

# The Deliberate Dismantling and Ultimately, The Destruction of America

## Part 1: Enemies of America within America, meaningless citizenship, fragmenting America's culture

You are about to learn what's happening to America as to its being dismantled. You are about to see how, ultimately, this current invasion will end in the destruction of America. This report comes from the vantage point of an American journalist who has traveled the entire world on his own dime. You're not learning this information from a paid journalist of the New York Times or the Washington Post or The Atlantic Magazine. Those journalists write from the slanted orders of their bosses.

You know that America's mainstream media refuses to report on what's really happening on America's borders. New York Times reporters are **paid not to tell you the truth**. They are paid to hide the facts, obfuscate what's happening, and in the end, to cover up everything until there's no way to solve our problems. In other words, keep you in the dark.

What's been going on for the past 36 months under Biden and the democrats is a methodical dismantling of America. Essentially, the republicans are their accomplices. Both parties have done **NOTHING** to stop this invasion. It has actually been going since 1986 with the Reagan Amnesty that

allowed around 3.4 million illegal aliens instant citizenship. Since that time, illegal alien refugees from over 150 countries have breached our borders to the tune of a verifiable 48,000,000 (million) in numbers.

“AMERICA IS A CORPSE BEING CONSUMED BY MAGGOTS. LIBERALS ARE ROOTING FOR THE MAGGOTS. CONSERVATIVES ARE ROOTING FOR THE CORPSE.” ANONYMOUS

Nicholas Stix, **Uncensored**, said, “James H. Walsh, a retired Associate General Counsel of the Immigration and Naturalization Service and federal (DOJ) prosecutor, and Fred Elbel, of the Colorado Alliance for Immigration Reform, both guesstimated the number of illegals on American soil to be 38 million. (That’s before Biden let 8,000,000 illegals into the USA in the past 36 months.) Walsh and Elbel both used the “got away” ratio method for determining the total, with a ratio of 3:1—three illegal aliens that got away for every one that got caught. As Elbel emphasized to me recently, other observers used ratios of as high as 7:1. Elbel told me that he now believes the total to be closer to “50 million.”

“Walsh recounted repeated cases in which federal officials were caught foisting fakestats on the public, radically undercounting the number of illegal aliens on American soil, and adjusting the numbers based solely on political expediency, rather than improved counting methods. (I was unable to reach Walsh for this article.)

“The bottom line: there is significant evidence to suggest that the Census Bureau is either consciously or unconsciously undercounting illegal aliens. As a result, in the area of illegal alien estimates, radicals have been proved right before.

“And remember, any estimate still underestimates the problem. In the past, amnestied illegal aliens have sponsored three relatives, on average (parents, children, and siblings).

So even if we accept the lowest possible estimate of around 11 million illegal aliens, Amnesty will result, fairly quickly, in 44 million-48 million new immigrants.

“And that doesn’t count their new, U.S.-born offspring. If we take the lowest figure (44 million), and the non-Hispanic white population’s below-replacement fertility rate, as early as by 2025, non-Hispanic whites will be in the minority in the nation their forefathers built—and which they will still be paying for.”

As of January 2024, there are more illegal aliens entering the United States annually than American citizens’ birth rates. Those illegal alien refugees are penetrating every aspect of American society. They are forcing cultural change, linguistic change, criminal enterprise change, social change, drug use change, medical change, educational change, religious change and, in the end, they are dismantling the cohesive cultural balance of American society.

If you notice, MOST of them from 150 countries are young men of military age. Most of them could care less about the U.S. Constitution. All of the Muslim entries will work toward power positions in order to install Sharia Law. That’s already happened in Detroit, Michigan, New York City, Minneapolis and beyond.

Every woman in America should stand against Sharia Law. Why? Because Sharia Law degrades every American woman to  $\frac{1}{2}$  the value of a man. Sharia Law would mandate female genital mutilation of every female child. Sharia Law would mandate total takeover and conversion of America into an Islamic Caliphate. That means your freedoms would be negated. Your personal life would be dominated by Islam.

If you saw what happened in Iran when the residents revolted two years ago...they brutally murdered thousands of

demonstrators in the streets. Islam does not tolerate voting rights, women's rights, animal rights or human rights. And, you can be assured that Muslim terrorists are pouring over our borders at the invitation of Joe Biden and/or his handlers. They are out to dismantle and destroy America.

As their numbers grow, you can count on electrical substations being bombed to take out electricity to our major cities. That would cause ENORMOUS chaos for Americans. You can count on them creating violence wherever their numbers dominate.

As to Biden's open borders, we've lost 110,000 drug overdose deaths in 2021 to fentanyl and another dozen deadly drugs. We lost another 70,000 kids from ages 16 to 24 to drug overdose deaths in 2022. The numbers are sure to be over 100,000 deaths when tallied for 2023. That's all on Biden and/or his handlers. The fact of the matter is: Joe Biden doesn't know what day of the week it is let alone what's going on in America.

Please note that the mainstream media hides the FACT that Joe Biden suffers from Alzheimer's Disease. He is totally out of touch with reality except for what his teleprompter tells him to say.

Notice that 48,000,000 illegal aliens allowed to overwhelm our cities and our systems—have made American citizenship totally and completely meaningless.

Okay, if this column hasn't made you sick to your stomach, I ask you to listen to a national interview on Tuesday, January 9, 2024, 8:00 p.m. MT at [www.Rense.com](http://www.Rense.com). Jeff Rense will be interviewing me concerning this column, and what we Americans must do to save our country. I will give you email contacts, websites and template letters to force 60 Minutes, NPR, PBS, Anderson Cooper, David Muir, Norah O'Donnell, Lester Holt, Jesse Watters, Bret Baier, Laura Ingraham, Meet the Press,

Face the Nation, and many others to finally interview experts, including yours truly. I will tell the American people what's going to happen when exponential immigration numbers add up to another 100 million people in the next 25 years. How do you think it will turn out when we jump from 340 million people in America in 2024 to over 440 million by 2050?

I intend to FORCE a national discussion on what you, your family and your community face with endless immigration. I've traveled to China and India and beyond. Those overpopulated countries cannot solve their problems. Either we stop this invasion, or our country will be dismantled and destroyed by the elected officials sworn to uphold our laws.

**“Unlimited population growth cannot be sustained; you cannot sustain growth in the rates of consumption of resources. No species can overrun the carrying capacity of a finite land mass. This Law cannot be repealed and is not negotiable.”** Dr. Albert Bartlett, [www.albartlett.org](http://www.albartlett.org) , University of Colorado, USA.

“Most Western elites continue urging the wealthy West not to stem the migrant tide [that adds 80 million net gain annually to the planet], but to absorb our global brothers and sisters until their horrid ordeal has been endured and shared by all—ten billion humans packed onto an ecologically devastated planet.” Dr. Otis Graham, Unguarded Gates

In Part 2, I will cover what is going to happen to our ability to feed, water, heat and resource our society. I will speak to the quality of life that will be destroyed as to adding 100 million immigrant refugees. When human numbers rise, quality of life degrades drastically.
