

Ted Cruz joins Soros group in Trump attack

It is by its promise of a sense of power that evil often attracts the weak. ~Eric Hoffer (1902-1983) American philosopher and author.

Leftist anarchists sparked security fears in Chicago on Friday and shut down a rally that had drawn tens-of-thousands of Trump supporters.

Thousands of Donald Trump fans were stunned to hear that riots had succeeded in derailing the event at the University of Illinois-Chicago. The announcement came amid protests outside the venue.

Oh yes, George Soros' Moveon.org anarchists, along with Bernie Sanders, Black Lives Matter, Occupy Wall street, F**k the Police, and typical

Chicago-Style-Democrat-thug politics were responsible for the riot in Chicago where Trump was to speak. [[Link](#)] Many were carrying Mexican flags and wearing "Muslims Hate Trump," t-shirts. This is the second stage of planning to derail Trump. Because Trump had to cancel the Chicago speech, these gangsters will try this again and again. Yes, it's the 60s again, with commies fomenting

hatred for freedom of speech from the only candidate who wants to return America to her

founding principles. And of course, Obama's buddy, [Bill Ayers, was in the crowd demonstrating.](#)

Born and raised in Chicago, I know the politics of this democratic held city only too well, and it very, very ugly.

Ted Cruz Claims Trump Responsible

Ted Cruz and the GOPe jumped into the fray of Soros Chicago politics and actually blamed Donald Trump for the protests. So, Ted Cruz blames Donald for not being politically correct and thus causing the protests and violence.

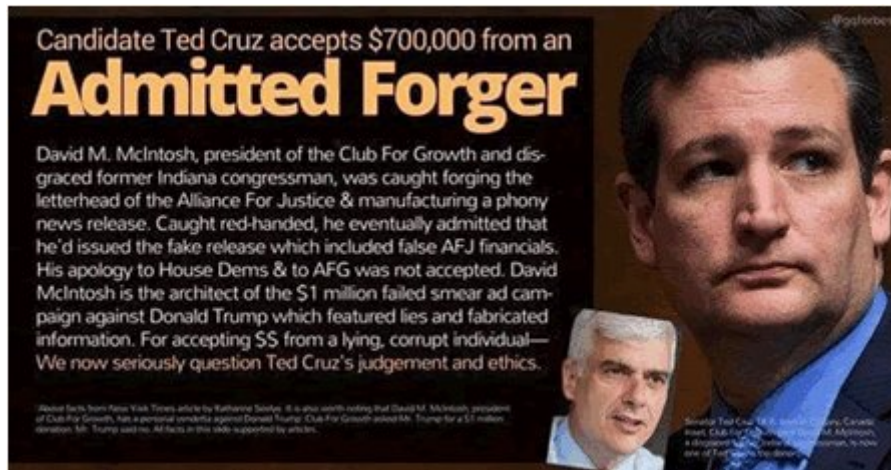

Diane Marshall of the Marshall Report writes this:

What if the Trump supporters decided to go ballistic and riot Cruz town halls because of Glenn Beck's garbage mouth calling them ALL NAZIS and Trump Hitler! He can't blame that all on Beck...he stood their nodding with that snaky grin approving all of the liar messages every time they were spoken, over and over and over again.

[Cruz has lied over and over again about Trump](#), and even about Carson and Rubio. His supporters don't seem to understand the deviousness of his campaign and continue to say it's untrue, but we've documented his lies many, many times. Cruz has even accepted monies from David McIntosh, the president of Club for Growth.

Remember Club for Growth is pro-amnesty, and when they asked Trump for a million-dollar donation, Trump refused. So CfG spent \$3.3 million in attack ads against Trump. Of course Ted Cruz has no problem accepting money from McIntosh, and why wouldn't he, he's for open borders. Heidi Cruz spent five years at the Council on Foreign Relations helping to write the North America Union, and that filthy sovereignty destroying piece of legislation eliminates the borders between Canada, Mexico and the United States. If Cruz becomes president, we

will become just like the now failed, European Union.

Fox News Joins in Blaming Trump

Fox News, (especially Megyn Kelly), who has proven to be worse than CNN, has even joined the left (MoveOn.org and George Soros) in blaming Trump for this communist demonstration from the far left anarchists. They're saying Trump should accept that America no longer allows total free speech, that it should be curtailed to be more "inclusive and politically sensitive." Excuse me, while I go get my barf bag. If this doesn't sound like commie rhetoric, I don't know what does!

Who Owns What?

The GOP establishment, the DNC establishment, the MSM establishment, and the anarchists from Soros' leftist organizations all hate Trump, but even the web outlets we believe give us the truth have questionable ownership.

Robert Mercer

Billionaire Robert Mercer founded Cruz's super Pac for \$10 million, but he also purchased Breitbart.com for another \$11 million. [\[Link\]](#) Mercer has given \$750,000 to the infamous Club for Growth (CfG). In my article, [Why The GOP Establishment Hates Donald Trump](#), I exposed CfG partners and allies include the [Peter G. Peterson Foundation](#). [Peterson](#) is chairman

emeritus of the **Council on Foreign Relations** and former **chairman of the New York Federal Reserve Bank**. Another ally is the [US Chamber of Commerce](#), who is so behind the invasion of illegal aliens on our southern borders.

Mercer has also given \$2 million to [American Crossroads](#), founded by that stellar neo-conservative commie, Karl Rove. Mercer was/is the originating [financial backer for the Ted Cruz](#) “Keep the Promise” (KtP1, KtP2 and KtP3) Super-PACs. Mercer is also the financial backing [behind Cambridge Analytica](#).

Cambridge Analytica is the receiver of the contact information provided to Breitbart when you participate in their on-line Presidential Poll. [[Link](#)] They were hired by Cruz as his spy machine on voter attributes via Facebook.

Wilks Brothers

[The Daily Wire](#) is actually owned by the Wilks brothers, Levi and Farris Wilks. These two are the other end of the Ted Cruz financial team, and massive multi-million dollar donors to Cruz’s presidential bid. [Ben Shapiro is the front-man for The Daily Wire, and as such he is 1000% behind Cruz](#).

As 2015 came to a close, Ted Cruz met with hundreds of [prominent faith leaders](#) (including David Barton, James Robison, and John Hagee) at the ranch of Texas tycoon, [Farris Wilks](#). Wilks supports most of the phony rightwing groups in the secretive Council for National Policy. Farris and his brother Dan have donated \$15 million to a super PAC which supports Cruz. Cameras and recording devices were not allowed at the Wilks ranch when Cruz spoke, so only God and attendees know what was said at the event. However, one might be able to get an idea of how Cruz views God’s role in American politics by reviewing his associations. Farris Wilks heads the Assembly of Yahweh, Seventh Day. [Here’s what they believe](#).

National Review

National Review, who came out with their list of who hates Trump not long ago, now is endorsing Ted Cruz. We shouldn't be surprised at that since those on the list are the neo-cons claiming to be conservatives. Remember that the National Review was founded by William F. Buckley, CFR member, CIA agent, and Skull and Bones man. Buckley actually appointed the present head of National Review, Rick Lowry, in 1997 to carry on with the neo-conservative propaganda of the founder. If you haven't read John McManus's book, "William F. Buckley, Pied Piper for the Establishment," I'd really suggest getting a copy. It is heavily referenced and has a wonderful index.

Conclusion

By now, most Americans, who have been politically astute for many decades, can see just exactly what the Republican party has become in the last 60 years. Very few of them are friends of the Constitution, and neither are they conservatives.

The establishment Republicans, and media all claim Mr. Trump isn't conservative enough, but this is a euphemism for saying he isn't a globalist establishment insider. Americans who flock to his rallies know this, they know he resonates with freedom. They know he isn't perfect and he doesn't know every subject, but they know he's a good man, rough around the edges

like General Patton, but always telling us the truth the way he sees it. We rejoice in hearing this truth. It's thrilling after so many years of hearing the false drivel from the moderate left leaning Republican candidates.

Am I thrilled that Ben Carson endorsed Trump? You bet I am because even though I have my problems with Ben, I believe this skilled doctor is a good man who is decent and who can spot another honorable man. And, if Trump becomes President, maybe he can consider appointing Dr. Carson as Surgeon General.

Why do I think Ben Carson endorsed Trump? Because Trump showed that he was the only gentleman among the candidates...truly, a gentleman. [[Link](#)]

Let's give America a Nineveh...vote Trump!!
