

The Democrat Party Is America's Communist Party

There Can Be No Doubt, Democrats Are Communists

President Donald J. Trump's State of the Union address on January 30, 2018 highlighted his administration's accomplishments during his first year in office, but it also revealed something else, that the Democrat Party is actually the Communist Party.

Trump announced that his administration has "created 2.4 million new jobs, unemployment claims have hit a 45-year low, and African-American unemployment stands at the lowest rate ever recorded." How did the Democrat elected politicians react to this good news? They sat. They refused to applaud. They do not care about good news for America or for the American individual.

The late U.S. Senator Joseph McCarthy must be rolling in his grave and would have loved to have served as senator in an American time period such as this.

President Donald Trump's son, Eric Trump said, "Democrats would rather see this country fail than see my father succeed."

Eric Trump hit on something true, but missed the broader point. Donald Trump, successful entrepreneurial billionaire turned president, is the Democrats worst nightmare.

President Donald Trump wants to unleash American exceptionalism, the capitalist system, the entrepreneurial spirit, and the free market economy. Trump wants to empower the American individual, to open up opportunities for businesses, and make individuals independently reliant and

successful, not reliant upon the handouts of the government. President Trump wants to make America great again, and his policies are doing so.

Democrats, on the other hand, are Communists. The Democrat-Communist Party cloaks itself in false labeling. They are not 'Liberals' or 'Progressives,' whose stated goal is to advance society. Their goal is, and always has been, government regulation and control over the American people.

The Democrat-Communists want to regulate everything that they can. They regulate rainwater acquisition on privately held land, and they would regulate breathing if they could, and even try to do so through global warming legislation.

The Democrat Party tries to fool Americans by cloaking themselves as Progressives or Liberals. They are the American Communist Party.
