

Stop Islamic Terrorism in New York City

Attorney General Pam Bondi must authorize FBI Director Kash Patel to arrest and detain New York City mayoral candidate Zohran Mamdani before it is too late. The charges could include acting as an unregistered foreign agent of Iran or violating the Communist Control Act through his membership in the Democratic Socialists of America (DSA), a proven vehicle for communist espionage.

Equally significant, if they take power, Mamdani and his “Red Jihad” supporters could facilitate another major terrorist attack in New York City by dismantling official cooperation between the New York City Police Department and the FBI.

As we approach another anniversary of the 9/11 terrorist attacks on New York City, the threat of radical Islam has returned in a big way to America’s financial capital and largest city. Zohran Kwame Mamdani is a young Marxist Shia Muslim linked to the Islamic zealots running Iran who has won the Democratic Party nomination for mayor of New York City.

We call this the “Red Jihad,” a combination of Marxism and radical Islam that threatens to ignite another 9/11 on American soil.

A new poll finds Mamdani leading disgraced former governor Andrew Cuomo 48-44, if the other two major candidates drop out.

President Trump calls Mamdani a “communist lunatic” but he is very slick and backed by smart political operatives, including of course the leftists in the media and the college protesters supporting foreign terrorists on American campuses.

Our recent report, [The Rise of Zohran Mamdani and the Marxist-Islamic Alliance](#), gives you the background.

Whether he wins or not, much damage has already done, and the threat will remain.

Those backing Mamdani, even if they don’t succeed in getting him into office, have proven to be a massive force with political muscle. They are extremely powerful on a national level as well, having joined the “Our Revolution” campaign started by Senator “Bolshevik Bernie” Sanders

In Mamdani’s case, he is a representative of a Muslim sect associated with the Ayatollah of Iran that wants to destroy America and Israael.

But there is a solution, The resources of the federal government can be brought to bear on this problem, since the federal government has jurisdiction over cities for giving sanctuary not only to criminal aliens but terrorist sleeper cells which could unleash a nuclear dirty bomb on American soil.

This is the danger in New York City. Mamdani and the DSA must be under immediate investigation for their non-compliance with the Foreign Agents Registration Act and the Communist Control Act.

Attorney General Bondi has a lot on her plate, but time is running short and she must go after Zohran Mamdani and his socialist/communist Islamic Army.

All New Yorkers – indeed, all Americans – are at risk. Mamdani may or may not win the contest, but he will not be going away.

His followers in the so-called Democratic Socialists of America (DSA) will continue to press for the defunding of the New York City Police Department and to discontinue cooperation with the FBI's New York Counterintelligence Program. They are a major force that cannot be ignored.

Those claiming the DSA is a just a "democratic socialist" group are lying.

DSA leader Kurt Stand was convicted of being a communist spy for the Soviet Union (and then Russia) and East Germany who was sentenced to prison in 1998 and released in 2012. He was convicted of conspiracy to commit espionage, attempted espionage, and illegally obtaining national defense documents.

His wife was a member of the Committees of Correspondence for Democracy and Socialism and was also convicted of spying for East Germany. The Committees of Correspondence for Democracy and Socialism was itself a spinoff of the Communist Party USA, once funded by the Soviet Union.

Mamdani ran on a platform of making things free for the poor and taxing the rich to pay for them. This Marxist approach won the support of many college-educated voters and those who would rather get welfare than work. However, there is something more ominous about this candidate and his movement that all Americans must understand.

The threat is another 9/11, not a government-run grocery store.

As a long-time analyst for the media watchdog group Accuracy in Media, I documented media malpractice and misdeeds over the course of decades. In this case, one of the worst I have ever seen, the major media are protecting Mamdani by labeling criticism of him as "Islamophobia," even though fear of this Marxist Muslim is justified and rooted in an objective analysis of his Marxist/Muslim beliefs.

Here are the shocking facts: he is a Marxist and a Muslim with links to the same brand of Shia Islam that dominates the regime of Iran. Like the Mullahs, who rule Iran, he is a "Twelver" or Ithna-Asheri, the largest branch of Shia Islam, and believes in the return of the so-called 12th Imam and an apocalypse leading to Judgment Day and global Islamic rule.

One part of their plan is clearly to capture New York City's government and lay the groundwork for another 9/11, this one nuclear in nature that could cost the lives of millions of our fellow Americans.

I believe in the freedom of religion but these are frightening views that threaten the safety and security of all Americans because they trace back to a foreign terrorist power still with access to weapons-grade uranium.

The Trump Administration must act. Please stop the behind-the-scenes political maneuvers regarding a possible Trump endorsement of Cuomo.

Looking back, let us understand the danger of radical Muslims in political office.

Keith Ellison was the first Muslim member of the U.S. Congress and took his oath of office on a copy of Thomas Jefferson's Koran.

That was a ploy on his part, designed to make it appear that Ellison was not un-American.

Jefferson had a copy of the Koran, which he studied for academic purposes, but the Muslim former Congressman was an associate of Louis Farrakhan and later won the race for Attorney General in Minnesota. He not only had links to the Black Muslims of Louis Farrakhan, but he defended a member of the Weather Underground spin-off, the Symbionese Liberation Army. Plus, like Mamdani, he is an outspoken critic of the state of Israel.

The Nation of Islam believes white people were created by a scientist named Yakub and constitute an inferior race.

That is kooky, but not as kooky and dangerous as Mamdani's "Twelver" ideology that is linked to Iran.

You may recall that Barack Hussein Obama's relationship with Farrakhan was covered-up through his 8 years of office, only to surface publicly in 2018 when an old 2005 photograph of Obama and Farrakhan together was finally published.

"Barack Obama is Louis Farrakhan and Karl Marx rolled into one." Those were the words of businessman Zubi Diamond at a conference I sponsored back in 2011.

We now must focus on Mamdani and the threat he poses to New York City and America. Among other things, Mamdani as mayor can cease cooperation with the FBI as they work to prevent another 9/11 in New York City.

It is urgent that the FBI act against him now. Attorney General Bondi must authorize immediate action.
