

The Backdrop to America's Underbelly

By Frosty Wooldridge

July 7, 2025

Over the 4th of July weekend, the conservative half of America celebrated the glory of America, the energy of America, the promise of America and the patriotism of America.

The liberal half of America marched against Trump's Big Beautiful Bill. Hundreds yelled out to impeach Trump. Hundreds screamed about Alligator Alcatraz's cruelty toward illegal alien migrants in the Florida Everglades. Three hots and a cot in an air-conditioned building while awaiting deportation back to their own countries, was, "Cruel and unusual punishment." Still more liberals burned and spit on Old Glory.

On the good side of America, Joey Chestnut took the national title back by eating 70.5 hotdogs in 10 minutes. How does one man's stomach tolerate such a hotdog onslaught? Millions raced in 5.0- and 10-kilometer races. Millions more sailed, canoed, kite-surfed, skied, fished and sat on the beaches across America. In most towns across America, Old Glory waved from flagpoles at the front doors of millions of Americans.

Does that mean something's going on with America that AOC just can't handle or understand? Does it mean politician Somalian Muslim Ilhan Omar talks through her turban as she trashes America? Does it mean that Maxine Waters ran out of mouth? Does it mean that Nancy Pelosi's personal fortune buys her more time on this planet? Does it mean that Communist Muslim

Sohran Mamdani, an immigrant from Uganda, will be voted mayor of New York City?

You know cartoon satire cuts deep...in fact, it's the best of the editorial pages.

A guy is reading the paper standing next to Mamdani, "There's an ad running inviting New York businesses to Pennsylvania if you get elected mayor." Mamdani replied, "Just because I support global extermination of the Jews, Marxism, and taxing white people—shouldn't be a big deal." The man with the paper said, "How could that fly in America?" Mamdani said, "I got the vote."

The guy reading the newspaper replied, "Sure are a lot of dumb people out there."

"Democrats are worried that Iranian terror sleeper cells will now attack America from within. They are the same democrats who let them into America. The same democrats don't want you to own guns."

Walt Disney said, "I've been up against tough competition all my life. I wouldn't know how to get along without it."

New York's mayoral candidate Sohran Mamdani asked his enthusiastic supporters, "Who wants free stuff?" Everyone raised their hands. Then he asked, "Who wants to pay for other peoples' free stuff?" No one raised their hands.

"There are only three requirements for success in this life. First, decide exactly what you want in life. Second, determine the price you're going to pay to get all the things you want out of life. Third, and this is most important, resolve to pay that price."

One picture shows the famous, "The Rock" Alcatraz in San Francisco Bay. The second one shows "The Croc" Alcatraz in the Florida Everglades. Which would you pick if you were an

illegal alien?

Trump at McDonald's working the fries, "In 2025, a guy working at McDonald's changed the world."

The immigrant Arnold Schwarzenegger on "The View", said, "If an immigrant comes to America, he or she is a guest, and they need to come here legally. It's the only way America can survive."

Ben Franklin said, "The Constitution only gives people the right to pursue happiness. You must catch it yourself."

"Why would you invite people into your country with a religion that dictates to them to 'convert or kill you'?"

"What's a thing that you might have to get after you lose your food stamps?" Answer: a job!

Picture of a bombed train in France, "Islam is mostly a peaceful religion...except when it's torturing infidels (that's you), mutilating women, suicide bombing or shooting innocent people, honor killings, decapitations, ambushing neighboring countries or chanting "Death to America."

Picture of AOC, Rashida Tlaib, Ilhan Omar, "Iranian sleeper cells located in Congress."

CNN commentator Van Jones, "Guys, can we cut it out? Trump is not an idiot. Let me make this clear. Trump is smarter than me, you and all his critics. This dude is a phenomenon. He is the most powerful human on Earth and in our lifetimes. We look like idiots."

Guy flying the Mexican flag from a motorcycle in Los Angeles, "Oh the irony of a man flying a flag from a place he doesn't want to be sent back to, and destroying the place he doesn't want to leave."

"Fire Elizabeth MacDaunaugh. Nobody wants to pay for 1.4

million illegal aliens on Medicaid."

For certain, satire gets to the underbelly of what's going on in America: in pictures and phrases.

Do we want illegal alien migrants who have cheated our immigration laws to become members of Congress? Well, Ilhan Omar is one of them. Do we want nutcases like AOC to be leading our country while trashing our country?

Should we tolerate foreign immigrants like Marxist Muslim Sohran Mamdami to run for mayor of New York City? Let's face it, he's a Muslim who is avowed to follow his oath, "Death to America." It's in his genetic makeup. It's in his Quran. It's his "prime directive" to destroy America. Marxism stands against the very foundation of America.

Mamdami, AOC, Mayorkas, Obama, Tlaib, Ilhan Omar, Keith Ellison, Maxine Waters, Presley, Jayapal, and Detroit's 300,000 Muslim immigrants, along with Minneapolis' 125,000 Somalian immigrants proves conclusively that we are slowly, yet methodically losing our country to ideological terrorists bent on destroying and/or undermining our U.S. Constitution. You've already witnessed what's happened to Europe. Western Culture has been terminated in country after country in Europe.

We need to take action to stop them before they possess too many of their comrades for us to stop. If you think I'm kidding, just visit Sweden, UK, France, Germany and the rest. There are 10,700 mosques in Europe. No one is safe. Western Culture isn't safe. None of us are safe from foreign onslaught.
