

Sheriff Slupe: YOU investigate Attempted Assassination of Donald Trump

According to the [Staff Directory](#), Michael T. Slupe is the Sheriff of Butler County, PA and has been since 2010 as far I could find regarding his bio. As the world watched on July 13, 2024, an attempt to murder (assassinate) Donald Trump took place in that county which is 35 miles north of Pittsburgh.

Trump is a private citizen. An attempt was made on his life. An innocent attendee leaving behind a wife and daughter, was killed. Two other innocent Americans were critically injured. *Sheriff Slupe is the ultimate law enforcement official in his county.* A sheriff can request assistance from outside agencies like State Police, FBI, ATF, but he is top dog in his county and *those felony crimes were committed in his county.*

Trump has been provided protection by the Secret Service since he was elected in 2016. Skimpily once he left office, but Robert Kennedy, Jr., has been denied *any* Secret Service protection even though he's managed to get on the ballot in many states for the November ~~selections~~ elections.

As soon as the shooting was over and Trump was quickly taken

to a hospital, the place was overrun with FBI, Secret Service, ATF, all conducting an investigation. Remarkably, just like on TV shows like NCIS: [“It’s a matter of doing biometric confirmations,”](#) FBI Special Agent in Charge Kevin Rojek said. “So, there was no identification on the individual, for example, so we’re looking at photographs right now and we’re trying to run his DNA and get biometric confirmation.”

In that news piece it also says: “Law enforcement officials took several hours to publicly identify Thomas Matthew Crooks as their suspect, saying at a press conference late Saturday that they believed they knew who carried out the shooting, but were refraining from naming the individual.”

What law enforcement officials? Local or state police? Crooks was 20 years old. Had he been in trouble with the law prior to last Saturday? Was his DNA already in some data base? Registered Republican (likely doing what Democrats have been encouraging young voters to do to vote in primaries to defeat Trump.) Donated a small amount of money to career criminal, Joe Biden. Crooks father has been questioned; shooters place of residence already raided.

The Politics

Two hours after the attempted assassination, malignant, habitual liar, Joe Biden, gave a statement someone else wrote. The standard and phony, gee how awful, we’re praying for Trump was also issued by Obama, Pelosi, Schumer and others **who lie every time they open their mouth.** *They only thing they regret is Trump isn’t dead.*

The Trump haters were ecstatic and took to social media right away. Just a fraction of the disgusting and hateful postings out there. [Leftists Lament Failed Trump Assassination – ‘How Do You Miss’ Trends on X – Others Claim It Was All Staged!](#) “He’s literally bright orange how do you miss??” “That shit was so [#staged](#) sounds like [#LittleDonnie](#) got hit with a paint

ball. Only the women who have been forced to have sex with him are better at acting. [#Trump](#)”

As I write this there's been no report of a manifesto nor does the FBI have any theory about motive, or so they say. I can tell you a large number of Americans have been very worried about an assassination. As the political indictments and trials continue to crumble, I've been thinking the only thing the evil doers have left is to kill Trump. And what happens a few days before Trump will be at the RNC National Convention (July 15-18) to accept the nomination for president? Well, timing in life is everything as the saying goes:

[Report: Biden told Donors it was 'Time to Put Trump in the Bullseye'](#) – that would have been July 8th.

Trump survived but another message was crystal clear: Attend a Trump rally and you could wind up shot and killed or critically injured as was the case last Saturday. While the brain gone Biden could barely top 50 people at his appearances, Trump has consistently drawn tens of thousands and that's no exaggeration. Just like the COVID hysteria pumping fear into an entire nation, what happened Saturday will likely keep who knows how many Trump supporters from attending his rallies.

Not a conspiracy, but legitimate, serious questions

Since I don't own a propaganda box (TV), one of my best friends called and told me what just happened to bring up NewsMax 2 on-line which was live coverage. While I prayed it would not happen, when my friend told

me Trump had been shot but was alive, still, I was shocked to the core.

I watched a little over four hours of coverage – including interviews with witnesses. The video of exactly when Trump put his hand to his ear and dropped – probably watched that one at least six times during the broadcast. If Trump had not slightly moved his head when he did, he would be dead. [Caught on Camera: Moment Bullet Hits Trump and Whizzes Past His Head in Assassination Attempt](#), July 13, 2024

[Secret Service Makes Statement on Trump Assassination Attempt–Social Media Erupts – Elon Musk and Dan Bongino Demand “Political” Secret Service Director “Step Down Immediately!”](#), July 13, 2024 – “Former Secret Service Agent Dan Bongino is demanding that the director of the Secret Service “step down immediately!” Bongino says she is “utterly unqualified,” and that this is an “emergency situation right now,” that needs to be resolved first.

“In the video below, Bongino says “It’s time for President Trump to have a full presidential package” because his threat level is “apocalyptic!”

(Sheriff Michael Slupe) [Pennsylvania Sheriff Bars His Office from Conducting Business with Any Company Boycotting NRA](#), April 18, 2018.)

The FBI has “lead” on the investigation – for now. Trust the FBI? When pigs fly and the same goes for illegitimate US AG, Merrick Garland and FBI Director, Christopher Wray. Not all FBI are corrupt even though some people disagree with me on that. When there’s a kidnapping, the nearest FBI office puts all the considerable resources they have to help (especially

smaller cities and towns) find the victim. Their labs are highly advanced and also assist in solving local murders. It's the higher "up the food chain" political scum that are rotten to the core.

Since Sheriff Slupe is already working with those alphabet soup agencies, he knows everything going on, evidence, videos, etc. If I were him, soon as the FBI, ATF, Secret Service and any other feds leave, I would have my county DA put it altogether and convene a grand jury.

Put all those Secret Service agents – snipers or personal detail to Trump – under oath and ask the hard questions because there are legitimate questions that need answers. I suspect even more videos and information will surface via the independent media so we'll see what happens.

If you live in Butler County, Pennsylvania, if a few hundred of you went to Sheriff Slupe and their county DA and make your case for a grand jury, that would be a good beginning in my opinion. Republicans in Congress can call for an investigation or more endless [committee hearings](#) but with that lying sh*t bag U.S. AG Merrick Garland at the helm, just another waste of time.

The media whores

For years the Mockingbird or legacy or "mainstream" media, boob tube, cable networks and Internet have been screeching Trump wants to destroy democracy, he's Hitler and other incendiary lies. And kind, good old Uncle Joe Biden has been right here with them. While Trump has been campaigning against lifelong liar, Joe Biden, he's stayed focused on the destruction Biden has brought down on this country, his plans and unite the country.

Future security for Trump

In the past, Trump has spoken either behind a slab of

bulletproof glass or an actual bulletproof box. Like Catholic Popes. I'm sure it's very uncomfortable for the individual but a life saver.

Trump should start wearing a bullet proof vest if he isn't already although the assassin aimed for his head. The Secret Service apparently uses a three-perimeter guide for placing snipers. The "outer" band, a second a little closer to the crowds and then in the middle "of the bullseye" – the podium. Last Saturday they blundered badly nearly getting Trump killed, one poor innocent man murdered and two more innocent attendees critically injured. As Dan Bongino said above, Trump must have a very beefed-up security protection team.

That's why I believe the Butler County DA should convene a grand jury. We need to find out the actual truth about the killer (on anti-depressants, organizations he belonged to and was active with) right along with a thorough investigation of every secret service agent on duty that day. Of course, I believe in innocent until proven guilty so you investigate and eliminate or exonerate the innocent, but get them on the stand under oath.

The Secret Service closed its investigation into the cocaine found in the White House after one year. Gee, we couldn't find who left that baggie of coke. **No, not this time.** Murder and attempted murder are felonies committed in Butler County. We **MUST** not allow the guilty to get away with it. **This is NOT how we do things in America – until the lawless pack of jackals and liars came into power in January 2021.**

JFK did NOT want to go to war in Vietnam; he wanted peace. Trump is a deal maker and kept us out of any war for four years. No doubt in my mind if elected, the horrible war between Russia and Ukraine would end pretty quickly. War is a lucrative business and business has been booming.
