

The Debauched American Military That Everyone Should See

“What one generation tolerates, the next will embrace.”

It has been said that what one generation tolerates, the next will embrace. This up-and-coming generation is a mere reflection of the older generation that is responsible for raising them up (Luke 7:35). It is almost unbelievable when this entitlement generation assumes their place in the military as some sort of game (Romans 1:22). This is in contrast to that of their forefathers, our veterans.

The video below exposes the mockery (raising the gay flag), the half-heartedness, the lack of self-discipline, the disrespect, the debased debauchery, the perverse immaturity, and the obvious strip down of our military through those who will be used in doing so (Galatians 5:19-21).

During this short video, you will see in comparison on the right side of the screen the Chinese military quickened, disciplined, eager and war ready.

It has been said that a picture is worth a thousand words. How much more a one minute and fifty second video?
