## **GOP Governors & Second Amendment MIA**

In this case, the "alleged" shooter, 29-year-old Afghan national Rahmanullah Lakanwal, who was heard by witnesses' yell 'Allahu Akbar' before opening fire, is going to live. One trial. If found guilty, one appeal within one year and then take him out and shoot his worthless being straight to Hell and skip the phony 72-virgins crap.

## **Big Beautiful Bill: Tax Nightmare**

As we get closer to the end of 2025, Americans are preparing for turkey day and Christmas. But, while not welcome news, many Americans are spooked by what's going on and spending for tens of millions is being targeted towards survival needs like food, rent/mortgage, gas to get to the job vs their monthly income.

# **Constitutional Militia & the Out-of-Control Rioting**

My column last week, ANTIFA Are Communists Who Claim to Oppose Fascism, focused on the in-your-face insurrection and attempt to overthrow our government (a constitutional republic, not a democracy) and the support given by 'blue' state Comrade governors, mayors and ignorant, foolish "community leaders who wouldn't know their arse from their elbow.

## **ANTIFA Are Communists Who Claim to Oppose Fascism**

Americans who are paying no attention to the violence that's been targeting certain cities across America have ZERO understanding of the criminal domestic operation identified as ANTIFA who are nothing but thugs allowed to run wild in big cities like Portland, Oregon. Comrades and Nazis together pumping violence like a fire hydrant.

## **Illinois Governor is a Slimy**

# Piece of Work

Never in my long life have I ever seen so many selected elected officials side with criminals – in this case illegal aliens (the proper legal description, not the marketing ploy migrants, immigrants or undocumented) as we've seen the past few years. President Trump, our brave ICE and BP risk their lives everyday to get the human trash off U.S. soil as they have no right to be here regardless of what some high paid lawyers who hate our constitutional republic bellow.

## **Jerome Powell Isn't the Problem, the Real Problem is...**

Initially it was reported Trump was going to fire Jerome Powell, "President Trump has backed off of his threats to fire Federal Reserve Chair Jerome Powell – for now. "The president appeared to reach a breaking point with Powell last week when he told Republican lawmakers he would likely be nixing the Fed chair soon. But

## **No One is Above the Law – Except Illegal Aliens – Push**

# **for Amnesty**

This legislation is being cooked up by Trump's new Agriculture Secretary, Brook Rollins and Susie Wiles, his Chief of Staff. Trump apparently told his supporters at a rally at the Iowa State Fairgrounds Americans who don't support amnesty for illegal farm and hospitality workers are "Serious Radical Right People". Really? Doesn't the Trump Organization own hotels and golf courses – hospitality workers.

## **Illegal Aliens Will Become Violent: I Told You So in 2006**

Trump moves fast to save LA from a 1992 repeat – California governor calls deployment 'purposefully inflammatory' while federal officers face deadly attacks from protesters, June 8, 2025 – "Los Angeles is rioting again. Mobs, amped up by professional agitators and implicit support from Democratic elected officials, have attacked federal law enforcement officers with deadly intent.
