

The Constitution and the Criminal Enterprise

By Andrew Wallace

August 5, 2023

Based upon the actions of the Parasitic Super- Rich Ruling Class (PSRRC) and its minions in 'woke' corporations and government, you must agree that most are either crooks, cowards, incompetents, or all three.

No honest person can question this statement of absolute demonstrable fact. Only a brainwashed and ignorant Communist "Useful Idiot" could take exception.

Now let's discuss a few irrefutable and clear acts of Treason that have transformed most of our Constitutional Republic into a big Blood- Sucking Machine aka a Criminal Enterprise aka PSRRC.

This criminal enterprise benefits the Parasitic Super-Rich Ruling Class (PSRRC), wealthy billionaire families and their minions in 'woke' corporations and government, commonly called the Deep State, Establishment, etc.

This is not a book, so I can only highlight a few of the unconstitutional treasonous acts of our rulers.

The following numbered items and citations are given to remind the reader of critical items in the Constitution.

1. Only the legislature can enact laws, and they can't delegate that power to other government administrative and

executive agencies like the ATF, IRS, FBI, et al. Article 1, Section 8 of Constitution.

2. Executive orders of the President involving the states are a scam, and are not valid in the states. Article 1, Section 8 and Article 2, Section 2, Clause 1 of the Constitution.

3. The Legislative Branch can't enact laws or spend money unless authorized by the Enumerated Powers in the Constitution. Article 1, Section 8 of Constitution.

4. The Federal government has no police powers in the states. See Enumerated Powers in the Constitution.

5. The Federal government has no Constitutional power to pay welfare of any kind in the states; that is a responsibility of the states. Article 1, Section 9, Clause 7 of the Constitution.

6. Foreign Aid is unconstitutional, as are all wars not declared by Congress. Article 1, Section 8, Clause 1 of Constitution.

7. Many departments, agencies and expenditures of federal government are unconstitutional, including...Labor, Agriculture, Health and Human Services, Education, Energy, Transportation, and Housing and Urban Development, etc, etc Article 1, Section 8 of Constitution.

8. Giving aid and comfort to enemy invaders is treason! Article 3, Section 3, Clause 1. Spending federal funds on invaders is also in violation of Article 1, Section 8, Clause 1 of Constitution and Article 4, Section 4.

9. The People have a right to free speech, to petition government for grievances, and to assemble. First Amendment to Constitution.

10. Congress makes rules for the military, not the President. Article 2, Section 2, Clause 1.

11. The Militia of Several States is to enforce laws of the union (the FBI is not authorized by the Constitution) Article 1, Section 8, Clause 14.

Our Constitution is the Supreme law of The Land, known as the Organic Law. Any faux government that does not comply with

Organic Law has no legal or lawful justification for its existence and operation!

Research indicates that most of the federal government's laws, actions, and expenditures are unconstitutional violations of the Enumerated Powers.

The majority of government is therefore a criminal enterprise.

The mostly unlawful part of our government has no legal or lawful right to govern; they are a scam on the people to enrich the PSRRC and their minions while impoverishing the people.

We must remove the privately-owned Federal Reserve Bank, which is unconstitutional.

Since its inception in 1913, it has caused, among other things, the Great Depression, financed wars, and has been responsible for the loss of family equity in favor of the PSRRC.

We must return to gold and silver money. It is the only money that is not fiat and is constitutional.

This would defeat inflation, curtail wars for profit, and allow growth of family equity rather than increase wealth of PSRRC.

The greed and corruption of the Parasitic Super-Rich Ruling Class is nothing less than treason.

The PSRRC has destroyed the middle class. Untold numbers of cities and towns have been economically destroyed, along with thousands of middle-class jobs.

This was started in 1913, when they replaced tariffs with the income tax. Negative results were not massively recognized until the 1970s, because of World War Two.

Tariffs had financed the government without income taxes, and protected American middle-class workers from cheaper foreign labor.

Without tariffs to protect workers, greedy Anti-American 'woke' corporations moved their manufacturing to cheap labor countries.

President Trump was smeared and vilified more than anyone in history because he was re-instituting tariffs that would have forced 'woke' corporations to return manufacturing to the United States!

This country is circling the drain.

This is because of lack of manufacturing, interest on the debt, rapidly depreciating fiat currency, people paid not to work, inflation, inadequate tariffs, foreign aid, wars for profit, illegal invaders, overpriced inadequate education, bloated corrupt Communist government, Democrat cities, majority of government unconstitutional, crooked elections and officials, two-tier justice system, etc, etc, etc.....

PSRRC and their minions in 'woke' corporations and government are directly responsible for illegal invaders, shortage of fossil fuels, offshore manufacturing, and more. In a few words, I can declare that they are responsible for our decline in status, standard of living, quality of life, security, and our God-given and Constitutionally-protected Rights.

In specific terms, officials are bankrupting Social Security and other government programs by facilitating the treasonous invasion through open borders.

Invaders speak no English, have no education or skills and only bring disease, dependence and crime. The cost to deport the invaders will be high, but less than allowing them to remain. Otherwise, we will end up like France and most of Europe. If invaders remain until the widely-predicted Great

Depression, there will be blood in the streets and fighting over food.

The PSRRC, aka The Criminal Enterprise, aka The Big Blood-Sucking Machine, are responsible for all kinds of evil to destroy the Republic, steal the people's wealth, and gain unlimited power.

China and the Administration of the United States developed the Covid bio-weapon.

The Covid "vaccine" was a lie to enrich the developers and depopulate the world. The "vaccine" didn't work as promised; in fact it made a person more susceptible. It has harmed and killed millions. Not one person has been punished for the unconstitutional actions of the government and their minions!

Serious patriots who want to see the future and are willing to learn from history should study events in France as follows:

1720: France was bankrupted by similar events to those today in the United States.

1793-1794: French Reign Of Terror Revolution, caused by events similar to those developing in the United States today.

2023, today: riots by French immigrants are similar to illegal invaders in Chicago, demanding government support. This is only the start of an inevitable conflict between citizens and invaders over scarce resources. Invaders must be deported; the cost is too high for them to remain.

It is impossible for these Communist Usurpers to govern under existing circumstances without the barrel of a gun supporting them!

People just have no confidence in the government; we are in a precarious position on the precipice. More than half the people hate the Communists and the rest are too apathetic, dependent, brainwashed and ignorant to learn the truth.

God Bless You and our Republic
