

# Tell Us What You REALLY Think

If you listen to NPR or CNN or Oprah Winfrey, you receive an entirely different slant on the facts. Unless you're standing on the streets of Minneapolis, Minnesota, you will never be given the facts by the liberal media. Except for Nick Shirley, independent journalist. The liberal media people obfuscate, cloud, skew, twist and change reality to their point of view.

Over the weekend, NPR reported that residents in Minneapolis were afraid to come out of their homes. Children were afraid to attend school. People were afraid to drive their cars. People were afraid to buy food.

What they didn't say: illegal aliens were afraid to leave their homes. Illegal aliens were afraid to report to work. Illegal aliens' children were afraid to attend school. Illegal aliens were afraid to drive their cars because they didn't have licenses, insurance or registration papers. Illegal aliens were afraid to buy food because ICE agents would discover them, arrest them and deport them--as our laws require.

At the same time, Mayor Jacob Frey reported that ICE agents were violent in the streets of Minneapolis. In reality, his henchmen did everything in their power to thwart ICE operations that have, thus far, captured and deported 2,500 criminal illegal aliens in Minneapolis. Mayor Frey said that ICE was causing chaos, when in fact, renegade American

citizens were breaking the law by impeding ICE operations.

What does that tell you? It means National Public Radio reporters, as demanded by their bosses, give false reporting. Slant it, obfuscate it, confuse, obscure and fog the facts to fit NPR's narrative.

It's the same reason that NPR did not and would not report on the invasion on America's border of 15 to 20 million illegal aliens during the Biden years.

Have you heard the latest by Oprah Winfrey? "You don't overeat and become obese. Obesity causes you to overeat."

Oprah, tell us how you REALLY feel since you've been fat all your life, but you're trying to justify it for some unknown reason. That facts are: if you eat more calories than you burn, you store more and more fat until you become obese. It's that simple. It's that factual.

It George Orwell that gave us "Newspeak" in his novel, 1984.

**"Newspeak is the fictional, controlled language from George Orwell's novel Nineteen Eighty-Four, designed by a totalitarian government to limit thought and control the population by drastically reducing vocabulary and simplifying grammar, making rebellious or complex ideas literally impossible to express. Its principles, like replacing words with simpler opposites (e.g., "ungood" for "bad") and creating political jargon, (doubleplusungood), serve to eliminate dissent and reinforce the Party's power, becoming a term for manipulative, jargon-filled language in real life."**

That's how the American people got treated during Biden's invasion of this country.

Here is a thought from a reader:

"Everybody seems to be missing an important point: there is a psy-ops going on here. By classifying illegal aliens as

undocumented migrants, there is an implication that the only difference between a legal immigrant and an illegal alien is missing papers. Thus, we should treat the illegal the same way as the legal immigrant. The “undocumented migrant” is intended to confuse the people of this country and it is working. Most people do not realize that the undocumented migrant is a criminal intent upon stealing from the taxpayer or conducting criminal activity. We need to challenge anybody who uses the term “undocumented migrant” and ask why they do not have documents. F. Westford, Massachusetts

Thus, you have the liberal press making a crime into another word. Someone who crashes our borders without invitation is a criminal by our laws: US Code 8, Sections 1325, 1325, 1326. Just like a criminal who breaks into your home, they are susceptible for arrest, prosecution and jail. That’s what’s happening in Minneapolis, but you’ve got all those numb-brains out there siding with the criminals. Additionally, they are breaking the law by impeding Federal ICE officers in their work to enforce our laws.

Here’s another reader from Chicago:

“It appears our country is experiencing an epidemic of “stupidity” brought to us by the corrupt political sector and the “fake news corporation”. Trump is right about that. The “silent majority” is awake now, and it terrifies the left.

“The left wing has been promoting Civil War as a means to disrupt, confuse, and distract Americans as to what the LEFT has been doing. They have been cheating and stealing to syphon the wealth and strength of this nation. How else could our “Public Serve Themselves” become millionaires on a public salary?

“I find it disgusting to watch the likes of Nancy Pelosi, Ihan Omar, and many other “public servants” who have acquired millions on the salary paid by the taxpayers. They are the

assholes whom the protestors should be going after during their “no kings” rallies, but they target President Trump who works for free. This fact shows the sad truth about the stupidity of the “protestors”. They have no clue what they are doing.

“As part of the “Senior” generation now, you and I have survived through multiple administrations and heard all the Party lies and the politicians’ lies.

“We have been told for years that we have free and open elections, except they didn’t finish the sentence, which was “as long as we choose between the Demon-RAT or Repub-o-rat that the ‘PARTY BOSS’ presented for us to choose from on that ballot.

“With the invention of television, the Left can deliver its brainwashing bullshit to more people in nanoseconds.

Now we must listen to DemonRats tell us that “Men can have babies, Men can morf into women”, and that we must “trust the science”. All the while, the modern medical establishment make BILLIONS as they create more poison to create illusion of health.

“All of the DEI and WOKE nonsense, along with all the other baloney being pedaled by the LEFT-Wing brainwashed college subversives, is to distract us from their agenda, which has always been Socialism/Communism. The college brainwashed morons have never experienced real dictator-style COMMUNISM up close because if they had they would never flock to it.

“Schools no longer “teach”. They are institutions of lower learning and student programming.

“American standards were lowered to accommodate the stupid. Lower IQ’s is the left’s way to easily take control of the nation so the Left can become RULERS instead of elected public servants. How ironic the protestors are having “No Kings”

rallies and haven't a clue that they are being "ruled" by Kings of the DemonRat Party." B.M. Chicago, IL.

Here's another one, we've got Supreme Court Justice Ketanji Jackson who could not answer what a woman is. She doesn't know what a man is. She thinks men can get pregnant. She never passed basic biology, but because of D.E.I., she sits on the highest court in the land, making incredible lawful decisions when she's possesses less brains than a 10th grader in biology class.

The bet is, if you could speak up, you would SPEAK WHAT REALITY REALLY IS!
