## The People Are Bringing This Upon Themselves

*“Thy way and thy doings have procured these things unto thee; this is thy wickedness...” -Jeremiah 4:18*

This week, the ministry trip led us to Denver, Colorado to do an event with KHNC 1360 am where going through the airport was a very enlightening experience. Let me explain!

Upon arriving at the Minneapolis, Saint Paul International Airport, I noticed something was way off. Yet, I knew what was coming because Scripture warns of it (Deuteronomy 28:63). I saw that the airport police have upped the ante to the extreme on the weaponry being used within to allegedly protect the people. It looked like what you would have seen and expected in Europe, or customs in transition from one country to another, though it was right here in our backyard.

I also noticed that literally 98% of those working at the airport were of Muslim descent. They were the ones being used to check people in, to carry people's luggage, to push the elderly to their planes and/or service the food supply to the American people. Hmm.

Weren't we told for 18 years by the mainstream media and the said representatives that this ethnic group was responsible for September 11, 2001? Of course, we were.

Now, as we were standing in line to be criminally violated by the pretended authority agents of the TSA and its debased, unqualified and, in many cases, criminal personnel, who have yet to deter or prevent an alleged terror attack after 24 years of service to their taskmasters.

We came to the check point after the American people (suspected terrorists) were told to walk in twos while canine dogs were sniffing them out just in case they may have any weapons of mass destruction on them.

Do not forget that your said representative government is accusing every American of being suspected terrorists (your chains are being forged under the guise of more security). Just ask the Department of Homeland Security (Numbers 32:23).

Back to the check point. Now, as we came up to the check point, where the TSA agent, who was wearing a hijab, took our license (Real IDs are unconstitutional and being used for illegal data collection) and then the agent said to stand in front of the camera to further their unconstitutional intrusive measures to which I replied with *"Absolutely not, you have my photo I. D., that is enough!"*

Benjamin Franklin stated, *"Those who would give up essential Liberty, to purchase a little temporary Safety, deserve neither Liberty nor Safety."*

Consider, friends, that the illegals who are being treasonably allured into this country, while being incentivized with your stolen and illegally reallocated tax dollars, by both state and federal governments, require nothing of the illegals when

traveling in and through the airports. Read Article III, Section 3 U. S. Constitution.

Hence, I conclude. The Father of the Constitution, James Madison, warned long ago that *"If tyranny or oppression every come to this country it will come in the guise of fighting a foreign enemy,"* and here we all are.
