

# The Clown Show Ends With 'I Know Nothing'

*"Nature gave man two ends – one to sit on and one to think with. Ever since then, man's success or failure has been dependent on the one he used most."* –George R. Kirkpatrick (1867-1937) Lecturer

Last week was yet another clown show headed up by mentally deranged, empty-headed Democrats on two different House Committees hell bent on impeaching President Trump.

One chaired by raving lunatic Gerald Nadler and the other by the biggest proven liar in Congress, Adam Schiff. Both have their heads firmly buried in rectal darkness. Their one and only purpose for this donkey show was to put a reluctant individual on the throne and give him as much air time as necessary to hang Trump.

Mueller said he didn't want to testify but for some inexplicable reason changed his mind. In hindsight, I have no doubt he now deeply regrets it. And for you, dear readers, I forced myself to sit through the hearings listening to the highest quality horse sh\*t ever produced for political theater.

Almost without exception every Democrat began their 5-minute round vomiting nothing but accolades about their naked emperor sitting there. They all told Mueller what a great job he's done for the American people over the decades; more than enough for half a dozen barf bags.

Comrade Jackie Speier [D-CA] is your typical morally bankrupt Democrat. Pro-sexual deviants, supports murdering an unborn baby; her voting record can be found at [OntheIssues](#). She actually puked up this one addressing Mueller: "You are the greatest Patriot in this room today." Really? Imagine that. A

Democrat heaping praise on a Republican.

Robert Mueller is dirty. His public reputation is for the dumbing down and those who haven't done any research on that rat. But deep researcher, Kelleigh Nelson, has and her **factual** columns should be read and shared on social media across this country:

The treason conducted by the whole Russia collusion cabal is there for the world to see. What needs to be exposed next is Mueller's deep involvement in the Uranium One deal cut by career criminal, Hildebeast Clinton while she illegally held the office of Secretary of State. If you haven't had a chance to get up to speed on that sell-out and real collusion with Russians, do bookmark this column and read these when you can:

Enough has been penned since Mueller's appearance last Wednesday so I'm not going to go into great detail. I think many who actually watched the spectacle agree Mueller looked like a deer caught in the headlights most of the time. Many have questioned whether Mueller has dementia; he's 74 years

old.

My mother has dementia going on eight years. I know what to look for and I believe Mueller is probably in the earlier stages. What was so disgusting was Mueller's repeated statements like "I refer to the report", "I direct you to the report", "I can't talk about that" "could you repeat that" and his denial in knowing nothing about Fusion GPS. How the hell could he not know? One of the visions that came to mind watching Mueller was the classic character from an old, dear TV show called Hogan's Heroes. The lovable Sgt. Schulz: I know nothing!

If Mueller was top dog as the Special Prosecutor he was supposed to be, his responses throughout the day clearly show Mueller didn't know much about the manufactured lie that Trump colluded with Putin to win the 2016 election or the report with his name on it. My personal opinion is the real top dog running the show was the thoroughly corrupt Rod Rosenstein, who must be indicted for a whole host of crimes.

There was some very good grilling by Republicans on the two committees but due to Mueller's memory problems and evasiveness, not much came out we don't already know. During both hearings Democrats were doing their best to maintain some

form of civility but one could taste their frustration with their golden boy not coughing up what they had bet the farm on. Watching the bunch of them was actually quite entertaining at times.

[McClintock Dismantles Mueller on Russian Troll Farm Claims, Accuses Him of Leaving Flaming Bag of Feces on America's Porch \(VIDEO\)](#) "Earlier this month, Dabney Friedrich, a Trump-appointed federal judge [rebuked Robert Mueller and the DOJ](#) for falsely suggesting the IRA (Internet Research Agency) and Concord Management and Company, the so-called Russian troll farms, were linked to the Russian government." Mueller had to have something Russian; in this case, it is a steaming pile straight from the bull pen.

Of course, those bastions of intelligence and political savvy from the Hollywood crowd (including directors and producers) determined Mueller had absolutely proven beyond any legal threshold that Trump was guilty of collusion with Russian ghosts who have yet to materialize and impeachment must take place now! This is why I don't see their movies, TV shows, buy their CDs, concerts, products they promote. Nothing. They use their earnings to bankroll those destroying our country.

What's going to happen next besides a daily dose of crap from Democrats and their puppet media until the final returns for the 2020 presidential election? Well, we have to wait and see whether or not AG Barr is going to do the right thing or what we've had shoved down our throats for decades regarding the political powerful: Nothing but more talk.

I want to move on but if you're so inclined, at the bottom of this column are just a few of the hundreds, if not thousands of articles and columns about Mueller's testimony. Each of them is worth the time to read. If you were working and couldn't watch live, make a sandwich and watch the clown show on [C-SPAN](#).

Congress left Friday for their annual SIX-WEEKS of vacation time they call August Recess. Please keep in mind salaries for rank & file members of the U.S. House are \$14,500 per month; Speaker of the House \$18,625 per month (That would be Nancy Pelosi who, with her husband, has a net worth of \$55 million. Trump donates his entire salary); House Majority and Minority leaders \$16,116. Senate majority party leader gets \$16,116 as does the minority party leader.

**That's per month.** Nice work if you can get it. And every day they're out of session an average of 12 Americans will be slaughtered on our roads and highways by drunk illegals or outright murdered. EVERYDAY THOSE POS ARE ON VACATION.

[Illegal Alien Charged with Kidnapping, Attempting to Sexually Assault 16-Year-Old Girl](#), July 24, 2019. That 43-year old PIG was able to commit such a heinous crime thanks to the Democrats and too many Republicans in Congress. THIS is their fault. Their hands drip with blood while they're vacationing or fund raising for the next six weeks.

[Twice-Deported Illegal Alien Accused of Murdering Iowa Mother, Her Two Kids](#), July 19, 2019 – It never stops and if you think you and your family are safe, think again. These killers are all over this country.

The invasion of freeloaders coming here to suck down your paycheck and spread diseases will continue as well as terrorists and drugs coming across the border while Congress plays and attends fund-raisers.

Your Congress critter will spend some time in your district. You know where he/she stands on the phony Russia collusion fabrication and the illegals invasion. Use the next six weeks to dog them at every public event. NOT at their private residence as this will be taken as a threat. Call their local district office and get their schedules.

Get your groups and organizations out there. **He who shouts the loudest gets heard.** Have big signs that say:

(Rep or Sen by name) YOU support the killing of innocent Americans by illegal aliens.

YOU support the drug pipelines coming across the border.

YOU support murdering unborn babies.

YOU support open borders destroying our sovereign country.

YOU support human trafficking.

YOU support terrorists coming across the border.

YOU support diseased illegal aliens sneaking into our country.

YOU support stealing from me to give illegals a free ride.

YOU support illegal aliens raping American women.

Make those signs and get as many volunteers as you can. When

slut Bill Clinton was president and attended ritzy fundraisers at expensive homes in the San Francisco area, mothers pushing strollers showed up with signs that read: Rapist in the neighborhood. Referring to Bill Clinton raping Juanita Broadrick and given a free pass. Believe me, people paid attention and toilet scum like Nancy Pelosi went bonkers.

Doesn't matter if they're Republican or Democrat. There are maybe 10, 12 Republicans in Congress who should get reelected, all the rest should be defeated by challengers in the upcoming primaries. If you don't have a clear update on how your member of Congress votes along with current Democratic/Communist Party USA candidates, go to [OntheIssues.org](http://OntheIssues.org)

Get your volunteers with those signs to stand in front of their district offices while traffic goes by. People look at signs. **Plant the seeds.** Remaining invisible is remaining quiet and we the people can no longer be quiet. Use your First Amendment rights while we still have any.

Over the past 30 years I've made so many friends. Met so many like-minded people. Being an activist to save our country is very rewarding while the do-nothings spend their time on 'smart' phones, iPhones, cell phones 'til they're growing out of their ears.

Every life is a story. Everyday God gives us is our opportunity to make a difference but we can't do it by staying at home, staying silent or waiting to vote every two years. Despite the darkness and evil covering our beloved republic, there are good people out there. You can have fun at this while doing your part.
