

Satan's Handmaidens Gave A Standing Ovation

When someone **intentionally** stops a beating heart in a human being it's called murder. We KNOW through modern technology it has been possible for more than a decade to hear a baby's beating heart as early as 18 days – long before most women even know they are pregnant.

By now most of the country has heard about NY's new "Reproductive Health Act" passed by barbarians in their legislature and signed into law by a **heretic Catholic**, Governor Andrew Cuomo. Anyone who voted for that bill is no better than the savages called ISIS.

When the 'law' was passed in their state house, Satan's Handmaiden's actually gave a standing ovation.

There were no men in the chamber. A real man would never condone as close as you can get to infanticide but then again, it's always been my belief that "men" who support abortion aren't all about jumping on the garbage truck to 'support women's rights' and their choices for their body. Oh, no. It's more like, whew, I just got out of 18 years of child support.

And, pray tell, what is the response from the Catholic Church? I damn near fell out of my chair:

[Cardinal Dolan: Excommunicating Andrew Cuomo "Not an Appropriate Response" for Legalizing Abortions Up to Birth](#)

“Through a spokesman, Cardinal Timothy Dolan said that excommunicating the governor is “not an appropriate response.” He went on to say that excommunication is typically called for by frustrated Catholics who are upset.

“As a reported for CNN tweeted: “I asked @CardinalDolan’s about the calls for Gov. Cuomo to be excommunicated over NY’s new abortion bill. While emphasizing that this should not be considered a comment on any specific person, he said excommunication “should not be used as a weapon.”

Frustrated Catholics who are upset? If I had my way, Cardinal Dolan would be excommunicated from the Church that claims to be anti-abortion.

A dear friend wrote me an email that says it all: “So the Cardinal finds no fault in Cuomo—even though without Cuomo’s signature the bill would not be “law” in New York, and even though Cuomo demanded that the bill be passed! What more would Cuomo have to do, perform the abortions himself?!”

Once again, protecting women’s reproductive rights is not the issue. Women in this country have the God-given right to reproduce. What these females want is to be allowed to murder what they’ve reproduced. Slaughtered by butchers called abortion “doctors”.

Females in this country are free to reproduce so stop with the propaganda that being for life is interfering with your reproduction rights. We’re trying to stop another **61 million babies** from being murdered thanks to *Roe v. Wade*.

What these Handmaidens of Satan are telling us is they want protection to murder a baby from conception to birth. Let me reproduce and then find someone to intentionally stop a beating heart. Just like Kermit Gosnell, a prolific serial killer now serving life without parole. [Gosnell: When the Truth Is More Gruesome Than Fiction](#) – not for the faint-hearted.

[Babies Born Alive After Abortion Can be Left to Die Under New York Law Legalizing Abortions Up to Birth](#)

“Does this mean that babies will just be left to die in New York at abortion clinics if they somehow survive the abortion procedure? As Tony Perkins, president of Family Research Council, tells LifeNews, the answer is yes.

"This law guarantees it, sweeping away a large chunk of the penal codes that protected abortion survivors. Thanks to this Act, Kermit Gosnell, and his bloodstained, cat-infested, third-world excuse for a clinic, would be untouchable," he said. "The Resurgent's Stacey Lennox puts that into its gruesome context. "For those of you who saw the movie [Gosnell], Baby B would not be considered a victim."

"Person," as far as this law is concerned, means a human being who has been born and is alive. Not a second before, and maybe – without infant protections – not few seconds after either," he continued.

[Another analysis from Hot Air of the new law](#) concurs that born alive infants will be left to die in New York.

"Contrary to what its proponents say, the RHA goes far beyond Roe vs. Wade in its aggressive extremism. Granting non-doctors permission to perform abortions does nothing to advance the security and health of women. Condoning coerced or involuntary abortions by repealing criminal sanctions even in cases where a perpetrator seeks to make his partner "un-pregnant" through an act of physical violence does not represent any kind of progress in the choice, safety or health of women.

"Removing protection for an infant accidentally born alive during an abortion is abject cruelty, something most people of conscience would deem inhumane for even a dog or cat. Finally, allowing late-term abortions is nothing less than a license to kill a pre-born child at will.

"The law removes protections for babies who survive an abortion procedure. "The new law [removes protections](#) for babies born alive after an abortion – meaning they could be left to die after birth – by rescinding a portion of New York's public health law," Live Action reported.

EXACTLY what the criminal impostor president, Barack Hussain voted for while a senator in the Illinois State Legislature:

Obama Most Morally Bankrupt Impostor President in US History

"[Obama](#)/Soetoro/Dunham is a champion of infanticide – the killing of infants. While serving in the Illinois State Senate, Barry Soetoro aka Barack Obama, voted three times to allow infants who survive abortion must be left to lay there and die.

"Yes, he did vote against the Illinois Born Alive Infant Protection Act. [Click here to see the bills and his comments supporting murder.](#)

"Would you stand there and allow a living, breathing infant to die if you were a doctor or nurse? How could anyone, doctor, nurse or just plain human stand by and allow an infant who has survived the horror of abortion – just let them die without trying to save that precious life? **Soetoro did because his soul died a long time ago.** And, how did Barry justify it?

"[Listen to audio](#) from Obama's 2002 IL Senate floor debate wherein he argued that while babies might be aborted alive, it would be a "burden" to a mother's "original decision" to assess and treat them." In other words, the mother wished to kill the infant, so be it.

"54% of "Catholics" voted for Soetoro in 2008. They voted to elect an individual who denied three times the right of a living, breathing infant born of madness the right to live.

"Say, I wonder if those "Catholics" got the hope and change they voted into office even though they had no right to vote for an ineligible candidate? God will ask them someday."

Sean Hannity has always taken the position against boycotts having been a target not from "left-wing" zealots. Let's call these people for what they are: socialists on the way to hardened Marxists. Boycotts do hurt innocent workers.

I'm sorry but this is a matter of life and death. Of murder.

New York is a beautiful state. I've been to NYC several times. **Right now, I would not spend one penny in that state.** I would put gas in the tank and drive straight through and not stop. Not for a convention, for a trip to Times Square, to see one of the wonderful Broadway plays. Nada. Zero. The only thing politicians care about is money and if tourism dries up because of laws passed by a legislature and signed by a governor, change happens.

It's not just New York. I was shocked and saddened to see seven other states already have equal or worse "laws" on the books for 'legally' snuffing out the life of a human being: [New York's Not Alone: Here's a List of States That Permit Abortion Up to Birth](#)

As for Cuomo, I will take your advice: [Andrew Cuomo says pro-lifers are not welcome in the State of New York](#)

"That Andrew Cuomo wants there to be more abortions in New York isn't a surprise to anyone. That he is so extreme as to say that pro-lifers shouldn't even be able to live in his state, simply for believing in the sanctity of life, is truly shocking. To him, evidently it's not good enough for abortion to just be legal and widespread – he thinks that pro-lifers should be not only silenced, but kicked out of the state.

"It's despicable and disturbing. And while pro-lifers are used to abortion advocates attempting to have them silenced, this takes it to an entirely new and sickening level."

Sean Hannity: Isn't it time you take your family and money out of the State of New York? I'm sure FOX can find you a new studio in Texas, Kentucky, Tennessee, states like those. **Send a message.**

[Watch this video \(less than 10 minutes\).](#) You will see through modern technology an unborn baby developing a heart at 25 days. At 32 days, that living, breathing baby is developing arms and legs. **LOOK and see the truth.** From conception to

birth. Abortion IS murder.

As I only do one column a week, I want to include these items. Liberals (socialists) and progressives (communists) have been screeching over civility out in the public square and on social media. Those so-tolerant folks who all jumped in with full force over the Catholic boys accused of harassing a Vietnam Veteran last week.

The Vietnam veteran who never went to Vietnam. He was AWOL four times and has a criminal record. It appears our poor Native American veteran is nothing but a fraud and professional agitator. In the meantime, those boys and their families have been through Hell.

Some of them and their families are suing members of the disgraced Democractic/Communist Party USA's media. I think they should also go after toilet scum like Bill Maher who upchucks his poison on HBO. They don't get my money nor do any other the other flesh peddlers like Showtime. Nope. Never subscribed, never will.

["Maher opened his show](#) attacking the innocent children who were ambushed by Black Israelite racists and a far-left Indian activist after the March for Life in Washington DC.

"The entire media narrative was incorrect and manufactured but the liberal mainstream media didn't care. The children received numerous violent death threats and the school faced threats of shootings and bombings.

"Despite the facts Maher took shots at the children including the 15-year-old Nick Sandmann.

"Bill Maher: "I blame that fucking kid. What a little prick. Smirk face. Like that's not a dick move at any age to stick your face in this elderly man... I do not get what Catholic priests see in these kids."

For that people pay money to watch? The audience certainly thought it was funny as they laughed like hyenas listening to Maher. The herds. How easily controlled they are.

As if things aren't bad enough with the newly elected hard-core mush-head Marxist, Alexandria Ortega-Cortez, we now have America hating Muslims in the U.S. House of Representatives. Ilhan Omar wearing her submission head gear. You know, the one [who apparently married her brother](#).

She also had something to say about the Catholic boys:

[US Rep. Ilhan Omar deletes tweets slamming 'MAGA' teens](#)

"Omar wrote, "-The boys were protesting a woman's right to choose & yelled "it's not rape if you enjoy it" -They were taunting 5 Black men before they surrounded Phillips and led racist chants -Sandmann's family hired a right wing PR firm to write his non-apology."

"Before Omar's tweet [was deleted](#), a lawyer who's offered to represent the Covington students for free said it had defamed them. "This is libel. Retract, or get sued," Las Vegas attorney Robert Barnes [tweeted](#).

"Omar's rape-related claim apparently was based on a video clip posted on Twitter by lawyer and Playboy magazine writer Amee Vanderpool, who admitted she didn't "know if this boy attends Covington."

Oh, good. A tittie magazine (Playboy) as a source.

[Rep. Ilhan Omar facing new scrutiny over past effort to win leniency for 9 men accused of trying to join ISIS](#)

“Embattled congressional freshman Rep. [Ilhan Omar](#), D-Minn., once asked a judge to show leniency toward a group of Minnesota men accused of trying to join the Islamic State terror group.

“The best deterrent to fanaticism is a system of compassion,” she wrote at the time. “We must alter our attitude and approach; if we truly want to effect change, we should refocus our efforts on inclusion and rehabilitation.”

“The nine [Minnesota](#) men were facing decades in prison after being accused in 2015 of making plans, including buying fake passports, in an effort to travel to Syria and fight for ISIS, which was at its peak level of activity and held territory in Syria and Iraq.

“Omar’s letter seeking more lenient sentences resurfaced on social media amid criticism over her attack on Sen. Lindsey Graham, Covington Catholic High School students, and the endorsement of socialist Venezuelan dictatorship.

“One of the men in particular, Abdirahman Yasin Daud, was facing over 30 years in prison for trying to join the terrorist group. He admitted in court that he wasn’t trying to enter Syria on humanitarian grounds, but rather to participate in the activities of ISIS.

“I was not going there to pass out medical kits or food. I was going strictly to fight and kill on behalf of the Islamic State.”

Her allegiance isn’t to this country it’s to an Islamic Caliphate and destruction of our Constitution. Omar was born in Somalia.

More sexual deviants were also allegedly elected to Congress. Here is the new senatorette from Arizona who won her election by vote fraud. **No doubt about it.** If you followed that race and what happened election night, just like in California with vote harvesting, it was fraud.

Sinema is a vocal bi-sexual meaning she also likes to have 'sex' with other women. Sinema refused to be sworn in with her hand on the Holy Bible. Why would anyone be surprised?

"For this reason God gave them over to degrading passions: for their women exchanged the natural use for that which is against nature. And in the same way also the men abandoned the natural use of the woman and burned in their desire toward one another, men with men committing indecent acts and receiving in their own persons the due penalty for their error."— Romans 1:26-27:

"The unrighteous shall not inherit the kingdom of God. So do not be deceived; neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor homosexuals, nor thieves, nor covetous, nor drunkards, nor revelers, nor swindlers, shall inherit the realm of God." – I Corinthians 6:9:

'She Looks Like a Stripper' Dem AZ Senator Kyrsten Sinema Wears a Mini Dress with Thigh-High Boots on Senate Floor (THIS is

appropriate attire for a U.S. Senator? The people of Arizona must be so embarrassed – except queers.) We're here, we're queer, we will not live in fear

Yes, she looks like a stripper in need of a pole or street corner. What a sad day for America.
