

State of the Union: What If 20 Million Illegal Aliens Vacated America?

At times, I revisit some of my work as to the past and how it applies to the present. Trump's speech provided me with renewed hope that our U.S. Congress might finally represent America and our citizens instead of everybody else's country. Since I wrote this column in October of 2007, our country added 35 million more people, mostly via endless legal and illegal immigration. Unfortunately, with those added foreign immigrants, we fracture and fragment commensurate to our sociological diversity and multiculturalism. Examples abound with angry even violent: Black Lives Matter, La Raza for Mexicans, Muslim Brotherhood, Council on American Islamic Relations (dubbed a terrorist group), and dozens more.

We suffer a Black Caucus so angry, the members would not stand for the flag or the president. One man, Luis Gutierrez, House member from Illinois, walked out because the president honored our flag and standing for the anthem. That man represents illegal Mexicans more than Americans. Nancy Pelosi puckered up her face as if attempting to adjust her dentures during the entire speech. Senator Charles Schumer scowled the whole time. Illegal alien DACA individuals, invited by democrats, openly defied our laws of citizenship.

What if we didn't do that to ourselves? How much nicer would our communities be instead of foreigners? How much nicer would our traffic conditions be in our cities? How about uncrowded

National Parks? How about jobs for Americans, especially in the black inner cities for our youth and their fathers?

Do we really need all this illegal labor when, in fact, 4.1 million Americans remain out of work? Do we need Spanish taking over our stores, bank notes and signage in stores and on the phones?

Immigration projections show us adding 100 million immigrants in 30 years. That means your city will double in population within that tiny time period. It means your water supplies and costs will grow commensurately. How about our cohesiveness as Americans? See what the Moslems do to Europe today? Guess what: they will do it to us tomorrow. It's the nature of their tribe and religion.

Since I wrote this column in 2007, America not only houses an estimated 20 million illegal aliens, it currently houses 3.3 million Moslems. While the illegal Mexicans create severe consequences, today, Muslim immigration threatens the foundation of America's Constitutional Republic. Moslems, with growing numbers, work to undermine the culture, language and constitution of every nation they invade. We already face dozens of Moslem terrorist attacks. Ed O'Callihan of DHS reported last week 23 to 27 honor killings of innocent Moslem

women annually in the USA and 500,000 female genital mutilation cases in the USA. And we allow this kind of 6th century Moslem barbaric activity in 21st century America? You gotta' be kidding me!

Make no mistake, as Latino-Mexican-Hispanic numbers grow, that ethnic group will become the dominant tribe in America by 2042—a scant 24 years from now. With anywhere from 3 to 7 million Muslims, they will press for Sharia Law wherever their numbers grow to dominance. One look at Detroit, Michigan illustrates America's predicament with non-assimilating immigrants.

"Immigrants devoted to their own cultures and religions are not influenced by the secular politically correct façade that dominates academia, news-media, entertainment, education, religious and political thinking today," said James Walsh, former Associate General Counsel of the United States Immigration and Naturalization Service. "They claim the right not to assimilate, and the day is coming when the question will be how can the United States regulate the defiantly unassimilated cultures, religions and mores of foreign lands? Such immigrants say their traditions trump the U.S. legal system. Balkanization of the United States has begun."

Has any situation in our country become better since that commentary in 2007? Answer: much worse! As Ann Coulter researched in her book, **Adios America: The Left's Plan to Turn America into a Third World Hellhole**, we continue on that path with unchecked immigration, legal or otherwise.

Tina Griego, journalist for the Denver Rocky Mountain News wrote a column titled, "Mexican visitor's lament" – 10/25/07.

She interviewed Mexican journalist Evangelina Hernandez while visiting Denver that week. Hernandez said,

"They (illegal aliens) pay rent, buy groceries, buy

clothes...what happens to your country's economy if 20 million people go away?"

That's a good question – it deserves an answer. Over 80 percent of Americans demand secured borders and illegal migration stopped. But what would happen if all 20 million or more vacated America? The answers may surprise you!

In California, if 3.5 million illegal aliens moved back to Mexico, it would leave an extra \$10.2 billion to spend on overloaded school systems, bankrupted hospitals and overrun prisons. It would leave highways cleaner, safer and less congested. Everyone could understand one another as English became the dominate language again. (Source: www.cis.org)

In Colorado, 300,000 illegal migrants, plus their 150,000 kids and grand-kids – would move back “home,” mostly to Mexico. That would save Coloradans an estimated \$2 billion (some experts say \$7 BIL) annually in taxes that pay for schooling, free breakfasts-lunches, medical, social-services and incarceration costs. It means 12,000 gang members would vanish out of Denver alone. (Source: www.Cairco.org)

Colorado would save more than \$20 million in prison costs, and the terror that those 7,300 alien criminals set upon local citizens. Denver Officer Don Young and hundreds of Colorado victims would not have suffered death, accidents, rapes and other crimes by illegals. (Source: www.Cairco.org)

Denver Public Schools would not suffer a 67 percent drop out/flunk out rate via thousands of illegal alien students speaking 173 different languages. At least 200,000 vehicles would vanish from our gridlocked cities in Colorado. Denver's four percent unemployment rate would vanish as our working poor would gain jobs at a living wage. (Source: Rocky Mountain News, May 16, 2004, “What Happened?”)

In Florida, 1.5 million illegals would return the Sunshine State back to America, the rule of law and English. (Source:

FAIR "US Population Projections" Fogel/Martin March 2006)

In Chicago, Illinois, 1.1 million illegals would free up hospitals, schools, prisons and highways for a safer, cleaner and more crime-free experience. (Source: Chicago Tribune)

If 20 million illegal aliens returned "home" –

If 20 million illegal aliens returned "home," the U.S. economy would return to the rule of law. Employers would hire legal American citizens at a living wage. Everyone would pay their fair share of taxes because they wouldn't be working off the books. That would result in an additional \$401 billion in IRS income taxes collected annually, and an equal amount for local state and city coffers. (Source:

No more push '1' for Spanish or '2' for English. No more confusion in American schools that now must content with over 100 languages that degrade the educational system for American kids. Our overcrowded schools would lose more than two million illegal alien kids at a cost of billions in ESL and free breakfasts and lunches.

We would lose 500,000 illegal criminal alien inmates at a cost of more than \$1.6 billion annually. That includes 15,000 MS-13 gang members who distribute \$130 billion in drugs annually would vacate our country. In cities like L.A., 20,000 members of the "18th Street Gang" would vanish from our nation. No more Mexican forgery gangs for ID theft from Americans! No more foreign rapists and child molesters!

Losing more than 20 million illegal aliens would clear up our crowded highways and gridlock. Cleaner air and less drinking and driving American deaths by illegal aliens!

Drain on America's economy; taxpayers harmed, employers get rich

Over \$80 billion annually wouldn't return to their home countries by cash transfers. Of that, \$25 billion reaches Mexico annually. Illegal migrants earned most of that money untaxed, which further drains America's economy – which currently suffers a \$7 trillion in 2007 and \$19 trillion debt today. (Source: www.cis.org which is Center for Immigration Studies in Washington DC)

At least 400,000 anchor babies would not be born in our country, costing us \$109 billion per year per cycle. At least 86 hospitals in California, Georgia and Florida would still be operating instead of being bankrupted out of existence because illegals pay nothing via the EMTALA Act. Americans wouldn't suffer thousands of TB and hepatitis cases rampant in our country–brought in by illegals unscreened at our borders. (Source: www.cis.org)

Our cities would see 20 million less people driving, polluting and grid- locking our cities. It would also put the “progressives” on the horns of a dilemma; illegal aliens and their families cause 11 percent of our greenhouse gases.

Over one million of Mexico's poorest citizens now live inside and along our border from Brownsville, Texas to San Diego, California in what the New York Times called, “colonias” or new neighborhoods. Those areas resemble Bombay and Calcutta where grinding poverty, filth, diseases, drugs, crimes, no sanitation and worse. They live without sewage, clean water, streets, electricity, roads or any kind of sanitation. The New York Times reported them to be America's new “Third World” inside our own country. Within 20 years, at their current growth rate, they expect 20 million residents of those colonias. (I've seen them personally in Texas and Arizona; it's sickening beyond anything you can imagine.) By enforcing our laws, we could repatriate them back to Mexico. (Source: New York Times: “Third World Emerges on America's Borders” March 16, 1988)

High integrity, ethical invitation

We invite 20 million aliens to go home, fix their own countries and/or make a better life in Mexico or wherever. We invite 1.1 million people into our country legally more than all other countries combined annually. We need to stop that, too! We cannot and must not allow anarchy at our borders, more anarchy within our borders and growing lawlessness at every level in our nation.

Thank you, President Trump and every red-blooded American who wants our country to remain our country, our flag, our national anthem, our culture, our language and our way of life.
