

# Systematically America

# Erasing

In keeping with my tradition of telling you truths you may not want to know, we have to discuss the fact that leftist democrats and their Marxist “scholars” have been systematically erasing America for decades now and unless we stop them, there won’t be a USA soon.

No matter what, I can tell you this for absolute certain...the American people will either drop everything else they are doing and unite in peaceful solutions against the evils we face today, or the USA is going to fall. Those who think they can save this country by electing the right politicians, passing the right legislation, amending the Constitution, or by trying to build a backwoods militia to create and commit a real act of “insurrection,” are dead wrong. These things cannot be done today!

Like it or not, what I’m about to show you is true. Allow me to start from today and work backwards from there.

For well over 30-years now, I have used Noah Webster’s 1828 First American English Dictionary when writing about our Charters of Freedom, linking the true meaning of words in columns that were the real definitions at the time of the adoptions...so that every American could understand exactly what those documents say and mean. This is no longer possible...

Within the past 30-days or so, the **REAL 1828 Webster’s**

**Dictionary** has been totally scrubbed from the internet. Instead, [THIS has been erected in its place](#). Now, I have a full complete printed version of the original 1828 dictionary, both volumes. However, I can no longer link to a book like I could the online version and neither can anyone else. It's gone!

As anyone who knows contract law can confirm, the true meaning of the words in the contract at the time of the execution are the proper legal conditions of the contract. In this case, the contracts are The Declaration of Independence 1776, the U.S. Constitution 1787, and Bill of Rights 1791. These documents can only be properly interpreted by the definitions in use at that time.

*"This online edition has been carefully prepared in a proprietary format. All of the words, definitions and examples have been preserved, **but the explanations of word origins have been omitted** to make using the data in a digital format more accessible. We have omitted Webster's lengthy technical introduction for the same reason.*

**Scripture references have been standardized in a modern format, and many abbreviations have been expanded for ease in understanding."** [LINK](#)

Now, one need look no further than the NEW definition of the word "[citizen](#)" to see why the original 1828 Dictionary was fraudulently replaced by the new edited version, now the only version available online. The word no longer means "a legal member of society." Instead, the term citizen includes all "inhabitants," which is necessary to the Democrat Party efforts to make it legal for illegal alien "inhabitants" to vote in future U.S. elections. [Read the new definition here.](#)

The ORIGINAL 1828 Definition of "citizen" includes **"a freeman of a city, as distinguished from a foreigner, or one NOT entitled to its franchises."** The replacement (NIV) 1828

Dictionary omits this section of the original definition of citizen, with a clear intent. Today, the USA has more than 30 million “foreign inhabitants” properly referred to under the U.S. legal term “illegal alien.” While our government has allowed them to become “inhabitants,” they remain “foreigners NOT entitled to its franchises,” including but not limited to, voting rights. [See false definition HERE](#)

Who is responsible for this horrific act of blatant fraud designed to intentionally undermine the Charters of Freedom?

MasonSoft Technology Ltd

From the Editor:

My name is Keith Mason, and for the last 12 years, I have managed a Christian Internet Publishing and Service company in the English Midlands. At MasonSoft Technology, we aim to spread the word of God by bringing together the resources to create a greater understanding of the scriptures.

MasonSoft Technology is supported by an independent group of Christian theologians, technologists, and linguists. We are not affiliated with any single church or religious organization. Instead, we are an interdenominational group studying Christian revelation and serving God’s purpose.

Thanks to a willing group of friends and volunteers, MasonSoft Technology now has one of the largest collections of digital Reformation Bibles, Manuscripts and Bible Study texts available on the Internet today.

[MasonSoft Technology Ltd](#)

In short, the people responsible for this seditious act is “an independent group of Christian theologians, technologists, and linguists” from England (not the USA), led by Evangelical Christian Keith Mason. ([LINK](#))

This group has successfully ERASED (deleted) the original 1828 Dictionary from the internet, thereby erasing all online access to the true definitions of the words in our Founding documents, in order to “amend” those documents by merely changing the definitions of words. As a result, only those who hold a printed copy can still interpret those documents correctly.

A few decades before this event, another book was totally rewritten by the same global evangelical movement gripping nearly every church today, the original Bible Scriptures. The [NIV Bible](#) removed thousands of words and altered thousands more to alter the true Scripture for the purpose of misleading millions of well-intentioned Christians worldwide.

The NIV Bible is the result of one man’s “vision,” [Howard Long](#), an engineer from Seattle. [HISTORY OF THE NIV HERE](#)

In both of these cases, a single human being had a “vision” to rewrite Holy Scripture and Noah Webster’s 1828 Dictionary, clearly with the same purpose, to mislead well-intentioned people, Christians, and all patriotic Americans. Even if you attempt to go purchase a hard copy of Webster’s original 1828 Dictionary, you will find printed copies of the [NEW \(NIV\) Dictionary](#) that now appears online. You can still find one, but you will have to pay close attention to getting [the real one](#). This is NOT a Webster’s Dictionary at all. It is an evangelical dictionary.

[For just \\$24,500](#) you can own an authenticated true original copy of the very first American English Dictionary by Noah Webster. Does this tell you how important and valuable these books really are, especially to every American, as everything our country was founded upon came right from Noah Webster, one of our nation’s most important Founders.

There is no getting around the reality that it is the evangelical movement in the churches that has openly set out

to undermine original scripture and the [original definitions of words](#) critical to the defense and enforcement of the USA's Founding Compact.

**The question is, why would anyone erase this from our history?**

Why are both Holy Scripture and the Foundations of Freedom being deleted from the internet and erased so that no future American can ever properly understand their stated Faith, or the Foundations of Freedom and Liberty?

And in case you're not ready to hear this yet...why is it being done by members of the Global Evangelical Community in both cases?

To put this in proper perspective, no one can properly understand their Christian Faith without "original" scripture...and no one can properly interpret, enforce, or prove the "original intent" of our Founding documents without the original Noah Webster's 1828 Dictionary.

**That's why this is being done!** And this is exactly how the U.S. Federal government has been able to [undermine the Constitution and Bill of Rights](#) by constantly altering the meaning of words with new definitions for Marxist "scholar."

How insidious and powerful is any group who can do this, with such evil intent? How foolish is a people who are too blind to see, or too cowardly to do anything about it?

Our country is being torn apart by "experts, scholars, and evangelicals." No escaping this reality!

***"If the citizens of the U. States should not be free and happy, the fault will be entirely their own."*** President George Washington

**What will Americans ever do to stop this evil insanity?**
