

Ron DeSantis: A Globalist in Patriot Clothing?

By Kat Stansell

With his back to our flag, DeSantis rules Florida.

Ron DeSantis creates his public persona through his public comments – press conferences and releases – in which he says what the people want to hear. The sleight of hand he pulls on his constituents is perhaps his greatest political skill. I.e., he lies with a big smile and (some) people believe him. What he doesn't want you to know, he keeps back.

Just like the wolf in sheep's clothing, DeFraud bleats softly and dons a fluffy suit. He gathers people in with this; he looks so harmless, folks say... They couldn't be more incorrect.

From his “poor blue collar boy from Jacksonville” image, to his red, white and blue lights under the bridge to replace the rainbow colors, he says what people want to hear. I've written about him and his various “dog and pony shows” for several years. To review, please subscribe to this substack, <https://www.substack.com/pat4evr>, and dig in.

The REAL
Ron
DeSantis
is to be
understood
by what
he
doesn't
say, the
issues
about
which he
stays
silent,
the bills

he actually signs, after last minute legislative manipulations to change them from what he just told you he'd promised.

Two bills, SB7050 and SB 252, now law in Florida, are prime examples of DeTreachery behind DeFace. Floridians remember them. The "election integrity" law makes machine voting MANDATORY, drop boxes/early voting encouraged, and any public audits/questioning of election processes or results, an illegal activity. The medical "freedom" bill, SB252, simply ended the Covid emergency, when it was already over didn't stop payment to hospitals for Covid deaths!) but gave Floridians NO protection from future mandates from the WHO or the DC cabal.

The latest glaring non-statement from DeSilence concerns the actions of his RPOF, which has recently taken legal action against Judeo-Christian constitutional conservative organizations in the state, who dare to use the word, "Republican" and the elephant as a symbol. This, of course, has NO basis in law, just in the minds of the persecutors. (Remind you of goings-on in the District?)

The RPOF has also removed a party regular delegate to the RNC

national convention from any key committees. [I published his statement which he released, on the treachery.](#) His crime was to believe in the people (aka “grassroots”) and an avid Trump supporter.

Where IS DeGov on all this? His silence is deafening, and shows his support for the purge of true conservatives/Trump supporters from the state party organization.

In the words of the Florida Phoenix back in 2020, [“He’s got an attitude about open government and he’s got an attitude about the press,”](#) (Barbara Peterson, 25-year head of the Florida First Amendment Foundation) said of DeSantis. [“And they’re not good attitudes, to my way of thinking.](#)

The RPOF does NOT support Donald Trump or his supporters. That doesn’t take a short guy in heels to announce. We get it.

In a time in our history, when unity against our country’s enemies is the sine qua non of our living in a free country, the RPOF has taken cause with the enemy.

Florida, YOU are the only ones who can change this, and time is short. Heat up Twitter, the internet and the phones to Tallahassee. The RPOF is planning something, I honestly believe. The possibilities are wide and dark. Let me know what you think they are doing. Hint: it’s probably NOT pro-American.
