New World Order Chaos

The term 'New World Order' has been mocked by the prostitute media as nothing but conspiracy theories for decades. Never mind George Bush, Sr., promoted a world government 162 times he was in office. Imposter president and malignant narcissist and liar, Hussein Obama, promoted it. The current illegitimate mentally absent president, Mr. Sniffer, who loves to paw little girls and young women, Joe Biden, has been on the garbage truck for a long time.

On June 29, 1992, Biden gave a speech on the senate floor titled: *On the Threshold of a New World Order, An American Agenda for the New World Order, Fulfilling the Wilsonian Vision*. In his treasonous speech, Biden said:

"Although President Bush (Sr.) called the New World Order a "big idea" one may surmise that the President did not follow through with the concept of a New World Order because he had not thought it through (in Iraq, 1991)....Instead, I shall urge that we revive the concept of a New World Order, rescue the phrase from cynicism and invest in it a vision that should become the organizing principle of American foreign policy in the 1990s and into the next century."

The [Tri-Lateral Commission](#) and [Council on Foreign Relations](#)

have been around a long time. Their goal is to rule the world. Control everything in our lives. A world government where you and I will no longer have our God-given rights but must answer to foreigners at the Hague or where ever they decide will be the world capitol. No need for our military, hired thugs representing the UN and its member nations will replace them. The United Nations (UN) has never kept peace anywhere on this planet because that's not the goal. War is BIG business.

One of the most difficult things truth tellers run up against is Americans who have no knowledge about the roots of the global elite and how they are destroying, not just America, but the world. I can tell you from experience, as soon as you begin to give a history of the evil that built the house of horrors we are living in right now, the average American, due either to political party loyalty or denial, simply does not want to hear the truth.

Probably half the adults in this country have no interest in learning the truth. More fun to text meaningless blather on their fancy phones and so many other distractions. Too many are so under-educated they simply cannot process the information nor apply critical thinking to understand. Besides, if they did fully understand just how close we are to losing everything, they might have to get off the couch and help save this country.

As the late, former Congressman from California, James B. Utt, said in 1962: "[None are so blind as he who cannot see](#)". Sadly, millions of Americans would rather willfully believe lies. Don't disturb their comfort zone. They can't believe, having been sold a bill of goods, that Marxists like Barry Soetoro, aka Obama, is anything other than some brilliant problem solver who just loves all the poor folks. If they did, they'd come to no other conclusion: our beloved republic is being systematically destroyed by domestic and foreign enemies. Prominent politicians, dynasties as they're called, and

traitors like Bill and Hillary Clinton. See my column: [The Marxist Influence](#). And speaking of old douche bag, Hildebeast Clinton and her serial adulterer husband, they aren't going to let a new crisis go to waste.

Yep. Hildebeast wants to make sure women in Ukraine have access to murdering their unborn baby under the label 'reproductive care'. Those two never miss an opportunity to line their pockets and after a few years of luxury living, they probably feel it's safe to re-emerge as Santa Claus: [Clinton Global Initiative announces new proposal to help rebuild Ukraine, provide humanitarian support](#), Sept. 18, 2023

Just as they sold themselves as guardian angels to the desperate over in Haiti: [How the Clintons robbed and destroyed Haiti](#), Feb. 18, 2020. A breakdown of how they vacuumed up tons of filthy lucre for themselves while screwing the poor people of Haiti for decades.

Over many, many decades there's been tugs of war for power, but in the end, the goal is the same: forcing America into a one world government, one world religion, a one world banking system that is already collapsing under the weight of unpayable debt as the banking cartels loot this country to bare bones and a world government military.

In 1947, newspapers wrote about a secret new constitution to replace ours. 1972. Richard Nixon met with Chou En-Lai in Shanghai to cement a new world order. Headlines: "Obama to Usher in New World Order at G-20." George Herbert Walker Bush, addressing the General Assembly of the United Nations, Feb. 1, 1992 said: "It is the sacred principles enshrined in the United Nations charter to which the American people will henceforth pledge their allegiance." I didn't pledge my allegiance to the UN, did you?

One organization that's become the focus of those exposing the true agenda of the global elites is the World Economic Forum

headed up by a very evil man, Klaus Schwab. My governor (TX), Greg Abbott, is an associate member of that freedom hating organization. Their goal is transhumanism so they can control everything about you – even what you think. And, their own words: You will own nothing and be happy.

No more elections, open borders – good-bye sovereign united States of America. Their agenda is truly diabolical. Their ‘partners’ or ‘associates’ are big names from the Hollywood crowd as well as high level elected politicians from around the world including the U.S. The WEF has a Young Global Leaders program that grooms naïve young people from around the globe to go home and spread their poison locally. Big names like Leo DiCaprio, Elon Musk. From the U.S., Canada, Communist China, you name the country. **The WEF is a cancer that must be destroyed before it destroys us.** Strip them of their power and money: I will not comply. I’m encouraged by the number of organizations world-wide made up of ordinary people who are rejecting the goals of the WEF. Quite vocally.

The fall of the Soviet Empire was to end communism among other agendas. But, of course, that was more propaganda. The Communist International simply changed how they marketed their evil. Thanks to Richard Nixon, America excused the mass murderers in China’s CCP in their \$1,000 dollar suits. The NY Times (all the news that’s fit to fake) said regarding Nixon’s handshake with Chou En-Lai that it “symbolized the end of American ostracism of his Communist Government.”

Yep. The same Communist China (as well as Russia) [that supplied weapons to kill our soldiers in Viet Nam](#) which is now a communist country. Russia and Communist China have been in bed together for decades. Putin and the Butcher of Beijing, Xí Jìnpíng, are tight business buddies. They are determined to use each other to protect *their* sovereignty and *their* culture while China’s moving in on other countries like America.

But, Putin is hopping mad at the moment. He obviously perceives Klaus and his merry band of vile crazies to be yet another threat to Russia and their people.

[Putin Warns 'Globalist Terrorist' Klaus Schwab His 'Days Are Numbered', Oct. 6, 2023:](#)

"World Economic Forum (WEF) founder Klaus Schwab is a *"globalist terrorist"* who is *"holding humanity to ransom"*, according to Russian President Vladimir Putin who warned the elite that their New World Order has failed and their *"days are numbered."*

"Russian President Vladimir Putin delivered a speech on October 5 at the plenary session of the 20th meeting of the Valdai International Discussion Club in Sochi and emphasized the tectonic and irreversible shifts taking place in the global order.

"According to Putin, globalists including Schwab and his close advisors are *"legitimate military targets"* because they have been actively attempting to seize power illegally via a globalist coup d'etat.

"Sixteen years ago, at the 2007 Munich Security Conference, Putin told Western leaders that the natural type of international system is multipolarity, clearly showing that Russia would oppose the creation of a New World Order based on the international liberal rules-based-order aggressively pushed by the globalist elite and their liberal politicians in Western democracies.

"The moment of truth has come, according to Putin, and the global elite's plans for a New World Order are receding in front of our eyes while a new multipolar world, in which traditional cultures retain their heritage within their own borders, is rising like a phoenix. Putin Outlines Six Civilizational Principles For the Post-NWO World".

NO American elected politician – I don't care if its just a mayor – should have anything to do with the WEF. Americans must stop using their wallets to enrich these power mad insane wanna-be proxy dictators.

[Russian President Putin makes keynote speech in Sochi](#), Oct. 5, 2023. This is a short read but quite worth the time. And don't waste your time sending me email: You support Vlad Putin, shame on you! No, I'm giving you factual information so you can analyze it.

China denies supplying Russia weapons for their war with Ukraine but you can bet they have. You see, it all boils down to money and oil. *China doesn't give a tinker's damn where the oil comes from*, just as long as it goes to them to run their slave factories to churn out junk toys, expensive tennis shoes and just about everything else Americans purchase. Russia is all too happy to oblige. There are thousands and thousands of small to medium sized businesses who sell Made In America who want your business, you just have to find them using a search engine.

This geopolitical order is all about *they have something I need*. Oil. Natural gas. China controls 85% of rare-earth minerals" needed for those EV's no one wants. The savage, God-less Taliban is sitting on about \$1 TRILLION dollars-worth of those minerals and guess who they want to crawl in bed with? The CCP. But those mentally deficient hot shots over in Afghanistan had better be careful lest they find themselves in quick sand. Communists ALWAYS lie. It's in their blood. They'll wine and dine with diplomacy only the wine is fatal.

Russia has a massive inventory of diamonds which they've been using to restock their military hardware. Not to mention, like China, a whole lot of gold.

China's goal is to infiltrate countries around the world and spread their toxic ideology while enriching CCP's coffers.

They're doing it through trade: [The New Silk Road, China's controversial great strategic plan, turns 10 years old](#) – Beijing defends a decade of global benefits from the program, but critics warn of spiraling debt for developing countries

Russia and China began their sales pitch about creating a new global world order back in 2022.

[Russia says it's building a new "democratic world order" with China](#), March 30, 2022: "Our striving for peace has no limits, our upholding of security has no limits, our opposition towards hegemony has no limits," Wang said...

"Some forces representing a minority on the world stage continue to advocate unilateral approaches to solving international problems and resort to power politics, practice interference in the internal affairs of other states, damaging their legitimate rights and interests, provoking contradictions, disagreements and confrontation," the February statement said.

"Democracy," they declared, "is not built on stencils. Depending on the socio-political structure, history, traditions and cultural characteristics of a particular state, its people have the right to choose such forms and methods of implementing democracy that correspond to the specifics of this state. The right to judge whether a state is democratic belongs only to its people.

"China and Russia made it a point of saying in their joint statement early this year that they had reaffirmed, "their firm mutual support in protecting their fundamental interests, state sovereignty and territorial integrity, and oppose the interference of external forces in their internal affairs."

China's Communist Party works diligently for Satan. Evil to the core, but "American" companies and corporations have no problem setting up shop over there for cheap, slave labor. They could care less China forces their citizens into re-

indoctrination centers. They could care less that the CCP controls all businesses and corporations over there. Money, money, money is what they care about. And power. They don't get my money and haven't for decades.

Putin is no choir boy and I'm not defending him. But, his justification for going after Ukraine has everything to do with NATO expansion encroaching too close to his country's border. The divide in this country over Putin vs Ukraine is unbelievable. The American people have been sold nothing but lies. Hell, most of them screaming, yelling and throwing millions to help the people of Ukraine have ZERO understanding of the history between the two countries and probably can't even find Ukraine on a map.

War is ugly. The death and destruction continue over there led by an egotistical manic, former comedian and crook, Zelensky. It's horrible. The dead and maimed on both sides.

Ukraine's troops being slaughtered is referred to as the 'meat grinder'. In April 2022 right before Russia launched its military offensive, it could have ended. Oh, no, Zelensky (who used his penis to play the piano to his audience while on the road in his former "career" as a comedian) said: I want in NATO and that's that. NATO is nothing more than a damn war factory for profit.

Zelensky just expects the U.S. to continue pouring hundreds of billions of BORROWED dollars with the debt slapped on our backs, our children and grandchildren into his reckless, stupid war. Zelensky knows where all the skeletons are buried and Democrats can't allow exposure to all the money laundering. Not even Congress at this point knows where the \$200 BILLION plus has gone so far.

And now we are watching more chaos and hell following the unprovoked attack by Hamas against Israel. No doubt those savage terrorists received financial backing from Iran who fund terrorist organizations like Hezbollah and Hamas. Biden

released \$6 billion of Iran's money from frozen bank accounts a couple of weeks ago and then boom, an unprovoked massive attack on Israel three days ago. More death and destruction. Kidnapping grandmas for God's sake. It goes without saying young women snatched will be gang raped.

[Hamas using brutal tactics from ISIS playbook: torture, rape, murder](#), Oct. 8, 2023: **JERUSALEM** – “As the bloody attack unfolded on Israeli soil on Saturday, jubilant Hamas terrorists uploaded to social media brutal video clips of their work: bodies of civilians lying dead in pools of blood at city bus stops, elderly people hauled away on motorbikes, and women and children hustled into jeeps and trucks as fighters battered and spat and screamed “God is great” at their bewildered captives.

“The terrifying videos, which also included groups of young Israeli and foreign partygoers tied up and taken into Gaza, were eerily reminiscent of images shared by the extremist Islamist group ISIS, which tried to establish an Islamic caliphate in northern Syria and Iraq several years ago.

“The videos of Hamas kidnapping women, children and the elderly and desecrating dead bodies are in some ways shocking to see but then again, Hamas has engaged in 30 years of grotesque terrorism and is a vicious brutal terrorist organization,” Seth Frantzman, a correspondent for The Jerusalem Post and an analyst on Middle East affairs, told Fox News Digital in an interview on Sunday.”

Israel owns an arsenal of nuclear weapons paid for by us. Netanyahu could flatten Iran in five minutes but I don't believe – no matter how enraged he is over this unprovoked attack – he would do that. Since the attack started, Israel's retaliation has focused on Hamas' known HQ's, where they're hiding and where critical war weapons are being stored. I've seen pictures from both sides. The children, Palestinian and Israeli, scared, running, screaming. No child should have to

live through such a nightmare.

[SHOCKER: Antony Blinken Who Agreed to Give \\$6 Billion to Iran Now Admits](#), “Iran Has Unfortunately Always Used and Focused its Funds on Supporting Terrorism”, Oct. 8, 2023

We MUST get the U.S. out of NATO & the UN. Those of us who know the bigger picture have been trying to get bills passed in Congress and signed into law to do just that for decades. Ha! **There’s no money in peace.** Better to spill the blood of our military so global elites like the WEF, CFR and Tri-Lateral Commission can continue with their plans for world domination.

Americans are fed up. Sick and tired of funding regional squabbles and sticking our nose where it doesn’t belong (Syria for one) while raping us for TRILLIONS over the decades for our “contributions” to the UN and NATO.

2014: [H.R. 75: American Sovereignty Restoration Act of 2013 – To end membership of the United States in the United Nations.](#)

Bill introduced January 3, 2013. Bill Sponsor: Rep. Paul Broun Jr. [R-GA10]. The bill has a whopping 8 cosponsors; all Republicans. Died in committee. Congress doesn’t represent us, they represent global interests. **There’s a handful in the House and Senate who are fighting to stop the madness but as long as Americans keep voting for the same incumbents in the primaries, nothing will change.** Send the same liars and crooks back to DC and expect things to change. No, the only thing will change is the date on the calendar.

[House Republican introduces bill to withdraw US from United Nations and WHO](#), June 6, 2022 – **Right now it’s dying in committee; [here’s the bill](#).** A whopping 4 co-sponsors. Let’s just stay in the UN and continue borrowing trillions to pay for dues and wars that do NOT present a danger to our national security. The open border with Mexico sures does, though. As for the WHO, they are as thoroughly corrupt as Dr. Death

Fauci, the FDA, the CDC. WE DON'T NEED THEM TO DICTATE TO US ABOUT OUR BODIES AND WHAT WE CAN'T DO.

Perhaps now that America is a hot mess, more Americans will take the time to get educated so that they might finally understand our destiny hasn't been in our hands for more than 100 years. Perhaps if they can put party loyalty aside for the sake of their own survival and the survival of our republic, they will join with the rest of us in rejecting world government and stop putting money into the coffers of those implementing the final stages of the fall of these united States of America.

More to come on this and what's being done at the grassroots level.

“The real revelation is that China and Russia are exposing the United States has a major instigator of wars and international chaos. In addition to bringing the Saudis and Iranians together, China and Russia are working with the Saudis to restore Syria’s membership and status in the Arab league.

Ukraine is relentlessly throwing troops and vehicles against rugged Russian defenses. The three “Surovikin” defensive lines are not Alamo emplacements. What do I mean? Russia troops have not taken a vow to defend each line to the last man.

“Nope. The Russian doctrine is to bend, withdraw to new positions and create a salient. They then clobber the Ukrainian units with massive artillery, missile and bomb barrages, which forces the Ukrainians to retreat, suffering horrific casualties in the process.
