

Subjugation, Psychological Terror and Destruction of Freedom

Kelleigh Nelson

*If it be asked, what is the most sacred duty and the greatest source of our security in a Republic? The answer would be, an inviolable **respect** for the Constitution and Laws. –Alexander Hamilton*

Collectivism means the subjugation of the individual to a group – whether to a race, class or state does not matter. Collectivism holds that man must be chained to collective action and collective thought for the sake of what is called, “the common good.” –Ayn Rand

Politics should be the part-time profession of every citizen who would protect the rights and privileges of free people and who would preserve what is good and fruitful in our national heritage. –Lucille Ball

Before I get into the guts of this article, let's thank the good Lord for answering our prayers and healing our president and first lady in record time. To God be the glory! Baruch Hashem!

It is my gut feeling that a republican gathering was somehow seeded with the virus in the anticipation of negatively affecting President Trump. The Marxists in Congress, in Hollywood, and in the mainstream media tweeted that they hoped the virus would kill him. Well, it didn't. The deplorables prayed.

Our president is still working to make America great again and undo the damage done by decades of globalists. Remember when Obama said he was going to [fundamentally transform America](#)? He did...for the worse. Obama transformed America in a way that stagnated the economy, reduced opportunities, jobs and business creation for the middle class, forced millions to become dependent on government handouts and doused the flame normally ignited by the American spirit. Individual freedom, individual responsibility, low taxes and a limited role for government were all turned upside down by Obama. Fortunately, President Trump is transforming America back to the basics that made the country great. His [accomplishments in his first term are voluminous](#). And he had so little help in doing it.

Keep praying for a massive Trump victory in 2020. Daniel Bobinski's [Predictions for How 2020 Comes to an End](#), looks like a credible overview of what we can expect. I believe the president will win in a landslide and have an opportunity to truly drain the swamp.

Mask Subjugation

Don't you just love the grocery aisles where you can only go one way down them? Idiotic, it truly is...but fortunately my local store hasn't gone that far. While standing at the self-checkout in Kroger, I noticed the woman next to me without a

mask. I told her it was nice to see another person who hadn't drunk the Kool-Aid and donned face diapers. She smiled and said, "I belong to God, and if He wants to take me home, He will, but I'm not kowtowing to these demonic totalitarian dictators with their false psychological terror when I supposedly live in a free country." I smiled and said, "Amen sister!" She is right, everything we're experiencing is demonic in nature, restrictive, and unconstitutional. And the enemies of freedom love it.

Sleepy Joe and Kalamity are calling for a [three-month nationwide mask mandate](#), which is totally unconstitutional, but that doesn't bother them at all, neither does the fact that many people will fall ill from wearing masks. (Thank you, [Joan Swirsky for that perfect name for Harris.](#))

[Rip those petri dishes off your face](#)...the first amendment has come under assault by the great artificially created panic of Covid. This is an existential threat to our very way of life. Read the unalienable [first amendment](#)...and see how many of your God given rights have been abridged by totalitarian dictators.

The surge of new coronavirus positives in the White House and Republican Congress has [renewed the ongoing and ever-intensifying debate on face masks](#). Amy Klobuchar and Chuck Schumer are [pushing for forced masking requirements in the Senate](#). If the liberal senators get their way, Senate members will have to test negative for the virus prior to voting on the body's floor. Likewise, senators exposed to positive virus persons will have to quarantine for two weeks, before a return to Congress; a very easy way to keep Senators from being able to vote for Amy Coney Barrett.

Supposedly a free country...yes well that's the question isn't it? California Governor Gavin Newsom, Pelosi's nephew by marriage, is so concerned for the safety of California residents that he tells them to [wear a mask between bites](#) at

restaurants. The sad thing is, there will be dumbed down Americans who will follow these orders despite the fact that masks do nothing to save you from any flu virus. Every time you touch that mask, you infect it with bacteria. Every time you take a breath through that mask, you breathe in what your body hoped to expel. More and more evidence has come to the fore regarding the very dangers of this shutdown and the subjugation and separation of face masking and social distancing.

Mask wearing has been [blamed for outbreaks on children of impetigo, yeast and acne](#). [Legionnaire's disease](#) and pneumonia are more prevalent in individuals who wear masks on a daily basis, but it may not be from the mask.

All the locked down and emptied office buildings are breeding grounds for Legionnaire's Disease and allow it to thrive. Water taps, air conditioning systems and water fountains are the culprits. Many people who returned to office buildings and were wearing masks, came down with Legionnaires, but it wasn't necessarily from the mask...and they were likely diagnosed with Covid first. Legionnaires has symptoms similar to those associated with Covid-19. Both, for example, are associated with fever, dry cough, and shortness of breath, to name a few symptoms.

There are many other problems associated with long term mask wearing. Dentists say '[mask mouth](#)' can cause serious health complications, including strokes. And guess what? [New technology has been introduced](#) that will automatically scan your face and temperature and if you're not wearing a mask, you'll be locked out!

The unelected bureaucrats of our county health departments are the ones illegally mandating face diapers for

everyone. "Regionalism, which is gradually becoming the accepted method of unelected governance in the United States (unelected councils and task forces, participatory democracy, public-private partnerships, etc.) is the form of government used in democratic socialist and communist countries." ([Link page 134](#))

The true number of Covid deaths did not justify what we've done to our country, but we can thank Fauci, Birx and Redfield for selling fear. For the last three months more people have died in the UK from the flu rather than the coronavirus. Strange how they tell us masks are stopping the spread of the "most deadly" virus, yet can't even slow down the humble flu.

Thousands of health experts have signed the [Barrington Declaration](#) calling for an end to all the lockdowns and warning of irreparable damage to both physical and mental health...damage far worse than the virus itself. They are calling for focused protection for the elderly and those with comorbidities but an end to lockdown allowing populations to gain herd immunity.

But that hasn't stopped Cuomo and DeBlasio of New York with their draconian lockdowns and destruction of the first amendment's "free exercise of religion."

Anti-Semitic Mayor Rounds up Jews

Governor Cuomo and Mayor Bill DeBlasio are continuing their suspension and modification of laws relating to the "disaster emergency" in the State of New York. DeBlasio has locked down nine areas of New York City and says eleven others are on the list. The Mayor has asked Cuomo to again shut schools. If they'd stop the lockdowns and shelter the susceptible, they'd gain herd immunity, but that's not their desire. They'd rather ruin every business in the city than open up and help Trump's economy.

These two communist fools are destroying the City of New

York. God willing, the people will wake up and elect another Mayor Rudy Giuliani.

Warren Wilhelm, aka Bill DeBlasio decided to stop the gathering of Jews celebration the Sukkot Holiday. So, he sent in police to shut down the celebration. The Gateway Pundit reports, [NYC Mayor De Blasio Defends Ban on Religious Gatherings, Says Black Lives Matter Protests OK Because of 'Profound Meaning'](#). So, any religious gatherings are verboten, but Antifa and BLM Marxists who Burn, Loot, and Murder are just fine. There is zero equality under the law.

But our Jewish friends defied communist DeBlasio's Nazi orders. Orthodox Jews with [@realDonaldTrump](#) flags danced to music on the streets of Brooklyn in protest of New York Gov. Cuomo's partial synagogue closures and singling out the Jewish community.

God bless them for their actions and faith.

Covid, Fauci, WHO and the UN

[Tony Fauci](#) is a [United Nations wolf in sheep's clothing](#) telling America why it is so important to save lives from the dreaded Wuhan virus while pandering for the most radical parts of United Nations agenda for the world. That is, Sustainable Development aka Technocracy.

Fauci has crossed a line that should sound the alarm, audaciously [declaring](#) that combatting infectious disease requires the mind boggling task of "*rebuilding the infrastructures of human existence.*" Not only that but he opined that accomplishing these top-to-bottom "radical changes" requires "strengthening the United Nations and its agencies, particularly the [World Health Organization.](#)"

Oh yes, he's a UN Agenda 2030 proponent who wants to limit every freedom as well as the number of human beings on our

planet, and he is a good friend of Dr. Tedros Adhanom, the mouthpiece for China who got us into this mess with his false models of coronavirus deaths.

The Center for Disease Control, Fauci's National Institutes of Health and the World Health Organization are all leftist political entities and should be shut down and never given another American dime.

Hanoi Jane Fonda and Kalamity

Traitor Hanoi Jane Fonda, who sided with the communist North Vietnamese against our soldiers cost them not only their lives, but brutal beatings. Forgive her? No, she's never repented of her evil act that should have locked her in a stockade for life. Now she says, "[Covid is God's gift to the left.](#)" Demented and demonic, she has gone against every freedom given by God to America. She cost American military lives and now she's claiming the Covid illnesses of republicans is a good thing. Why are there no democrats with outbreaks of the virus?

Hanoi Jane has always been a commie lover. Now she and Kalamity Harris (camel face) are going to a "[yell room](#)" campaign. What the hell kind of new age garbage is that? They are truly mentally deranged.

Soros has spent millions in battleground states to win over women for the communist Biden/Kalamity ticket. (Peter Schweizer reported in his book, [Profiles in Corruption](#), that Kalamity Harris dated or "slept" her way to the top with 60 year-old Willie Brown when she was 29.) Oh yes, and the first debate moderator, Fox News host, Democrat [Chris Wallace, has endorsed Kalamity Harris.](#) The debate commission

is a joke.

The yelling event will also be attended by Elizabeth “Fauxcahontas” Warren, twice-failed corrupt presidential candidate Hillary Clinton, commie Bernie Sanders and lunatic House Speaker Nancy Pelosi. It will feature a “[yelling room where participants are encouraged to scream out their emotions](#)” according to event organizers. Oy vey! What happened to class? Doesn’t exist with these crazy commie cretins.

Planning the event is the women’s empowerment organization, [Supermajority](#), launched in 2019 by a group of communist activists, including former baby murdering Planned Parenthood president Cecile Richards and Black Lives Matter Marxist cofounder Alicia Garza. The group has raised \$2.5 million in 2020, with [\\$2 million](#) coming from communist Jew hating billionaire George Soros’s Democracy PAC.

These women are the very socialist/communist dregs of society who wish to be the rulers over a transformed America. I want freedom, not totalitarian and dictatorial control. It is why I have said for decades that women do not belong in the pulpits or politics. There were only two women who were great leaders of a country...Margaret Thatcher and Golda Meir. Of course, there was the magnificent prophetess, heroine and military leader, Deborah in Judges, who inspired the Israelites to a mighty victory over their Canaanite oppressors.

Conclusion

Castro’s Cuba, Mao’s China, Stalin’s Russia, and the Chavez-Maduro wreckage of Venezuela were and are carefully managed to ensure the horrific magnitude of human suffering and death that are the inevitable results of a Marxist–Leninist–Maoist revolution are never seen on mainstream media. But this is what the entire socialist democratic left...let’s call them what

they are...communists...are promoting. Black Lives Matter, Antifa, Islam and dozens of small commie organizations have joined together for an American revolution.

Only one man stands in the gap...that's President Donald J. Trump. Vote for him, and vote for liberty.
