

# The DOGE Tsunami – Crooks and the Greedy Scramble

Authored by Devvy Kidd not AI

February 10, 2025

The second legitimate election win for President Trump has been a hyper speed effort to clean up the mess left from Marxist usurper “president” Hussein Obama, Joe Biden and rotten, corrupt members of the Democrat/Communist Party USA. The shadow government’s liars, crooks, thieves and the greedy have been crapping their pants for weeks. For just about every move Trump has made, including EO’s (Executive Orders), teams of lawyers are already flocking to court rooms to stop him. And, you can bet those big dollar attorneys have been working on crushing Trump since before the election.

As someone whose been in the trenches full time for 31 years (some of my dearest friends for a lot longer), we have been trying to educate and inform Americans about the ROT and CORRUPTION centered in the Washington District of Criminals.

Unfortunately for our republic, America’s education system has been brainwashing America’s children for decades right along with the propaganda machine called TV. “News” became political pushing socialism and communism as the solution to America’s problems. “Give me a child for the first 5 years of his life and he will be mine forever.” “The goal of socialism is communism.” Both quotes: Vladimir Lenin, founder of the Russian Communist Party, leader of the Bolshevik Revolution and architect and first head of the Soviet state.”

President Trump has been using Executive Orders as much as possible since he was sworn in; [updated list is here](#). Many EO's have been overturned by courts for several presidents. [Executive Order, Proclamation, or Executive Memorandum? Cornell Law School](#): "An executive order is defined as a [declaration by the president](#) or a [governor](#) which has the force of law, usually based on existing [statutory](#) powers. Executive orders do not require any action by the [Congress](#) or state [legislature](#) to take effect, and the legislature cannot overturn it. For example, in anticipation of the [Gulf War](#), President George H. Bush signed [Executive Order 12724](#), which prohibited transactions with Iraq and summarily transferred ownership of Iraqi government [property](#) in the United States to the United States government. The executive order was issued pursuant to Congressional statutes, the [International Emergency Economic Powers Act](#) and the [National Emergencies Act](#)

"Recent presidential executive orders, memoranda, and proclamations are available [here](#). Virtually all presidential executive orders are published in the [Federal Register](#)."

That touches on the thorny issue of statutes which is too long for this column. The legal genius who should write a column on that is Dr. Edwin Vieira.

## **Spending**

The ONLY spending authorized by the U.S. Constitution for Congress is found in [Art. 1, Section 8, Clause 17](#). A tragedy for our country that special interest groups [have bought the favors of both parties](#) to pass "laws" that have been shredding the Constitution for decades violating their oaths of office. Why? Most over the past 20 years have to do with America's moral compass sliding into the sewer and jobs. Mine: [Stop with the demand "Congress create jobs" rhetoric](#), February 13, 2011:

“It seems all we hear is more begging for Congress to create jobs. There is no authority for Congress to create jobs other than those critically essential to support the military, the courts, congressional overhead and only those areas specifically enumerated under Art. 1, Sec. 8 in a supporting role. As we can all see over the decades, pork spending creates nothing but more debt. Stealing from all of us, not to create jobs, but give the illusion the voter sanctioned criminal syndicate out in Washington, DC, is “doing something.”

“The Outlaw Congress, one after another for decades, have done nothing but kill MILLIONS of jobs through destructive, unconstitutional trade treaties and (constitutional and unconstitutional) agencies *handing down more and more draconian regulations choking private industry to death*. That means your incumbent and mine if they were reelected last November.”

Elections have consequences and re-electing the same incumbents who upchuck the usual political BS during election circus season is simply asking for the same: No solutions except to spend more and blame it on the other party. And whose paying for this reckless path to penury? You, your children and grandchildren because the U.S. Treasury – OUR purse – **is empty and more than \$36 TRILLION in the hole.**

Oh, there’s been a relatively small number serving in Congress (and your state legislature) who’ve worked diligently to stop the madness but they’re always out voted by RINO’s who are just doing what VOTERS in their district wanted and special interest groups with lots of money from George Soros and other billionaires: Spend more for me!

### **Old solutions surface**

My column last week dealt with Social Security; if you missed it, [do take the time to read](#). My wish came true. [Tucker](#)

[Carlson News on X](#): “JUST IN: Rep. Thomas Massie has introduced a bill to exempt Senior Citizens from taxes on Social Security retirement payments.” [Press release Feb. 6, 2025](#): “Washington, D.C.— “Representative Thomas Massie (R-KY) announces reintroduction of the *Senior Citizens Tax Elimination Act*, H.R. 1040. This bill assists middle-class seniors by eliminating the unjust double tax on Social Security benefits.” Rest at link.

[Here is the bill](#). **Now we’ll see if that bill gets more than 35 co-sponsors. It needs to get passed along with a senate bill (hello Sen. Rand Paul, Sen. John Kennedy, Sen. Blackburn) so Trump can sign it into law. Don’t expect AARP to support it, but I believe AMAC will. It will be up to the 66+ million seniors in this country to roar.**

On the campaign trail, President Trump vowed to end taxes on tips. Not a new idea and I did everything I could including hand out cards over the years with the bill numbers when I traveled to waiters, waitresses, bell hops, etc. Congress wasn’t interested and neither was the service industry’s big union.

Former United States Representative:

[Ron Paul Campaign Press Release – In Case You Missed It: Ron Paul Authors Tax-Free Tips Op-Ed in the Las Vegas Sun](#), Jan. 31, 2012. He kept trying in [2007 with all of 3 co-sponsors](#); [2009 \(1 co-sponsor\)](#). Congressman Steven Horsford’s (NV-04) [2024 bill dead as of Dec. 31, 2025](#). Did the Service Employees International Union (SEIU) support any of the bills – even new ones? Not that I could find. Instead, some states have raised the minimum wage so high, the biggest losers are the fast-food industry but despite all the vomit from “experts”; it’s another disaster. Mine: [Raise the Minimum Wage to \\$100.00 An Hour](#), Nov. 17, 2013

[should be abolished: 'Not like kids are getting smarter'](#), Feb. 8, 2025. // [A Crisis of Civics: 97% of High School Students Can't Pass the U.S. Citizenship Test](#), Feb. 6, 2025

[Former Trump Education secretary calls for department to be shuttered as cutting spree looks for next target](#), Feb. 6, 2025 // [What eliminating the Department of Education could mean for students, schools](#), Nov. 19, 2024

Ronald Reagan campaigned to abolish the “Federal” Dept of Education and SBA – both agencies unconstitutional. When Bob Dole [R] ran for Congress, he wanted to abolish these: Commerce, Energy, Education, & HUD. (Nov 2005).

[Quoting Dole](#): “We’re going to cut out the Department of Education.” At that time, the GOP presidential platform read, in part: “Our formula is as simple as it is sweeping: The federal government has no constitutional authority to be involved in school curricula or to control jobs in the workplace. That is why we will abolish the Department of Education, end federal meddling in our schools, and promote family choice at all levels of learning. We therefore call for prompt repeal of the Goals 2000 program and the School-To-Work Act of 1994, which put new federal controls, as well as unfunded mandates, on the States. We further urge that federal attempts to impose outcome- or performance-based education on local schools be ended.”

Never happened even when both chambers of Congress had the majority under a GOP president. Instead down the road, more than \$1 TRILLION dollars in student debt accumulated. Career crook and life-long criminal, Joe Biden, took it upon himself to forgive student loans in the tens of billions **forcing people like me to pay off someone’s student loan.**

**I would NEVER ask you to pay off a student loan I might have signed a contract for. You signed for it, it’s your debt.** The Founding Fathers would NEVER have tolerated such rape and even

though federal courts ordered Biden to stop, he didn't.

*"I am convinced that the battle for humankind's future must be waged and won in the public classroom by teachers that correctly perceive their role as proselytizers of a new faith which will replace the rotting corpse of Christianity."* -John J. Dunphy, Humanist Magazine, January-February 1983

Think of the rot and immoral agendas being shoved down the throats of children as young as 5 in America's indoctrination centers they call public schools. You're a trans!

[Forget Congress – States Must Boot Federal Dept. of Education](#), Dec. 8, 2010 – My column and here we are: [US Literacy Rates 2025 \(Latest Statistics & Data\)](#), Dec. 31, 2024: "More than 43 million adults in the US cannot read or write above a third-grade level." *Tip of the iceberg*, but throw more money at the "Federal" Department of Education for the children! State legislatures keep barfing up the same BS: **More money for education while teacher's unions run the show showering them with campaign donations.** Big fight going on here in Texas right now over school choice.

Only We the People can demand our states cut all ties with that unconstitutional cabinet and boot the corrupt teachers unions out of our states. [BREAKING NEWS! Trump Signs Historic Executive Order: Ends Radical Indoctrination in US Schools to Protect Our Children!](#) Jan. 30, 2025 – "President Donald Trump's signing of the executive order to end radical indoctrination in primary and secondary schools is a measure that deserves to be celebrated and supported by all those who value traditional education and American values." *Great, but get the unconstitutional "Federal Dept of Education abolished. America's education system was number one in the WORLD until Jimmy Carter.*

Then along came the giant bulldozer, DOGE, driven by Elon Musk (thankfully it looks like Vivek! Ramasmarmy has worn out his

welcome mat and is deciding to run for governor of Ohio). I wouldn't vote for him for all the tea in China. Musk and his small team have uncovered unbelievable, unconstitutional waste and corruption in a very short period of time with more to come.

I'm sure many of you have seen some of the sickening waste of YOUR paycheck under the unconstitutional USAID after Musk opened the flood gates: [Sen. John Kennedy Highlights DOGE Discoveries for Critics: USAID Spent Taxpayer Dollars on Transgender Clinic in India // These are the schools built by USAID in Pakistan: "...the US Agency for International Development \(USAID\), invested \\$159.2 million to build 106 schools and strengthen the education sector throughout Sindh."](#)

Continuing: "In Poland, the left-wing political opposition is funded by USAID. BBC in the U.K. Every left-wing organization in the world seems to be getting paid by this slush fund at

USAID, which distributes \$50 billion a year. That's a billion dollars a week. That's a lot of money." ALL BORROWED FROM THE PRIVATELY OWNED UNCONSTITUTIONAL "FEDERAL" RESERVE with the interest filched from YOUR paycheck.

[DHS Secretary Noem Announces FEMA Under Her Watch Has Resolved 80% of Western North Carolina Cases in FIVE DAYS!](#), Feb. 9, 2025: Secretary Kristi Noem: "President Trump came in and visited this community and in less than 20 days, secured over \$54 million for families in need and registered 2,600 families that needed assistance and hadn't gotten that type of help to get signed up for the programs that we have. In the past five days, we've decreased the number of open cases by almost 80%.

"President Trump is ensuring that communities aren't forgotten, and he launched the first major initiative to connect farmers with recovery assistance, as well. Today I had the chance to spend some time with Mark, who's a microfarmer in this area, and to talk about some of the FEMA programs that he's been able to utilize that have been incredibly helpful.

"Obviously, Joe Biden and Democrats did not care about these suffering families in North Carolina."

I could fill another 10 pages on how much progress DOGE has made in such a short period of time. So much waste members of *both parties have ignored for decades* – except for a few dozen truly honest public servants like Rep. Andy Biggs. [Why We Need DOGE: 5 Crazy Examples Of How The Government Has Been Wasting Your Tax Dollars](#), Jan. 31, 2025. Tyler Durden, Zero Hedge: "#1 Joe Biden and his minions spent 15 million dollars to distribute ["oral contraceptives and condoms"](#) in Afghanistan...

The award, earmarked by the United States Agency for International Development (USAID) last July, transmitted the funds to Afghanistan.

"The money was part of a whopping \$100 million package for the

Middle Eastern country to support the “basic rights and freedoms” of women and girls who were living under Taliban rule.

#2 Even more money was about to be spent on condoms for the Palestinians. It is [being reported](#) that the Biden administration “almost sent \$50 million worth of condoms to Gaza”...

“Press Secretary Karoline Leavitt also announced on Tuesday that Biden’s administration almost sent \$50 million worth of condoms to Gaza, which she called ‘a preposterous waste of taxpayer money!’

“There was about to be \$50 million taxpayer dollars that went out the door to fund condoms in Gaza!’ Leavitt shockingly claimed.

#3 The Biden administration spent \$10,000 for an [“ice skating drag show”](#) that was focused on climate change...“The 2024 Festivus Waste Report found that the Biden-Harris administration spent over \$1 trillion this year, including giving a \$10,000 grant to “Beards on Ice” – an ice skating drag show on climate change put on by the Bearded Ladies Cabaret, a self-described “queer cabaret arts organization.”

#4 20 million of our tax dollars were spent on a Sesame Street spin-off in Iraq that was designed to promote [“inclusion”](#)...

“Additionally, the Agency for International Development (USAID) spent \$20 million on a Sesame Street spin-off show in Iraq, titled “Ahlan Simsim,” in an effort to promote “inclusion” and “mutual respect.”

#5 This final example is the most sickening. [1.5 million dollars](#) was spent to study how various species respond to motion sickness. In one of the experiments, holes were actually drilled into the skulls of young kittens. This is

evil on a level that I don't even know how to describe...“About \$1.5 million was spent experimenting how different species, such as young female kittens, respond to motion sickness.

“According to the report, researchers would strap kittens to a table, where they are spun around in several directions and have holes drilled into their skulls to keep them in place – “and it's all being done with your money,” Paul writes in the report. “More than one and a half million dollars of it.”

### **Damn sadists.**

Yes, the DOGE bulldozer is going to cost jobs, *but don't blame me*. This isn't about the Republican, Democrat or any political party. **It's about the waste and corruption affecting all Americans.** Lawsuits by the Democrat/Communist Party USA have been filed with more coming – especially the offers to buy out by Sept which gives federal employees (60,000 at this time have opted to get out) plenty of time to find a new job *while getting paid*. A judge has already put a hold on that. Act surprised.

I'm a federal whistleblower who took my case to the AF IG and even though they agreed I was right, I lost my GS-11 job at Peterson AFB, AF Space Command/NORAD. There was no severance package but that was back in 1989. Honesty was rewarded with an ax.

The maniacs, liars and crooks in the Democrat/Communist Party USA are melting down in a way I've never seen in my life. They're doing anything they think they can get away with to stop Trump – including bluster about another impeachment circus.

Our new Secty of Defense Pete Segseth, has already begun the process of an actual audit of the Dept of Defense **which has failed the last 9 audits** with trillions unaccounted for and Democrats are wetting their pants and bitching like someone's trying to take away their ice cream cone. (We did last

November.) With all that's come out so far, is it any wonder they are flopping around like a fish out of water?

With a new director of the FBI hopefully confirmed soon (and it had better be Kash Patel) and John Ratcliffe as CIA Director (an agency that needs to be abolished as we already have the DIA), heads had better roll and get out those prison outfits. **We the people demand those who've committed provable crimes go to prison where they belong.**

The illegals round up is going full speed ahead and again, mayors or governors who defy ICE and harbor and aid illegals like California gov. Gavin Newsom, need to be charged and tried. No one is above the law regardless of party or position. One of the Democrats favorite they've been using against Trump for years.

While the clean up and change is underway, it's going to still take time because of partisan judges and damn fools out there who are so used to their chains, they don't have a clue. The rest of us must stay on our reps and senators as well as state legislatures to do what has to get done; tune out the loons and special interest groups. **Trump can't do it alone. It's now or never for our republic.**

In closing, this is a must watch video: [Update on Ivan Raiklin Telling NPR Producer of the "Patriotic & Peaceful" Retribution That's Coming](#), May 15, 2024 (before Trump elected.) "Lieutenant Colonel (Retired) Ivan E. Raiklin, former Green Beret and Constitutional Attorney Served 25 years in the DOD, Intel and Special Operations Communities and DTRA as an enlisted, officer, civilian, contractor on active duty, reserves and national guard across 5 states: IA, NY, MA, MS, TX and 5 continents in five languages (Russian, Spanish, Arabic, French, English-naturally). Ivan served as a Green Beret Commander countering ISIS in the Middle East, Taliban in Afghanistan, MS-13 in Central America, countering Russian aggression as a military diplomat in the Republic of Georgia.

"Most recently he was an instructor at the Joint Military Intelligence Training Center teaching the US Intelligence intel community and international partners about intelligence analysis, national security and multinational operations.\*

Let us all do our part in getting the truth out there and Americans keeping the pressure on Congress and our state legislatures. We're FED UP with the **corruption and spending us into unpayable debt and yes, that storm is building no matter how hard Trump is trying.**

*"We must not let our rulers load us with perpetual debt. We must make our election between economy and liberty or profusion and servitude. If we run into such debt, as that we must be taxed in our meat and in our drink, in our necessaries and our comforts, in our labors and our amusements, for our calling and our creeds... [we will] have no time to think, no means of calling our miss-managers to account but be glad to obtain subsistence by hiring ourselves to rivet their chains on the necks of our fellow-sufferers..."*

*"And this is the tendency of all human governments. A departure from principle in one instance becomes a precedent for [another ]... till the bulk of society is reduced to be mere automatons of misery... And the fore-horse of this frightful team is public debt. Taxation follows that, and in its train wretchedness and oppression."* [Thomas Jefferson, Letter to Samuel Kercheval](#), Monticello, July 12, 1816
