

States Will Regret Not Reconstituting The Constitutional Militia

Last year during the presidential race America saw the most reprehensible behavior by some police departments when it came to Trump supporters:

[CA Judge Allows Trump Supporters' Lawsuit Against City of San Jose to Continue](#), March 17, 2017

"The City of San Jose asked a federal judge to throw out a lawsuit charging that the city's police had put a group of Donald Trump supporters in danger last year. Instead, the Trump supporters' lawsuit was given the green light to go ahead. The lawsuit filed by fourteen Trump supporters in July centers on claims that the San Jose police led them straight into a mob of violent anti-Trump protesters following a Trump rally in June of 2016. The lawsuit also charges that police stood by and did nothing as the liberal mob physically attacked the Trump supporters.

"We've seen video appearing on international local and national media that shows the police standing by as people were getting gruesomely attacked," said California Log Cabin Republicans representative Charles Moran.

"As Breitbart News [reported last year](#), a 14-year-old girl was reportedly assaulted by two people and was then allegedly denied assistance by the San Jose Fire Department. In another case, a 71-year-old woman is described as having had her glasses ripped off and crushed. The suit alleges that police who witnessed the incident refused to arrest the culprit. Despite dismissing claims against San Jose Police Chief Eddie Garcia, on March 15 federal Judge Lucy Koh refused to toss the lawsuit against the city and several individual police

officers, [KCBS reported...](#)

"Additionally, when the lawsuit was filed, San Jose Mayor Sam Liccardo, a Hillary Clinton supporter, denounced the claims that his police were ordered to stand down. In June, Liccardo even blamed Trump for the violence.

"But Dhillon slammed the mayor for "blaming the victim." She told Breitbart: "San Jose's Mayor compounded the enflamed situation by effectively blaming the victims for attending an event sponsored by a politician the Mayor disagrees with, which he made clear in his public statement following the riots. Victims waited for weeks to see if the city would take action aggressively to prosecute the offenders, but to date, the City has failed to hold the rioters and their organizers fully accountable for the violence and the threats chilling the free speech and association rights of the victims."

[Berkeley probes "hands-off" police response to protest chaos](#), February 7, 2017

BERKELEY, Calif. – "University of California, Berkeley police took a hands-off approach to protesters on the campus last week when violent rioters caused chaos when they overtook a largely peaceful protest against a right-wing speaker. But that response by campus officers is being questioned amid widening political polarization and increasingly hostile demonstrators. Last week's protest featured "Black Bloc" tactics employed by mask-wearing protesters dressed head-to-toe in dark clothing and using crude weapons to vandalize property.

"While officers largely stood to the side, about 150 people labeled "agitators" by Berkeley police used metal rods, Molotov cocktails and commercial-grade fireworks to overwhelm police and smash bank branch and storefront windows in downtown Berkeley.

"They also lit raging fires in a rampage that caused more than

\$100,000 damage while protesting the scheduled appearance of right-wing provocateur Milo Yiannopoulos on Feb. 1, whose event was canceled while he was evacuated from campus in a bullet-proof jacket.”

[There was no Ann Coulter speech. But protesters converged on Berkeley](#), April 27, 2017

BERKELEY, Calif. – “Ann Coulter’s speech at the University of California at Berkeley was canceled. But the debate and hostility that were unleashed by the controversy over the conservative commentator’s planned event continued here Thursday.

“Demonstrators who participated in other recent violent clashes on Berkeley’s streets began gathering at a city park and on campus Thursday to fight for free speech or to protest hate speech. Many were geared up – with helmets, shields and padding – for a confrontation at the park, just blocks from the campus and Berkeley High School. And the possibility of violence caused authorities to turn out in force.”

Many of the useful fools, nitwits, really, basically all chimed in on the same theme: We’re here against Fascism! Really? They wouldn’t know the definition of the word Fascism if old Benito Mussolini stood in front of the zombies and explained it in detail.

Those of us who do the hard research know big money is behind the violence we’ve been seeing in this country since the Trayvon Martin circus. The bulk of that money comes from one of the most vile, evil men still breathing: George Soros. I have written for a long time if we had a real Department of Justice, Soros would have long ago been indicted by a federal grand jury for sedition at the very least. He’s been using his billions for decades to destroy countries, people lives and since becoming a U.S. citizen for purely financial reasons, is hell bent on destroying our republic and turning this country

into a nation of dumbed down cattle led around by his money prod.

Liberals (socialists) and progressive liberals (Marxists) don't believe in free speech, only their speech counts as truth.

Being in the trenches nearly 24/7 for the past 27 years I've monitored and closely followed the America hating groups. Muslims trapped in a fake religion called Islam and militant Mexican groups who hate us and have been working tirelessly for decades trying to out breed Caucasians to take over public offices in the border states in order to 'reclaim' them for Mexico. All biding their time.

Let's not forget cities in America that have become killing fields without enough police to stop the violence and enough citizens themselves who could stop it but in my humble opinion don't know how. Sure, a big factor is how children are raised but when outside money and influences are allowed to infiltrate breeding gang violence, the unarmed sheep are the first to get mowed down:

"Thousands Flee Chicago For Safer Areas Of The Country As America's Third Largest City Becomes A Gang-Infested Wasteland: Did you know that the number of murders increased by almost 60 percent in the city of Chicago last year? And as you will see below, this year gang violence in the Windy City

has risen to a new level of viciousness. A staggering 9.5 million people live in the Chicago metropolitan area, and it was once known primarily for great pizza, bitter cold and some of the best sports fans on the entire planet. But now the number one thing that comes to mind for many when they think about the city of Chicago is gang violence. As it becomes clear that things are not going to turn around any time soon, thousands of residents are leaving the city for safer areas of the nation.” Do take the time to read the whole piece. Michael Snyder, an attorney, is also a writer of hard facts.

More violence is being planned. These would be ‘Americans’ against Trump’s efforts ON THEIR BEHALF to create more new jobs, cut taxes, annihilate ISIS and do as much as he can to improve things in America while his own party is trying to destroy him from within.

[Mass Nationwide Anti-Trump Riots Planned For July 2nd, Summer of rage set to boil over as militant leftists plan to OVERTHROW Trump](#), May 20, 2017: “Militant anti-Trump Antifa leftists are planning huge RIOTS on July 2nd. The establishment media is fanning the flames by portraying Trump as illegitimate. This could be the flashpoint that brings about a violent coup in America. Please share this hugely important video.” (Short but to the point)

As usual, we hear the worn out stupidity of “an attack on our democracy”. Ignorant products of the government indoctrination centers they call public schools who know nothing about democracy or that our legal form of government is a constitutional republic, not the mob form of government these sad examples of ‘activists’ promote.

< style="">“Democracy will soon degenerate into an anarchy; such an anarchy that every man will do what is right in his own eyes and no man’s life or property or reputation or liberty will be secure, and every one of these will soon mould itself into a system of subordination of all the moral virtues

and intellectual abilities, all the powers of wealth, beauty, wit, and science, to the wanton pleasures, the capricious will, and the execrable [abominable] cruelty of one or a very few." John Adams (1797-1801) Second President of the United States < style="">

"The democracy will cease to exist when you take away from those who are willing to work and give to those who would not." Thomas Jefferson, Besides being the author of the Declaration of Independence he was also our Third president< style="">

"Democracy is the most vile form of government. ... democracies have ever been spectacles of turbulence and contention; have ever been found incompatible with personal security or the rights of property: and have in general been as short in their lives as the have been violent in their deaths." James Madison (1751-1836) Father of the Constitution, our Fourth President

[Democracy ore Republic – Which is it?](#) Truly a must read.

"A democracy is a volcano, which conceals the fiery materials of its own destruction. These will produce an eruption, and carry desolation in their way." Fisher Ames (1758-1808) Founding Father and framer of the First Amendment to the Constitution

< style="">"Remember, democracy never lasts long. It soon wastes, exhausts, and murders itself. There never was a democracy yet that did not commit suicide. It is in vain to say that democracy is less vain, less proud, less selfish, less ambitious, or less avaricious than aristocracy or monarchy. It is not true, in fact, and nowhere appears in history. Those passions are the same in all men, under all forms of simple government, and when unchecked, produce the same effects of fraud, violence, and cruelty. When clear prospects are opened before vanity, pride, avarice, or ambition, for their easy gratification, it is hard for the

most considerate philosophers and the most conscientious moralists to resist the temptation. Individuals have conquered themselves. Nations and large bodies of men, never." John Adams (1797-1801) Second President of the United States

< style="">"Democracy is nothing more than mob rule, where fifty-one percent of the people may take away the rights of the other forty-nine percent." < style="">Thomas Jefferson

A big part of the solution is the constitutional militia that too small a number fully understand and support. For the past dozen years Dr. Edwin Vieira has been the voice trying to get Americans demand their state legislatures reconstitute the constitutional militia to repel invasions (that would be the human hordes of illegals, drug runners and terrorists) and as back up to local law enforcement and first responders.

In recent years we've seen police forces 'stand down' or simply stand by and watch the destruction of rioting caused by fabricated 'racial' injustice (think thug Michael Brown in Ferguson, MO) and now on college (kindergarten) campuses. In some 'stand down' incidents, innocent Americans exercising their rights under the First Amendment have been beaten bloody. Where was the constitutional militia to stop such outrageous conduct while law 'enforcement' allowed Americans to be physically harmed?

Sadly, it's too late for our Texas State Legislature to do their constitutional duty as they are getting ready to go out of session May 29th and won't return until January 2019.

Sadly, the 100 million gun owners in this country (with the exception of some who do understand the issue like [Oath Keepers](#) and [Gun Owners of America](#)) – as well as the NRA continue to ignore the solution and keep pursuing nothing but more Band Aids. But, don't forget to keep sending your donations to the NRA so they can keep compromising away the Second Amendment.

Mark my words: One day the states and their counties will regret not adhering to the U.S. Constitution to protect the people from our countless enemies within.
