

The government's submission to Jihad

Dietrich Bonhoeffer (who died in a Nazi concentration camp) said, *"Silence in the face of evil is itself evil."*

He who passively accepts evil is as much involved in it as he who helps to perpetrate it. He who accepts evil without protesting against it is really cooperating with it. –Martin Luther King, Jr.

✘ **Muslims with Terrorist Ties Scrubbed from DHS**

Sean Hannity interviewed Philip Haney on Tuesday, June 15th. Haney is the author of "[See Something, Say Nothing](#)." Mr. Haney is a founding member of the Department of Homeland Security. Employed with DHS for 15 years, and what he told Hannity should send shivers down your spine and create a backlash of immense proportions. He said that the DHS was ordered by Obama to scrub records of Muslims with terrorist ties. These included individuals, organizations, and networks, both across the United States and affiliations within foreign countries.

(Odd that Megyn Kelly and Bill O'Reilly from Fox News didn't cover this huge story as well. Where's their love for the truth. Their politically correct attitude of withholding this story from the public, keeps them safe from any backlashes by the Muslim leaders.)

The Obama order came in 2009, one year after the [Holy Land Foundation trial](#), the largest terror trial in American history that irrefutably proved that these Muslim Brotherhood front groups were in direct financial support of Hamas. CAIR was named as an unindicted co-conspirator, along with the Islamic Society of North America and the North America Islamic Trust. This was the first purge of over 800 records. The second purge

came in 2012, and Mr. Haney stated that the information there could likely have stopped the [San Bernardino](#) and [Orlando](#) attacks. See Sean Hannity interview Philip Haney below. It's shocking.

So, before going into the details, let's cut to the chase. Obama's order to scrub Muslims with terrorist ties from the DHS compiled list, made connecting the terrorist dots far more difficult. In doing so, it also opened the door for more Islamic jihads within our borders. The result of this order includes two things, the purposeful death of innocent Americans, and new draconian and unconstitutional laws which will destroy our liberties and freedoms.

Americans Unaware of Obama's Treason

Mr. Haney's book tells the full story, but he wrote a condensed version in an article in [The Hill](#). He explained that jihadists planned to murder another 290 travelers during the 2009 Christmas holiday. On a flight from the Netherlands to Detroit, brave passengers subdued the terrorist after explosives in his underwear had failed to detonate.

After this attempted attack, Obama excoriated the intelligence community for their failures. He said, "This was not a failure to collect intelligence, it was a failure to integrate and understand the intelligence that we already had."

Haney stated the following in his article:

Most Americans were unaware of the enormous damage to morale at the Department of Homeland Security, where I worked, his condemnation caused. His words infuriated many of us because we knew his administration had been engaged in a bureaucratic effort to destroy the raw material—the actual intelligence we had collected for years, and erase those dots. The dots constitute the intelligence needed to keep Americans safe, and the Obama administration was ordering they be wiped away.

Obama and Islam

Surely by now, Americans who are paying attention understand that Obama is nothing more than a Muslim plant in our White House. It certainly appears that way with the seeding of Islamic so-called "refugees" throughout our nation.

[With the massacre in Orlando, Islamic terrorists have now killed 91 and injured more than 370 on American soil since President Obama took office.](#) Yet Obama still refuses to admit that radical Islam is a threat. In fact, he refuses to even use the term, "radical Islam." Even more disturbing is the fact that the term is not used by the majority of our Congress, our media, and the Christian right.

Obama also recently appointed a Syrian Immigrant, Laila Alawa, who said, "9/11 changed the world for good," as a Homeland Security Adviser. [\[Link\]](#) She is a sitting member on the Homeland Security Advisory Council's (HSAC) Subcommittee on [Countering Violent Extremism](#) and is a 25-year-old immigrant of Syrian heritage, and has consistently disparaged America, free speech, and white people on social media.

Truly, God help us...this is such an abomination.

Trump Attacked for the Truth

Donald J. Trump was viciously attacked by both Obama and Hillary Clinton for telling the truth to the American public. In fact, [Obama lashed out](#) in a seething tirade against Trump for his statements regarding Islamic terrorism and the protection of American citizens.

Joining these two Marxists in their vilification of Mr. Trump are both the Democrats and neo-con Trotskyite Republicans. Trump sent out [this statement](#) to his supporters, and [here is his speech](#) the morning after the Orlando tragedy.

Donald Trump reiterated his call for an indefinite ban on

immigration from Muslim countries, and asserted that the president would be empowered to establish such a ban on his own. "The immigration laws of the United States give the president the power to suspend entry into the country of any class of persons that the president deems detrimental to the interests or security of the United States, as he deems appropriate," Trump said. Remember President [Jimmy Carter actually banned Iranians from entering the country.](#)

Paul Ryan on Muslim Ban

Speaker of the House Paul Ryan made a total ass of himself again by publically stating that a ban on Muslims entering the country is not in America's best interests. [[Link](#)]

Oh really Paul? It's not in our best interests? Excuse me, but why don't you and your Obama loving Democrat wife take in about 20 of these Muslim refugees, buy 'em some prayer rugs, and see how they'll be so grateful to you. I figure you'll have to hire guards to keep them from raping your democrat wife though. Ryan, you are a traitor to your country and to the Constitution you swore to uphold. You are not protecting the citizens of America. You and your ilk are seeding this country with filth. These Islamist refugees rape, murder, destroy, and bring disease with them...Again, if you love them so much, why don't you and your fellow congress criminals take at least 20 of them home with you, and see how that works. Stupid freak...like we'd believe anything that comes out of your Muslim loving lying mouth...sucking up to Obama, aren't you!

Obama's Goal: Total and Complete Disarmament

✘ The end which justifies Obama's means...total and complete disarmament of the American citizens, and the elimination of the Second Amendment of the Bill of Rights given to us by God, and written down by our founders.

Obama's secretary of homeland security, Jeh Johnson, now

claims Americans must submit to much more gun control – this time, for “national security” reasons. See [“Obama Administration and UN Announce Global Police Force to Fight ‘Extremism’ In U.S.”](#) They really are  coming for your guns. They really do think you are stupid. Of course the politicians themselves are not going to disarm you, they are counting on the loyalty of the police to do their dirty work. And if they get their way, all they have to do to disarm you is by having a bureaucrat put your name on a secret government list. Even while [importing huge numbers of Islamic immigrants from countries illegally bombed and destroyed by the Obama administration and its allies](#), Obama’s secretary of homeland security now claims Americans must submit to much more gun control – this time, for “national security” reasons. [[Link](#)]

It is not surprising that Jeh Johnson, head of DHS wants to nullify the second amendment. Again, they’re using this latest Islamic attack in Orlando to justify destroying our right to keep and bear arms. “Jihadi Jeh Johnson at DHS is today’s Göring or Himmler; his agency is the new, all powerful Gestapo. We can’t forget that DHS includes FEMA with all of its unlimited, ready to be abused associated powers, including gun confiscation and Fourth Amendment nullifications.” [[Link](#)]

 Matt Drudge tweeted to Jeh Johnson that he could go first with giving up his firearms and protection...ahem.

The United Nations and its “High Commissioner for Human Rights” claimed on Tuesday the 14th of June, that the U.S. government has an “obligation” to implement “robust gun regulation.” [[Link](#)] Really? Of course they don’t mention that the attack occurred in a **“gun free zone.”** The U.S. has a right to totally ignore that filthy organization and their communist plans for the world. Those gun-free zones are the most dangerous in America, and that includes all government schools.

A group of Democrats fueled by the Orlando LGBT nightclub murders committed by Omar Mateen are planning to slip a couple gun-control measures into a bill by Rep. Tim Murphy that's supposed to focus on mental health. Isn't that just how they continually operate, under the cover of darkness.

What most Americans don't realize is that back in December of 1989, [Public Law 101-216](#) was signed into law during the term of George H.W. Bush. It calls for the elimination of armaments of all types. This includes the arms owned by law abiding citizens. Check out the list of those who voted "Yea," and you'll find Newt Gingrich's name there. Any wonder [Trump refused Adelson's \\$200 million to make Newt his VP?!](#)

Conclusion

God institutes government, and we do get the government we deserve. However, Romans 13 does not mean we are to be slaves to tyrants. We are to submit to what God ordains, but not to sin, and "submit" does not always mean "obey." Revelation 13, using imagery from Daniel, depicts civil government as a terrifying "beast."

Daniel disobeyed Darius and went to the lion's den. The three Hebrew children broke the law for not bowing. The parents hid baby Moses from Pharaoh. Rahab lied to protect the Hebrew spies. The Apostles went to prison for preaching Christ in the authority of Heaven. Paul and his followers in Acts 17 did contrary to all the decrees of Caesar in order to make Jesus the King. Even Jesus lived in direct opposition of the political religious leaders of his day and went to the cross for us. We are to obey God, not to have blind obedience to corruption and sin when it is in our government.

If you are in a church that insists you submit to evil in government through Romans 13, then you'd better find another

church, because the preacher occupying the pulpit is a spineless political correct coward.

If you want this unconstitutional filth overturned, keep praying for God's Hand to straighten out this mess. There is only one candidate who can and will do it. I am convinced that the God given choice is Donald J. Trump. He is the only person who listens to us, who loves us, who loves America, who knows how to bring us back from the brink of destruction, and who will stand for the Constitution and our unalienable God Given Bill of Rights. There is no other choice! Vote to Make America Great Again.
