEO of NewsWithViews, many ideas for my articles have come from him. Paul immigrated from communist Yugoslavia, providence of Slovenia, and therefore he sees more clearly the dangers to our Republic than those who have always known free America as home.
