

Speaking Truth to Satanic Lies

By Kelleigh Nelson

Fear thou not; for I am with thee: be not dismayed; for I am thy God: I will strengthen thee; yea, I will help thee; yea, I will uphold thee with the right hand of my righteousness. –Isaiah 41:10

Be strong and of a good courage, fear not, nor be afraid of them: for the Lord thy God, he it is that doth go with thee; he will not fail thee, nor forsake thee. –Deuteronomy 31:6

Say to them that are of a fearful heart, Be strong, fear not: behold, your God will come with vengeance, even God with a recompence; he will come and save you. –Isaiah 35:4

And the covenant that I have made with you ye shall not forget; neither shall ye fear other gods. But you shall fear the Lord your God, and he will deliver you out of the hand of all your enemies. –II Kings 17:38-39

Anti-Semitism in 1930s Europe propelled us into a world war. Hatred of the Jewish people means death for the entire world. For Hamas, and the rest of their terrorist cabal, the destruction of the Jewish people and Israel is just the beginning.

“First the Saturday people, then the Sunday people.”

Their goal is genocide.

The Hamas liars and prevaricators and their followers are gaslighting the Jews and have been from the beginning of time.

Overwhelming lies and propaganda regarding Israel's war against Hamas poisons the wellsprings of truth.

Yarden Mariuma, sociologist at Columbia University, writes, "Taqiyya is an Islamic juridical term whose shifting meaning relates to when a Muslim is not only allowed, but commanded under Sharia law, to lie."

Hamas even films their lies. It's called Pallywood. The dead get up and walk once the cameras are turned off. They release the videos to worldwide media claiming they've lost so many thousands of innocent civilian lives at the hands of Israel's IDF.

The reality is, Israel's IDF is the most moral army in the world. How do I know? Because the Lord told them "Choose Life!" They have. Chai stands as one of the most widely recognized symbols of Judaism. It is Hebrew for "life." The term "chai," emphasizes the significance of life in Judaism. Israel's medical teams have saved many Palestinians, including youngsters, but the world fails to see the truth.

Here is just one example.

Meet Mazen, an 11-year-old Palestinian boy from Gaza who underwent life-saving heart surgery in Israel by Israeli doctors. He is the 6,000th child to have been saved by

Israeli NGO [Save a Child's Heart](#).

Mazen is just one of the thousands of Palestinians who have received life-saving medical treatment in Israeli hospitals.

Eileen Toplansky's article, [Enabling Hatred for the Jewish People](#), speaks truth to the lies, when she writes, "Jewish people believed that they owed G-d a debt for the miracles He had performed for the early Israelites. Consequently, they became a people devoted to morality and justice as taught by the Torah. In essence, Torah-loving people seek to do *tzedakah u-mishpat* -- righteousness and justice."

In Gil Troy's fabulous must-read expose, [The nine Big Lies against Israel and what they really mean](#), he writes, *Palestinian terrorists and their enablers have taken lying to a whole other level. Yet, despite building so much of their case on a foundation of falsehoods, they keep conning the world. Everyone "knows" that Israel occupies Gaza—despite Israel disengaging from it in 2005; that "From the River to the Sea" envisions a democratic Palestine—when it envisions an exterminated Israel; and, most outrageously, that hundreds of innocent Israelis, young and old alike, deserved to be massacred, maimed, raped and terrorized—while others deny all the evidence that the atrocities happened.*

Over 80% of the Gazan population agree with Hamas.

Since 2001, Hamas has sent rockets into Israel. The following [timeline](#) shows the number of rocket and mortar attacks against Israel by year.

The world's media sides with terrorists rather than those who were the victims of genocide; a savage and barbaric attack so evil and horrific that it is reminiscent of the Auschwitz horrors.

Hamas Protestors

Do these brainwashed protestors even have a clue of what they're screaming when they repeat the mantra, "From the river to the sea, Palestine will be free?"

It is genocide against the Jewish people!

It is calling for the establishment of a state of Palestine from the Jordan River to the Mediterranean Sea, erasing the State of Israel and her people.

It is a rallying cry for terrorist groups and their sympathizers, from the Popular Front for the Liberation of Palestine (PFLP) to Hamas.

The PFLP called for Israel's destruction in its original governing charter in 1988 and was responsible for the October 7, 2023 terror attack on innocent Israeli civilians, murdering over 1200 people in the single deadliest day against Jews since the Holocaust. It is also a common call-to-arms for pro-Palestinian activists, especially student activists on college campuses worldwide.

These fools don't even know what they're protesting! They can't even name the river or the sea they're screaming about. They haven't a clue about the murders, rapes, beheadings, and burned babies. They don't even know how many hostages were taken.

Don't believe me? [Here](#) is Noa Tishby's two-minute interview with several protestors.

She was also interviewed on Fox.

The Palestinian Authority, Fatah, celebrated the 7th of October massacres. If there was an election tomorrow in Samaria Judea, Hamas would win. But there will be no election.

There is NO two-state solution because there is NOT a viable negotiating partner.

Congresswoman Rashida Tlaib, the first Palestinian in America's House of Representatives, asks why people believe the cries of Palestinians sound different to the rest of us. Take a look at the "cries" of Palestinian youngsters and their loathing of Israel and her people. They are taught from the minute they suckle at their mother's breasts to detest, defy and destroy the Jewish people.

In Shoshana Bryen's article, [The Real Genocides the World Ignores](#), she speaks to the baseless accusations against Israel at the International Court of Justice (ICJ). Instead of standing up to genuine crimes against humanity, the international community hurls blood libels at Israel.

Ms. Bryen writes, "Nonetheless, the ICJ blood libel is an object lesson in how the international anti-Israel mob works. Slandering Israel and Jews is a time-honored method of diverting attention from the depredations of others. It also erases the victims of these crimes without so much as a

crocodile tear.”

She then lists numerous perfect examples.

UNRWA’S TERRORISTS

On Oct. 7, 3,000 highly trained and well-disciplined Palestinian Arab “United Nations” UNRWA terrorists traversed the porous Gaza fence and went on a killing spree, attacking anyone in their path—men, women, children and babies. Many of the UNRWA terrorists knew their victims by name.

UNRWA’s [textbooks glorify the murder of Jews](#). Every UNRWA school in Gaza had Hamas weapons in it or under it.

[The Rotten Edifice of ‘Humanitarianism’](#) by Melanie Phillips is not to be missed.

The United Nations Relief and Works Agency for Palestine Refugees in the Near East (UNRWA) was established as a subsidiary organ of the United Nations General Assembly on 8 December 1949 and became operational on 1 May 1950. It is one of the largest United Nations programs.

The U.S. Department of State is now “troubled” by allegations that 12 UNRWA employees may have been involved in the October 7th Hamas attack on Israel. The Department of State has temporarily paused additional funding for UNRWA while they review these allegations and the steps the United Nations is taking to address them.

All funding of this United Nation’s group should have been permanently eliminated long ago. It was, under the Trump administration. When Biden took office, he immediately [funneled more than \\$730 million](#) to the organization for [refugee assistance in the West Bank and Gaza Strip](#).

US tax dollars are aiding in the Hamas genocidal attacks

against our only ally in the region, Israel. [Time to End UNRWA's Jihad Against Israel.](#)

INTERNATIONAL COURT OF INJUSTICE

The Biden administration criticized South Africa for filing a genocide case against Israel at the ICJ. U.S. National Security Council Spokesperson John Kirby said, "We find this submission meritless, counterproductive, completely without any basis in fact whatsoever." For once, this administration has spoken the truth.

South Africa's violent crime and murder of white farmers and foreigners has soared to a 20 year high, but they are not charged at the ICJ.

All charges against Israel are fraudulent. They should have been brought against Hamas, whose genocidal slaughter included rape, dismemberment, beheadings, burning families and babies alive and violent torture and rape of hostages.

At the Hague, a tape recording of a phone call was played. A young Palestinian man was rejoicing in telling his mother he killed 10 Jews with his own hands. The phone he used was taken from one of the Jewish people he slaughtered.

Yet, they found Israel guilty of false charges, and told them they [must prevent genocide against Palestinians in Gaza.](#) That

is [exactly what they have been doing](#) and it has cost the lives of many IDF soldiers.

“The State of Israel does not need to be lectured on morality in order to distinguish between terrorists and the civilian population in Gaza,” Israeli Defense Minister, Yoav Gallant said. “Those who seek justice, will not find it on the leather chairs of the court chambers in The Hague. They will find it in the Hamas tunnels in Gaza, where 136 hostages are held, and where those who murdered our children are hiding.”

“That the wide majority of justices on the court would sit calmly at the reading of its rulings on the eve of Jan. 27, set aside by the international community as International Holocaust Remembrance Day, only deepens our disappointment at the world’s betrayal of the Jewish state and people,” the International Christian Embassy Jerusalem stated. “This decision inverts justice and is built on decades of the United Nations and all its forums becoming the world’s most cunning purveyors of antisemitism.”

The Court stopped short of a ceasefire order. The ICJ, the main judicial arm of the United Nations, rejected a request on Friday from South Africa to order a halt to Israel’s defensive war against Hamas in the Gaza Strip.

Israel’s defense against the bloodbath butchery of October 7th is righteous.

Howard Rotberg puts it perfectly in his article, [Shylock at the Hague](#), “Anti-Israelism has passed into the realm of anti-Semitism through its holding of Israel to different standards than any other country, and its focus on the retributive aspects of Israeli reactions, rather than the actions of murderers attacking Israel.”

America’s Betrayal

“No one with two functioning brain cells looks at Hamas’

massacre and rape and kidnapping and says, 'Let's give these people a state.'" Erielle Davidson, author at the Federalist and Senior Policy Analyst at the Jewish Institute for National Security of America.

The US aims to reward terrorism with a two-state solution.

The top EU diplomate, Josep Borrell, says the international community will have to ["impose"](#) it.

Secretary of State Antony Blinken [told Israeli Prime Minister Benjamin Netanyahu](#) that Israel cannot defeat Hamas – that there is no "military solution," and that Israel will have to accept a Palestinian Two State Solution. Netanyahu emphatically rejected the idea in order to ensure Israel's survival.

Joe Biden and Antony Blinken believe there should be de-escalation of the war effort by Israel, despite the savage slaughter of over 1200 Jewish innocents. The US is still promoting a two-state solution. Let me be plain. What the hell did this administration think existed for the last 18-plus years?

Living with people who want you dead will never work.

Blinken is [demanding aid for Palestinians](#), saying their babies are dying too. Sorry Blinken, but any aid to Gazans goes directly into the pockets of Hamas for their ongoing war against Israel. The Secretary of State also told Netanyahu to

[use smaller bombs](#) so as not to kill innocent Palestinian civilians. Israel has told Palestinian civilians where to move to be safe, but Hamas threatens their lives if they leave. Yet Israel is expected to protect Palestinians when we know those citizens, including youngsters, were gleefully dismembering, spitting on and dragging the bodies of murdered Israelis through the streets of Gaza.

The Biden administration is loaded with Islamists and Hamas supporters. Adeel Mangi is the latest nominee to the Third Circuit of the U.S. Court of Appeals, a lifetime appointment to a court only one rung below the Supreme Court.

Mangi was a former member of the advisory board of Rutgers University's Center for Race, Security and Rights. Jonathan Tobin's article, "[What they really mean when they cry 'Islamophobia'](#)," states, "The center is a cesspool of anti-Israel propaganda helmed by a radical Rutgers Law School professor Sahar Aziz, an avowed opponent of Israel's existence. It has a record of programs aimed at delegitimizing the Jewish state and the rights of the Jewish people, as well as promoting Islamist radicals."

Worldwide funding endeavors to encourage prosperity for Gazan citizens were spent by Hamas on war efforts to destroy Israel. Israelis left a flourishing Jewish community when they were forced out in September of 2005.

Prime Minister Ariel Sharon authorized the disengagement from the Gaza strip and North Samaria in believing the plan would improve Israel's security and international status in the absence of peace negotiations with the Palestinians.

Israel cannot survive living with barbaric savages who want

them dead.

Speaking Truth

Honesty is the first chapter in the book of wisdom. Thomas Jefferson

[Douglas Murray](#) speaks truth to the British people.

“I came back to London and I hear the residue of the people outside the Israeli embassy. These people were not protesting against Israeli countermeasures. They hadn’t even had any countermeasures. They were protesting because Jews by the hundreds had been slaughtered in Israel and they wanted to wound us more. I’ve written in The Spectator tomorrow, “Demand of the Prime Minister and Home Secretary that supporters of Hamas in the UK must be treated exactly the same way as supporters of Isis were. If you stand in Britain with a Hamas flag, you should not be allowed to be free in Britain. You should be arrested, have your citizenship withdrawn, your passport withdrawn. You should be deported. You should be sent to Gaza and try your luck there. But you should not be given the right to insult and to taunt Jews after the death of Jews.’”

[Caroline Glick](#) Speaks Truth to the EU

Journalist and author, Caroline Glick was also a JAG officer in the IDF and an advisor to Benjamin Netanyahu. In this

[Jerusalem Post Diplomatic conference](#), sparks begin to fly in the three-minute video when the Danish Ambassador makes statements that are an affront to Israel.

Conclusion

There is so much more to be written, but what the Lord has to say is the final truth.

Deuteronomy 7:7-9

⁷ The Lord did not set his love upon you, nor choose you, because ye were more in number than any people; for ye were the fewest of all people:

⁸ But because the Lord loved you, and because he would keep the oath which he had sworn unto your fathers, hath the Lord brought you out with a mighty hand, and redeemed you out of the house of bondmen, from the hand of Pharaoh king of Egypt.

⁹ Know therefore that the Lord thy God, he is God, the faithful God, which keepeth covenant and mercy with them that love him and keep his commandments to a thousand generations.
