

Stop Non-Citizens from Voting – Here's How

Let's get right to the point here. The Democrat Communist Party USA, despite endless conspiracy theories by the prostitute media, stole the 2020 presidential election and cheated candidates who ran for seats in the U.S. House and Senate.

Now close to four years later and with so much proof having been uncovered by dedicated Americans, the game plan to steal federal elections this November for Congress had to be adjusted. And, make no mistake, the liars, cheats and thieves who belong to the Democrat Communist Party USA have put our republic and citizens at dire risk with their reckless open border invitation for MILLIONS of unvetted rapists, murderers, terrorists and leeches now here to suck down your paycheck.

Anyone with an IQ above 70 knows the lying career criminal walking corpse in the People's House (White House), China owned Joe Biden, is in the first stages of Alzheimer's. The dementia phase is over and so is Biden. While he embarrasses *our* America at these elite meets with foreign "leaders", the middle man, another liar who cheated his way into the WH, is running the show partially under the direction of, I believe, Valerie Jarrett who was born in Iran.

[The Communist Family Tree of Valerie Jarrett – A disturbing reminder of who our President chose to serve as his co-president](#) – and why, June 25, 2015, John Perazzo

“Barack Obama’s closest and most influential adviser, Valerie Jarrett, has never been an enigma. She was, after all, the person most responsible for bringing the revolutionary communist Van Jones into the Administration six years ago, so her bona fides as a radical extremist have long been obvious to anyone who wasn’t afraid to notice.

“But a newly released report from Judicial Watch, which examines key FBI documents related to Jarrett’s many family ties to hardcore Communists, brings bold color to what previously were gray areas. The effect is nothing short of breathtaking, when we consider that the twice-elected President of our nation chose this woman—and no one else—to serve, essentially, as his co-president.” *I do encourage you to read the rest to fully understand, Mr. Cool, Marxist Hussein Obama.*

Thankfully, Willard “Mitt” Romney’s niece, Rona McDaniel, is gone from the RNC National Committee; she was head hen for four terms. One has to wonder why she wasn’t booted years ago because her record as a complete failure was there for all to see? Some changes have come about along with pledges: [RNC co-chair Lara Trump promises to prosecute anyone who cheats in an election: ‘We will track you down’](#). Lara Trump, Republican National Committee aim to recruit 100,000 poll watchers, 500 lawyers ahead of election, June 16, 2024

That’s nice but it will not stop the federal elections from being stolen. Again. I’ve covered two very important lawsuits percolating in the courts. They should be big news, but even most conservative web sites haven’t bothered to cover them: [Finally: RNC Files Bombshell Election Lawsuit](#), Jan. 29, 2024

“Well, imagine my surprise two days ago when I read this on foxnews.com that magically disappeared from their front page an hour later: [RNC files an election integrity lawsuit in Mississippi challenging ballot counting deadlines](#), Jan. 6, 2024. “The Republican National Committee filed a lawsuit Friday to stop Mississippi ballots received days after Election Day from being counted, arguing a current statute violates federal law. The state’s current deadline allows ballots postmarked on or before Election Day to be counted if received within five business days of the election.

“The RNC, along with the Mississippi Republican Party and the Hinds County Republican Party, are claiming the practice violates the federal Election Day statute, which states that “the Tuesday next after the 1st Monday in November, in every even numbered year, is established as the day for the election.”

“FINALLY, a lawsuit backed up by a U.S. Supreme Court ruling. The U.S. Supreme Court rarely overturns a previous SCOTUS decision. *Roe v Wade*: 49 years and after murdering 62+ MILLION unborn babies *with a beating heart*, that horrible, immoral decision was correctly overturned.”

Filed January 26, 2024 in Gulfport, Mississippi; [see filing here](#). Case No. 1:24-cv-00025-LG-RPM

The second lawsuit was filed May 3, 2024, in the United States District Court, District of Nevada. Another state Trump absolutely won in 2020 despite election deniers on the Internet, junk cable programs like MSNBC and the nightly “news” on the propaganda box aka TV. How many of them watched the hearing years ago with Trump’s attorney, Jesse Bennell, present solid PROOF in paper form thousands of dishonest Americans who no longer lived in Nevada received ballots and illegally voted in that state in 2020? I did and was absolutely sickened when the partisan judge ruled fraud was just fine and dandy, dismissed.

Plaintiffs in this second lawsuit are not just the RNC, but also the Nevada Republican Party and Donald J. Trump for President 2024, Inc., and Donald J. Szymanski. Case 3:24-cv-00198. Last docket entry was June 21, 2024; [see here.](#)

They better get a move on it as hard to believe, early voting will start within a few months. *Those two cases are the big game changer.* ALL the “swing” states in 2020 violated a 1997 9-0 decision regarding counting of votes ON election DAY as so stated in the U.S. Constitution. THAT is how the evil doers cheated Trump. **Those two cases are critical and if not successful must go to the U.S. Supreme Court on an emergency basis. This is it, fellow Americans.**

In the Mississippi case, [the next hearing is set for July 5th.](#) I called the offices of the lead attorneys for the plaintiffs in both cases this past week in an effort to see if they have an estimate as to when their cases go to trial. No one has returned my phone calls. Well, I’m not Tucker Carlson or Lara Trump.

No question the human invasion at the border was planned and continues. **Mayorkas should have been impeached years ago, the rotten, corrupt SOB.** Illegals are being given instructions on how to register to vote, where to vote as are non-citizens. Sewers like Washington, DC are allowing non-citizens to vote with no ID required and “blue” states are about to pull the same tactic.

Illegal aliens have NO RIGHT TO BE ON U.S. SOIL, period.

Allowing them to vote in our elections is sickening. Any and all NGO's including the DNC should be charged for aiding illegals getting registered to vote. An illegal alien could vote in our elections for candidates who should never serve in office. Then the illegal is

deported, but their vote was counted. *One of Trump's number one priorities is to begin a massive deportation program.*

Look at the massive jump in crime since nearly 10 million illegals have been welcomed with open arms by Hussein Obama's puppet, career criminal, usurper president, Joe Biden, Kamala Ho Harris and their cockroach errand dumbos. Millions who come from our enemy countries like commie China, Iraq, Afghanistan, Iran – nearly 120 different countries.

Most speak no English; many are bringing diseases causing a huge overload for our health care system. **They have no allegiance to America nor do they have any respect for our**

laws. They have ZERO understanding of the founding of this constitutional republic and don't give a damn. **They're here to steal jobs that belong to Americans, suck up our resources like water, power, collapsing our health care system you and I are being raped in taxes to pay for and overloaded schools.** Gangs are here from crap holes like Venezuela; their numbers will grow.

When you come here legally as did both sets of my grandparents (Palermo, Sicily [Italy] and Munich (Germany)), they had to pass an English proficiency test and could not board the boat without a letter less than 30 days old they did not have TB. Individuals who come here legally, apply for citizenship, pass the U.S. Nationalization Test and lawfully wait until it's time to take the oath:

"I hereby declare, on oath, that I absolutely and entirely renounce and abjure all allegiance and fidelity to any foreign prince, potentate, state, or sovereignty, of whom or which I have heretofore been a subject or citizen; that I will support and defend the Constitution and laws of the United States of America against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I will bear arms on behalf of the United States when required by the law; that I will perform noncombatant service in the Armed Forces of the United States when required by the law; that I will perform work of national importance under civilian direction when required by the law; and that I take this obligation freely, without any mental reservation or purpose of evasion; so help me God."

Those who come to America, follow the law and take the oath: Welcome. Work hard and achieve your American dream. That one of the reasons I am 100% against dual citizenship for any elected official. You're either an American or you're not.

I am not a fan of the Heritage Foundation by any means, but the author has done an excellent piece of research: [The](#)

Threat of Non-Citizen Voting: citizenship is and should be a basic requirement for voting. citizenship is a legal requirement to vote in federal and state elections, except for a small number of local elections in a few jurisdictions.

“Some Americans argue that alien voting is a nonexistent problem or dismiss reported cases of non-citizen voting as unimportant because, they claim, there are no cases in which non-citizens “intentionally” registered to vote or voted “while knowing that they were ineligible.” Even if this latter claim were true-which it is not-every vote cast by a non-citizen, whether an illegal alien or a resident alien legally in the country, dilutes or cancels the vote of a citizen and thus disenfranchises him or her. To dismiss such stolen votes because the non-citizens supposedly did not know they were acting illegally when they cast “a vote debases one of the most important Rights of citizens.

“The evidence is indisputable that aliens, both legal and illegal, are registering and voting in federal, state, and local elections. Following a mayor’s race in Compton, California, for example, aliens testified under oath in court that they voted in the election. In that case, a candidate who was elected to the city council was permanently disqualified from holding public office in California for soliciting non-citizens to register and vote.[\[9\]](#) The fact that non-citizens registered and voted in the election would never have been discovered except for the fact that it was a very close election and the incumbent mayor, who lost by less than 300 votes, contested it.” Rest at link.

It’s going to be up to us – you and me – to stop this as early voting will start soon. Having a 100,000 poll watchers and cadre of lawyers at precincts will not stop the steal – especially if electronic machines and scanners are used. [Voting methods and equipment by state](#). I will be requesting a paper ballot when I vote in November.

Here in Texas, you must prove you're a U.S. citizen to vote. BUT, *how clean are the voting rolls in YOUR county?* Judicial Watch and other groups around the country have and are taking serious action against counties. Are votes for federal offices stopped being counted ON election DAY in your precinct per the U.S. Supreme Court, *Foster v Love*?

[Judicial Watch Sues California to Force Clean-Up of Voting Rolls](#), May 7, 2024 – “(Washington, DC) – Judicial Watch announced today that it filed a [lawsuit](#) to force California to clean up its voter rolls. The lawsuit, filed on behalf of Judicial Watch and the Libertarian Party of California, asks the court to compel California to make “a reasonable effort to remove the registrations of ineligible registrants from the voter rolls” as required by federal law ([Judicial Watch Inc. and the Libertarian Party of CA v. Shirley Weber et al.](#) (No. 2:24-cv-3750)).

“The lawsuit was filed in the U.S. District Court for the Central District of California to compel the defendants to comply with their voter list maintenance obligations under Section 8 of the National Voter Registration Act of 1993 (NVRA).”

It's up to us to get Trump into the WH and both the House and Senate take a majority or nothing will get done and Americans (children, teens) will continue to get raped and murdered while OUR way of life is being destroyed and violence increases.

But how do we do this? Boots on the ground just like the Democrat Communist Party USA. They call it community organizing and are very effective. All GOP local organizations, citizens groups: Get to your county election division and make sure they are in compliance with federal law. I will cover my election division plus provide a copy of this column to our county judge, Randy Johnson, who oversees our county Commissioners Court who have complete oversight

regarding elections. Judge Johnson received 80% of the vote in his last election. I voted for him because I believe he's one of those rare, honorable elected officials who takes these issues seriously. A man of integrity.

[Proof Noncitizens and illegals are a nationwide threat to US Elections – New Website Collection of Evidence at NonCitizenVoters.com](#) – For National Release | April 17, 2024

“Americans for Legal Immigration PAC ([ALIPAC.us](#)) is announcing and distributing a new data collection area and website to help lawmakers, staff, candidates, media, and American voters access a sizeable and growing collection of evidence that noncitizens and illegal migrants are registering and voting in US elections despite the fact such actions are already illegal and felonies.

“ALIPAC’s mission is to help America’s legal citizen voters “Detect, Prevent, and Punish noncitizens and undocumented migrants who vote in US elections.”

“This new effort will hopefully help Republican legislative efforts in the US House, as announced last week, to prevent noncitizens from voting in US elections. Many Democrat-supporting media publications reacted to that news by making false claims that noncitizen voters were not a significant issue, so ALIPAC is deploying activists and the new website to help everyone understand that noncitizen voters are a significant foreign influence on US elections in favor of Democrats!

“ALIPAC volunteers are working to collect archived and new information about noncitizen and illegal migrant voters in this new website forum section [HERE...](#) ALIPAC’s new website created to increase the visibility and accessibility of this evidence despite extensive tech censorship on such issues [here](#).

“ALIPAC has been warning American audiences and candidates

about Democrat Party, NGO, and Trade Union plans to field noncitizen and illegal alien voters since 2009, and the main collection list on the site has been viewed over 172,000 times. ([View HERE](#))

“Our evidence and documentation collection makes it clear American elections are vulnerable to the millions of noncitizens in America, and there is a systematic, widespread, national problem with them breaking elections laws to register and vote illegally,” said William Gheen, founder of [ALIPAC](#). “We believe the Democrats and their allies in the cartels, trade unions, Soros-backed NGOs, and media plan to use invasion votes to steal the 2024 elections by threatening illegals with deportation if they don’t vote straight Democrat Party ticket.”

“Embattled Secretary of Homeland Security Alejandro Mayorkis admitted to Congress DHS has no safeguards or policies in place to prevent noncitizen voters. When asked by Rep. Bishop in a hearing what specific measures DHS is taking to ensure non-citizens do not participate in elections unlawfully, Mayorkis admitted, “[I believe that it is state and local election officials that monitor the eligibility of individuals. We do not oversee the election enrollment process.](#)” ([View Source HERE](#))

“It would only take a small fraction of a percent of America’s current illegal immigrant population voting for Democrats in strategic states and districts to give total and permanent control of Congress and the White House to Democrats. Polling, interviews, and the demonstrated impact noncitizen voters exerted on states like California prove that the Democrat Party and corporations that hire illegals are the biggest benefactors to noncitizen election fraud.

“Democrat-run NGOs, Cities, and Executive Branch agencies are using US taxpayer resources to facilitate the undocumented migrant invasion and to show illegal immigrants they can break

many laws, including child rape and assaulting police, and still walk free without fear of justice.

“ALIPAC believes the Democrats are showing illegals they can break many laws without fear of punishment to increase their participation in shadow campaigns to register them to vote and cast ballots to defeat Donald Trump and Republicans running for Congress in 2024.

“More information will be released by ALIPAC soon, informing Americans about the methods that are likely to be used to register and cast noncitizen votes, where these votes will be concentrated, and what groups and organizations will be conducting this mass theft of US elections. Their blood drips from the hands of Hussein Obama, China Joe and Majorkas. Those sub-humans are roaming all over this country thanks to the insanity of an open border since Biden was unlawfully sworn into office in January 2021. “An illegal alien from El Salvador [was charged with brutally raping and murdering Rachel Morin](#), a mother-of-five, on a **Maryland** hiking trail last year. Victor Martinez-Hernandez, 23, was arrested for the murder in **Tulsa, Oklahoma**, last Friday.

“Martinez-Hernandez, who has ties to El Salvadoran gangs and was implicated in at least one other murder, entered the US illegally in February 2023 on Joe Biden's open border invitation.

“Additionally, Earlier this week, two Venezuelan men were arrested for 12-year-old Jocelyn Nungaray's [murder in Houston, Texas](#), after reportedly abducting her, strangling her, and

dumping her body in a bayou. Houston authorities are reportedly still investigating whether Nungary was sexually assaulted before her death.”
