

Ted Cruz Jumps on Board to Add to The List of American Appeasers “Grilling” Big Tech Companies

“Who is attacking your First Amendment through illegal censorship more than big tech companies that the government is working with hand in glove? No one!”

[First, there was Trey Gowdy, then there was Daryl Issa and Jason Chaffetz](#), and the latest to come on board with the great American appeasers is Ted Cruz.

The headline delivered by “today’s conservatives, yesterday’s liberals” was [“Ted Cruz Grills Google on Censorship of Conservatives”](#)

The show goes on, the people are appeased, and in the end, there is no justice!

One would think that if Teddy here were truly seeking answers from Google on this magnitude, he would have had a panel of top executives within the company answering these questions. Instead, he settles for an incompetent employee.

Notice with me that Ted starts out saying, “As you know, Google enjoys a special immunity from liability under section 230 under the Communications Decency Act.” A special immunity given to Google from whom, I ask?

Americans, did you give delegated authority to your representatives in giving favor to those who are now censoring you today? No, I know that I did not!

Furthermore, the First Amendment of the US Constitution states that “Congress shall make no law.”

“Congress shall make no law respecting an establishment of religion, **or prohibiting the free exercise thereof; or abridging the freedom of speech**, or of the press; or the right of the people peaceably to assemble, and to petition the Government for a redress of grievances.”

So, I ask, where did Congress receive lawful authority to hand over to Big Tech companies a privilege in censoring free speech?

[*Bradlee, Censorship Sounds a Little Conspiratorial! It Sure Does.*](#)

[*Facebook, Twitter, Google, Etc. are Subversive to American Government*](#)

[*Politicians Don't Want to Go Outside of Their Scripted Talking Points-Their Agenda Would Fall Apart*](#)

Ted then goes on and said that this special immunity to Big tech companies was predicated upon a neutral platform, and over and over again this incompetent employee of Google makes up excuses for her lack of preparedness. She said that it was a busy day as she chuckles it off.

Ted Cruz is merely an appeaser in the circus of politics, the fox that is guarding the chicken coop in protecting the criminals rather than prosecuting them.

When will Americans learn the lesson (Hosea 4:6) that they are in on the censorship, censoring those who would dare criticize anyone in government who is transgressing the Constitution that they swore to uphold? This is how they are allowed to tear down the laws and destroy the nation. They just leave off justice (Amos 5:7). This is not a grilling indictment on

Google, it is a message to appease the conservatives of the day who take it for face value.

Just ask the bad actress congresswoman, Frederica Wilson, who last week told Americans what is going on, and in her confusion, she blurted out the truth.

“Those people that are online making fun of members of Congress are a disgrace. We’re gonna shut them down and work with whoever to shut them down, and they should be prosecuted.”

You would think with all the corruption found within the career politicians, that Americans would figure out why there are no indictments brought forth when it comes to those who are doing the “grilling.” Oh, how Americans love to be entertained by these actors in the circus of politics.

Yet, Americans are conditioned through these appeasers via hearing after hearing, investigation after investigation, and in the end, Americans settle for no indictments and no resolve when it comes to the justice which guards American liberties. They merely get talk (Isaiah 59).

Appease is defined as, “to bring to a state of peace, quiet, ease, calm, or contentment; pacify; soothe: to appease anger.”

So, what are the purposes and what is the outcome of such appeasements? It creates a nation of pacifists. Instead of prosecuting the criminals, they simply put on a show (WWE at its very worst) to appease, only to say to the American people through their inactions, “Just go back to sleep, we have got this” (Amos 5:7). Americans then drink the kool-aid and do as they are told to do (Isaiah 59:5-15) and God-given rights and freedoms then dissipate into thin air, which further enslave

their posterity.

Remember that soft judges create hardened criminals, and that is what the American politicians have become, hardened criminals toward the [American institution of our constitutional republic](#) (Article 4, Section 4 of the United States Constitution) as they are given a free hand to transgress, at will, without any consequence whatsoever. Meanwhile, Americans are then laughed at behind closed doors and again, justice is left undone which breeds more injustice.

When Americans decide to be the strength of the US Constitution and begin to enforce the laws which apply to all of us, then things will change, but not until then (Jeremiah 6:16).
