"The goal of socialism is communism." "We can and must write in a language which sows among the masses hate, revulsion, and scorn toward those who disagree with us." [That would be the movement which led to the assassination of Charlie Kirk.]

"The way to crush the bourgeoisie is to grind them between the millstones of taxation and inflation." "People always have been and they always will be stupid victims of deceit and self-deception in politics." "Democracy is indispensable to socialism."

"Give us the child for eight years and it will be a Bolshevik forever." "By destroying the peasant economy and driving the peasant from the country to the town, the famine creates a proletariat...

"Furthermore, the famine can and should be a progressive factor not only economically. It will force the peasant to reflect on the bases of the capitalist system, demolish faith in the tsar and tsarism, and consequently in due course make the victory of the revolution easier... Psychologically all this talk about feeding the starving and so on essentially reflects the usual sugary sentimentality of our intelligentsia."

The above quotes are all from master of terror, murderer and dictator of what became the USSR: Vladimir Lenin. He began his reign of terror known as the 1917 Revolution which resulted in the deaths of more than 8 MILLION people by creating famine, starving "his" people to death, torturing those who

disagreed or just had them executed.

“The United States should get rid of its militias.” “World dictatorship can be established only when the victory of socialism has been achieved in certain countries or groups of countries ... [and] when these federation of republics have finally grown into a world union of Soviet Socialist Republics uniting the whole of mankind under the hegemony of the international proletariat organized as a state.” Both quotes from Joseph Stalin; ruled the Soviet Union for more than 20 years while he brought a reign of death and terror to millions.

Right now, a proud socialist is running for mayor of NYC and winning on his party's ticket: The Democrat/Communist Part USA (DCPUSA). [Sen. Chris Van Hollen Says 'Spineless' Democrats Must Endorse Communist Zohran Mamdani For NYC Mayor: 'Get Behind Him Now'](#) (VIDEO), Sept. 14, 2025.

America: We've (constitutional patriots) have been trying to warn you for decades:

[Should Democratic Party merge with Communist Party?](#), August 12, 2005, Mine, WorldNetDaily: “Since the turn of the 20th century, the Democratic Party has worked diligently to rob its membership of the fruits of their labor via all the unconstitutional acts passed under FDR and in subsequent administrations. Back then, before the masters who pull the strings of the White House and Congress bought up all major newspapers in this country in order to control the flow of information, [some were sounding the alarm](#).”

Back in 1996, [I wrote about the 57 members of Congress](#) who belonged to the “[Progressive Caucus](#).” The Democratic Socialists of America [highly admire these left-of-the-left](#)

[members of Congress](#), i.e., open socialist Bernard Sanders, I-Vt., who should be barred from serving in the U.S. Congress because his goal is the destruction of our constitutional republic ([we are not a democracy](#)). Here's just a few current members of the Progressive Caucus – all Democrats except for Sanders:" Most are gone but have been replaced by new "socialists" (liberals) who are communists (progressives) playing you for a fool.

Unless and until one understands exactly how communists go about recruiting by duping uninformed Americans, they will continue to gain ground in their quest to destroy this republic and enslave all of us under an iron fist. The goal for world communist domination and how it is being implemented is right in the face of Americans if they would just get out of denial and take a good look at their party's platform.

Make no mistake: This constitutional republic is on the verge of total annihilation. One of the most thoroughly documented books on this critical issue is "The Naked Communist" by former FBI agent W. Cleon Skousen, founder of the Center for Constitutional Studies. In his book, Skousen succinctly lays out exactly how the communists have gained such a strong foothold in America – you can read 45 of their goals [listed in the Congressional Record](#).

If you belong to the DCPUSA, I urge you to take the time to study the platform of your party and compare them to the goals of the communists. They *are* one and the same, although this will bring shrieks from the likes of Marxist Hillary Clinton, it is the raw truth." Rest at link.

I knew who Charlie Kirk was and about his efforts to reach out to college students to "prove me wrong" on many issues. Since his assassination, I now know more about him, but I had no idea he had such a huge following which made him such a threat and therefore it was time to murder him.

[WATCH VIDEO: 1 MILLION Patriots Flood London to Honor Charlie Kirk at 'Unite the Kingdom' – Elon Musk: "The Left is the Party of Murder!", Sept. 1, 2025](#)

I now know he was a dedicated Christian and would help anyone in need if possible. Watched his wife (now widow) speak to the nation last Friday night while fighting off the tears; Kirk was only 31 years old. Seen the photos of her, their 3-year-old little girl and one year old son. Like so many of the murders happening daily now in this country, families of the victims should not be forgotten.

The brain washed monster (please don't call Kirk's assassin an animal. Animals kill to feed their young, themselves and fend off enemies who want them for lunch) who murdered Kirk is in custody; the investigation is still underway. I've read too many comments over the decades on "conservative" web sites from frustrated Americans who would like to see the same thing happen to dirty Marxist Muslim, liar and cheat, Hussein Obama and a whole long list of other dirty players.

Not me. Obama, Hildbeast Clinton, Brennan and a long list of dirty traitors should be the subject of federal grand juries and if found guilty (and they are of sedition and domestic terrorism IMHO) spend the rest of their lives at the Supermax Prison in Colorado locked down 23 hours a day and departing in a pine box. That would be worse than death for them. Killing another human being just because they are truth tellers trying to help you understand how you've been deceived, lied to and played for fools by the DCPUSA and teach the love of Jesus Christ our Saviour is not the American way, *but a feast for Satan for they are dead souls.*

Or just kill another human because "you're pissed" about something they said or did: [HORROR: Illegal Alien Released by Biden Admin Beheads Motel Manager In Dallas, Kicks Severed Head, Tosses it in Dumpster](#), Sept. 11, 2025: "An illegal alien who was released from ICE custody by the Biden Administration

beheaded a motel manager in Old East Dallas, Texas, on Wednesday.

“Yordanis Cobos-Martinez, an illegal alien from Cuba, was released into the interior of the US on January 13, 2025, just one week before Trump was sworn into office. Cobos-Martinez used a machete to repeatedly hack the victim, Chandra Nagamallaiah, 50, and then beheaded him.

“According to Fox News, Cobos-Martinez was caught on surveillance video kicking the victim’s severed head in the parking lot, then picking it up and tossing it into a dumpster.” A dead soul who needs to be executed just like Kirk’s murderer.

This is NOT the America I grew up in; born in Merced, California 76-years ago. When a member of the DCPUSA was shot, I can’t remember seeing the thoroughly disgusting comments I’ve seen since Kirk was assassinated made by brainwashed Americans – long before “MAGA” and Trump.

Gabby Giffords, a member of the DCPUSA, member of Congress (AZ) was shot in the head and suffered a severe brain damage. While she should never have served in Congress, I prayed she would recover which she did. The Internet was not flooded with this after Charlie Kirk’s assassination – no one celebrated – at least none I found at the time:

[Calls For Sick Michigan Judge to Resign Intensify After She Mocks Charlie Kirk’s Death on Social Media](#), Sept. 12, 2025:

“The Michigan Radical Left’s Playbook: From Lawfare to Celebrating Political Assassinations. Let’s be clear: Charlie Kirk wasn’t some fringe figure. He was a close ally of President Trump, a champion of free speech on college campuses, and a thorn in the side of the left’s cultural warriors.

“His killing should unite all Americans in horror, regardless of politics. But in Michigan, where extreme liberal elites

hold sway in academia, the judiciary, and the legislature, the response has been chilling. Professor Davis: Rationalizing Murder in Academia. Then there's University of Michigan Professor Charles H.F. Davis, a taxpayer-funded educator, who defended Kirk's assassination by stating that violence "is a solution to violent rhetoric spewed by empowered people."

"In a post that reeks of academic arrogance, he argued that Kirk's advocacy for conservative values somehow justified the violence against him... Davis's comments aren't isolated; they reflect a broader rot in higher education, where left-wing indoctrination at all costs trumps civility."

Many are asking legitimate questions solely based on the photos that have been released and “sources”. I, too, have seen all the pictures released and wondered how the assassin dropped to the ground from that rooftop but had no rifle when he hit the ground. He had both hands on the ‘lip” of the roof which is how they got is finger and palm prints. He simply managed to stand up and took off. Why would you leave the murder weapon behind when you’re not even wearing gloves? How did that rifle then get wrapped in a towel and dropped in a forest area?

Personally, I have a great deal of respect for Kash Patel ([while members of the DCPUSA grilled Kash Patel today like the cockroaches they are](#)) as if he were some inept criminal. [Charlie Kirk murder suspect linked to crime scene evidence through DNA match, FBI director says](#), Sept. 15, 2025, 8:24 am:

“Patel said that DNA matching Robinson was found on a towel allegedly wrapped around a firearm that was discarded in a wooded area near the university. The DNA was also found on a screwdriver on a rooftop, Patel said.

“Patel added on “Fox & Friends” that he and FBI agents “walked the entire crime scene” after he arrived in Utah and found the evidence.

“I can report today that the DNA hits from the towel that was wrapped around the firearm and the DNA on the screwdriver are positively processed for the suspect in custody,” Patel said.

Patel stressed that only the towel wrapped around the firearm has been processed so far – the gun itself is being analyzed by Bureau of Alcohol, Tobacco, Firearms and Explosives experts in Maryland.”

Not radicalized. Brainwashed.

Hundreds (if not thousands worldwide) of articles have already been written about that heinous crime; many outstanding, some click bait. I have recommended many, many times Americans read a [20-page page introduction](#) to the book Masters of Seduction (book no longer in print) by Jeri Lynn Ball; book published in 2000. The dirty players names have changed but not the goal. It truly is a must read but for now, go to page 15:

The Effects of Communist Psychological Warfare on Americans

“In order to create their New World Order, Communists must destroy America's fundamental ideas. Why? Because a nation

whose citizens are governed and sustained by the principles of the Ten Commandments and which upholds and defends individual and economic freedom, is difficult to transform. Principled individualists think for themselves and are independent and self-reliant. They have integrity and self-respect. They're loyal to their families, their leaders, and to their nation.

"A nation which upholds and defends principled individualism and laissez-faire capitalism has a high ethical standard. Its citizens will fight to defend their principles, their freedom and their unalienable individual rights.

"Today, most Americans are embracing the communitarian moral code, and this country is now in a process of disintegration, making it vulnerable to a takeover. Communists have sought to degrade the nation and to produce the maximum chaos. Communist psychological warfare has wreaked havoc in the lives and families of virtually all Americans. Human casualties—the drug addicts, criminals, alcoholics, suicides, neurotics, psychotics, the ignorant and the illiterate—number in the tens of millions. In his book, *The Index of Leading Cultural Indicators*:

"American Society At the End of the Twentieth Century, William J. Bennett writes, "[S]ince 1960...we have seen a 467 percent increase in violent crime; a 463 percent increase in the numbers of state and federal prisoners; a 461 percent increase in out-of-wedlock births...more than a doubling in the teenage suicide rate...and a drop of almost 60 percent on SAT scores." The rate of divorce has "more than doubled." The number of adults in prison now totals 2 million. Research studies show that drinking, drugs, and casual sex have become national vices.

"Since 1992, when Clinton and Gore began their bombardment of communitarian propaganda, teenage drinking and drug use has soared. Illegal drug use is now not only an urban problem; the use of alcohol, cocaine, crack, inhalants, marijuana,

methamphetamines and other hard drugs has reached epidemic proportions in small towns and rural areas.

“Tens of millions of Americans are suffering from mental disorders, such as anxiety, panic attacks, depression, phobias, obsessive-compulsive disorders, eating disorders, manic ideological and psychological convergence of the United States and Communist Russia.

“America is becoming a replica of Russia: sick, brutal, deviant, vulgar and violent, yet slavish and submissive toward governmental authority. Communitarian ideals block or cripple individual growth and development. They destroy independence, self-reliance, courage, and creativeness—and produce profound feelings of helplessness, worthlessness, and instability.

“They breed hatred, fear, ignorance, cowardice, indolence, dependency, and conformity. Every society which embraces the communitarian way of life is reduced to unspeakable poverty, and the people endure tyranny, slavery, and misery; depressive psychoses, and schizophrenia. Countless others are marked by aimless lack of purpose.” (Do read all 20 pages.)

Charlie Kirk was trying to eradicate such destruction of our republic by reaching out to America’s young adults. Reaching out to young Americans brainwashed in public schools I have long called indoctrination centers.

Well, those behind the curtain made a big mistake. I’ve never heard of Nick Freitas before but he’s a Virginia legislator with 1.38 MILLION subscribers. I pay little to no attention to Hollywood, their so-called "stars (most are exhibitionists running around nearly naked to stay relevant), their movies and haven't owned a TV for almost 10 years. Like public indoctrination centers they call public schools, the boob tube to me is just that: *indoctrination and brain washing masquerading as "entertainment"* which is why the last time I went to the movie theater was to see ARG0 (2012) which rightly won Picture of the Year and a slew of other Oscars. A true story.

Otherwise, I have no interest in Hollywood's trash and after reading the comments made after Kirk's assassination by the Hollywood "elite", none will get a penny from me. Celebrating murdering an innocent human being , guilty of no crime except truth, a son, father, devoted husband and two little children; ages 3 & 1 makes Satan happy. Obscene.

Never read any of his books or seen his movies nor will I:
