

Subversive Facebook Now Admits What We Already Knew

“Freedom of speech is the great bulwark of liberty; they prosper and die together: And it is the terror of traitors and oppressors, and a barrier against them. It produces excellent writers, and encourages men of fine genius.”

Americans are under attack by the corrupt in this said government like never before in its history. On a daily basis, we are being assailed by these criminals (1 King 13:33).

Instead of magnifying the laws against the crimes, we now have the criminals attempting to tear down the law (Isaiah 5:20). If it is not them directly, and in the light of day, doing the attacking, then it is one of the very arms or alliances of those that are doing their biddings in the dark, or so they hoped (Luke 12:2). One such arm is Facebook (Google, Twitter, You Tube etc.).

Facebook, though they have been exposed over and over again for their transgression of free speech (1st Amendment of the Bill of Rights), they continue their illegal attacks and censorships (1 John 3:4). This is dangerous to any free society.

President George Washington stated: “If freedom of speech is taken away, then dumb and silent we may be led, like sheep to the slaughter.”

Before forfeiting their God-given rights, Americans should consider why this is being illegally done. Josef Goebbels, the propaganda minister under Adolph Hitler, stated:

“If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”

One should take note: Once the state took over the narrative, anyone that dared speak out against Hitler and his totalitarian regime were immediately silenced.

Consider Sophie Scholl. Scholl was a student in Munich in 1943 who, with her brother Hans, were members of the anti-war movement White Rose.

Both were arrested for distributing anti-Nazi leaflets. She was then tried by the then-draconian judicial laws of the regime and sentenced to death by guillotine, as was her brother and friend, Christoph Probst.

What of Otto and Elise Hampel?

A German couple, Otto and Elise Hampel, received the news that their only son had been killed in a World War II battle. Already disillusioned with the Nazi regime, they began a campaign of civil disobedience and wrote messages on postcards

urging fellow Germans to resist. They were both guillotined on 8 April 1943 in the Plötzensee Prison, Berlin.

Conclusion: Americans, what Big Tech companies, along with the mainstream media, are doing by censoring through propagandizing goes against everything that we are according to law and common sense (Psalm 94:20).

Though many may not see it now, what happened under Hitler's Germany (Or any other dictatorship) is going to happen here as well, which it already has in part.

Unless the people put an immediate and lawful stop to this tyranny, it will produce the same results.
