

# SCOTUS 9-0 Decision: Federal Elections Undecided by Midnight are Void

By: Devvy

We are approaching the 11<sup>th</sup> hour and still not a single U.S. Senator or Senator-elect is willing to stand Jan. 6<sup>th</sup> to stop the stealing of this presidential race. Perhaps one might find the courage do what should be a given considering there's an ocean of hard evidence of this concerted effort to put Harris/Biden in the WH.

Shame on you, Rand Paul, Tommy Tuberville, Ted Cruz and Loeffler. One would think all of you would be the first to stand for truth, the Constitution and Donald Trump.

Below is a letter I faxed to 11 reps and senators in the six contested states. It took quite a bit of time Christmas morning to find fax numbers. They guard them like they're the family jewels. I also faxed to the attorney who represented Trump in Nevada during that disgraceful court hearing (he's actually based in VA), the attorney who represents Lin Wood in GA and the attorney representing Rep. Mike Kelley, et al in a case out in PA.

SCOTUS in a unanimous 9-0 decision in the case cited in my letter: **Federal** elections end **on** election day. Not counting votes at 5:00 am or 3 days later. The elections in the six contested states are VOID.

I ask you copy and past the letter, print it and fax to the individuals I did yesterday. It fits on one page. The list is below my letter. Call them and you get a recording. Email and you get a canned response. A fax is a piece of paper they can't ignore. Just use the one letter, add the rep or senator's name, fax and keep doing so until you've gone through the list.

Those state legislatures, many are GOP majority, *can end this right now*. **They can exercise their plenary power and declare the election for president void per federal law.** They have no excuse not to act now that I faxed them the case and hopefully, thousands of you will, too. A new election would have to be held and this time, I guarantee you safeguards would be in place enough to guard Ft. Knox.

Re: Your General Assembly can stop the stealing of this election – right now.

The United States Supreme Court ruled in 1997 that federal elections *are over on election day* which in this case was Nov. 3, 2020. Not at certification of the vote, but on election day by midnight. Federal statute backs that up. Elections in the six contested states are void.

I listened to oral arguments for *Foster v Love* below, including from the left's icon, Ruth Bader Ginsberg. This is your power to declare the election void as so ruled by the U.S. Supreme Court in the aforementioned case. Let the left and the DNC's MSM media go crazy. The fate of this country rests with all six contested state legislatures.

Read – use search engine – thepostmail.com:

**Elections Undecided by Midnight are Void & Preempted by Federal Law – *Foster v Love* (1997; 9-0 Decision)** by Ren Jander, J.D.

Another constitutional attorney, Leo Donofrio filed with SCOTUS *Dec. 4, 2020 using that decision*. SCOTUS is stonewalling him because they do not want *a decision by their own court* brought to light which will stop the steal. Three weeks now and they refuse to docket his case. SCOTUS violated their own Rule 17.4. Leo received his time-stamped copy after paying the \$300 and 40 copies of his filing. Leo is correct: SCOTUS has become nothing but a Kangaroo Court.

Leo also said: “There has never been election fraud in our nation as blatant, insidious, obvious, and proven by sworn evidence, under penalty of perjury, as this... You are their representative...If we lose the integrity of our electoral process, this country, as a true republic, will cease to exist.”

He is absolutely right. If the Harris/Biden duo take the WH, our constitutional republic will be dead within two years. We will morph into a democracy of mob rule. No democracy in the history of the world has survived; they all go down in flames.

It will also be the end of the Republican Party. The shadow government is close to stealing this election with no one held accountable and it will be their SOP from here on out. Are you going to stop this steal ? Your oath of office demands it.

Cordially,
