

# Stop All Diversity And Chain-Immigration Now

When Moslem immigrant Sayfullo H. Saipov from Uzbekistan won the Diversity Lottery Visa in 2010, Congress guaranteed the deaths of eight people and 15 wounded in the streets of Manhattan, New York last week.

With his lucky lottery number, Saipov slaughtered women, children and elderly people. He cut the legs off one lady who must now face life in a wheel chair or prosthetics.

Saipov remains in a New York hospital, under heavy guard, and praises Allah for the courage to carry out the killings. Allah, of course, promises him 72 virgins in Islamic heaven.

In 2016, Moslem immigrant Omar Mateen killed 49 and wounded 58 in an Orlando, Florida gay nightclub. Watching two gay men kiss fouled his Islamic teachings so gays must be killed for their transgressions.

January 7, 2016, Moslem immigrant Emir Mohamed Sikkim, at a Fort Lauderdale airport, casually took out his gun to kill five and wounded eight in a planned attack to appease Allah and the Quran.

May 19, 2015, two Moslem immigrant brothers, Dzhokhar and

Tamerlan Tsarnaev bombed the Boston Marathon to kill and maim dozens.

To finish the year off in 2015, Moslem immigrants Syed Farook and Tashteen Malik executed 14 and wounded 22 in a massacre of fellow colleagues at a Christmas party.

In New York, February 16, 2009, FOX News, Joshua Rhett Miller reported, "The estranged wife of a Muslim television executive feared for her life after filing for divorce last month from her abusive husband," her attorney said – and was found beheaded Thursday in his upstate New York television studio. Aasiya Z. Hassan, 37, was found dead on Thursday at the offices of Bridges TV in Orchard Park, N.Y., near Buffalo. Her husband, Muzzammil Hassan, 44, has reportedly been charged with second-degree murder. "She was very much aware of the potential ramification of her filing for divorce might have," said attorney Elizabeth DiPirro, whose law firm represented Aasiya Hassan in the divorce proceeding. "But she wanted to proceed despite the potential for it to erupt."

On September 29, 2016, Moslem Jamal Mansour executed his daughter via an 'honor killing' by shooting her twice in the head while she slept. Her disgrace: wearing jeans.

Dozens of other Moslem terrorist events mark newspapers and TV reporting throughout the USA, Canada and Europe in the past 10 years. FBI and CIA operatives exposed hundreds of other Moslem terrorist plots throughout the United States that would have killed countless Americans.

What do all these Moslem terrorist events carry in common? Answer: all of the Moslems involved arrived through Diversity Lottery Visas and Chain-migration into the USA within the past 30 years. Either the parents or their kids became Moslem terrorists in the USA.

All of them arrived by the auspices of the United States Congress.

As can be imagined, the 'vetting' stands on par with the screening process of a McDonald's burger flipper. If he or she can breathe, McDonald's hires them. Anyone can migrate into the USA via the Diversity Lottery system.

Consequently, more than 43 million people now residing in the USA arrived from 196 different countries. More than 3.3 million Moslems stake out separate-parallel societies in large cities around the country. These new immigrants fail to assimilate as they fail to speak English or honor the American flag.

According to Dr. Steven Camarota of [www.cis.org](http://www.cis.org) , an analysis of the 2016 Census Bureau data shows that 65.5 million people in America do not speak English in their homes. New York City boasts 800 different languages being spoken in its schools and businesses. Over 173 languages must be endured in Denver, Colorado public schools. Over 100 different languages manifest in California.

What does that mean?

It's called "Extreme Multiculturalism." It means American culture must be degraded, demoted and decayed to the point of non-existence in favor of hundreds of other foreign cultures and languages. It means further fragmentation and fracturing of the American way of life.

Where does it all end? Former Colorado Governor Richard D. Lamm spelled it out in October 2003 with his speech: "The Eight Ways to Destroy America."

"My sixth plan for America's downfall would include dual citizenship and promote divided loyalties. I would celebrate diversity over unity. I would stress differences rather than similarities. **Diverse people worldwide are mostly engaged in hating each other—that is, when they are not killing each other. A diverse, peaceful or stable society is against most historical precedent.** People undervalue the unity it takes to

keep a nation together. Look at the ancient Greeks: “The Greeks believed that they belonged to the same race; they possessed a common language and literature; and they worshipped the same gods. All Greece took part in the Olympic games. A common enemy Persia threatened their liberty. Yet, all these bonds were not strong enough to overcome two factors...local patriotism and geographical conditions that nurtured political divisions. Greece fell. In that historical reality, if we put the emphasis on the ‘pluribus’ instead of the ‘unum, we can balkanize America as surely as Kosovo or Lebanon.” And now, Canada and most of Europe.

Therefore, we must stop all Diversity and Chain-Migration immigration. In fact, we need to stop all immigration into the United States in order to deal with the mess our U.S. Congress already created.

If you would like me to speak at/in your city, conference, social group or clubs about the consequences of mass immigration into America, please contact me. My program: “The Perfect Storm Descending Upon America” articulates the consequences of adding 100,000,000 (million) legal immigrants to America within the next 30 years. It spells out what we face as to shortages in water, energy and resources. It spells out the sociological chaos created by mixing 196 (the number of countries exporting their citizens into our country) different cultures, languages, religions and worldviews from those 100 million immigrants. It illustrates our dilemma as environmental and quality of life consequences.

Additionally, if you would like me to speak on your local radio talk show, please give them my name, topic and contact information. Or give me theirs and I will contact them:
