

The Guilty Accuse The Innocent Of What They Are Guilty Of

Kelleigh Nelson

Yes, we did produce a near-perfect republic. But will they keep it? Or will they, in the enjoyment of plenty, lose the memory of freedom? Material abundance without character is the path of destruction. –Thomas Jefferson

I am concerned for the security of our great Nation; not so much because of any threat from without, but because of the insidious forces working from within. –General Douglas MacArthur

History fails to record a single precedent in which nations subject to moral decay have not passed into political and economic decline. There has been either a spiritual awakening to overcome the moral lapse, or a progressive deterioration leading to ultimate national disaster. –General Douglas MacArthur

The two enemies of the people are criminal and government, so let us tie the second down with the chains of the Constitution so the second will not become the legalized version of the first. –Thomas Jefferson

Whitewashing the Criminals and Destroying the Innocents

I watched Speaker Pelosi's announcement regarding impeachment of our duly elected President who has not committed an impeachable offense. When I listened to her, I wanted to take a baseball bat to the TV... She starts out saying, "Let us begin where our founders began in 1776." What? Who the hell wrote this speech for this Socialist Democrat? She hasn't a clue of our Declaration of Independence, neither has she a clue of our amazing Constitution and the founders who wrote it. Watch her! Start at about 2:50 in this video of the six-minute speech.

And then she quotes the Declaration, which personally damns her and all her Democratic Socialist brethren for accusing our President of the very impeachable laws they themselves are breaking! She calls our President a Monarch with whom we need to break our bonds! Nancy, you've gone into Lala land because we need to break the bonds with you and your entire socialist commie ilk who are still so pissed off that you lost the election of your globalist elitist establishment insider, Hillary Rodham Clinton, to outsider Donald J. Trump who wanted to save our Republic from the likes of you.

Foreign Influence

Nancy Pelosi claims in her speech that our founders, having just fought a war for Independence, specifically feared the prospects of a "King President" who could be corrupted by foreign influence.

Psychological projection Nancy! You have learned well Saul Alinsky's tactics of blaming your opponent for that of which you are guilty. Oh yes Nancy Pelosi, you and your son are guilty of foreign influence, as are John Kerry and his son, and Joe Biden and his son Hunter. Vice President Joe Biden should have been impeached long ago for committing the crimes the left is blaming our President of doing. And don't forget that your Democratic President Clinton had good reason to be

impeached; it was his Vice President, Al Gore, who [sold military secrets to the Chinese communists](#) to get funds to ensure the second term of Democratic President Clinton.

Pelosi goes on to state that the Father of our Constitution, James Madison, warned that a President might betray his trust to foreign powers which might prove fatal to the Republic. I can think of plenty of previous presidents who have done just that, and they were mostly of the Democratic Party. And Nancy, you've never called us a Republic, you've continually called us a Democracy which is mob rule and which you embrace. A Republic is the Rule of Law, which you obviously detest.

The real fatality to the Republic is the Democratic Socialist Party. Nancy, you've caved to the 2018 elected millennials and Islamists who hate our duly elected President so much that they've moved you to cow to their desires and you're willing to risk your own party's re-election to destroy our innocent President. You, Nancy are a traitor to the oath you took to our Constitution and to the Republic. You have willingly committed sedition.

Speaker Pelosi goes on to say that founder [Gouverneur Morris](#) feared that a President may be bribed by a greater interest to betray his trust. Morris emphasized that the President is not the King, that the people are those in charge, but Nancy, you and your ilk have removed that very premise of our Constitution from the people! You are the ones who wish to be in charge, not the American people who elected President Trump. You and your filthy socialist democrats are willing to destroy the Constitution, the Republic and America to gain the power you feel you lost because the people rejected your party and your corrupt candidate in 2016.

Pelosi goes on to say that the founders created a remedy to protect the people from a dangerous or corrupt leader. Well Nancy, it didn't help us much with FDR, two Bushes, Clinton or Obama, did it! All of them were dangerous, and every one of them was corrupt and their administrations infiltrated with communists and Islamists.

Conclusion

Corruption still reigns in the intelligence community. Attorney General Bill Barr, U.S. Attorney John Durham and Inspector General Michael Horowitz are telling us they've found little corruption in the intelligence community spying apparatus and the Democratic Party set up of Hillary Clinton's opponent, Donald J. Trump.

Only a month ago Lou Dobbs of Fox Business Network told us that IG Horowitz had found no reason to charge Comey, McCabe, Strzok, Page, et al. (He didn't even mention Bruce and Nellie Ohr). Tonight, December 5th, 2019, Lou Dobbs tells us that the Washington Post reported that U.S. Attorney John Durham told IG Horowitz's office that he could not find any evidence that the Russia investigation was a U.S. intelligence enterprise. Now we hear that John Durham just won't comment.

Corruption continues against the Republic and the American people who elected Donald J. Trump. Justice still eludes the innocent and Trump supporters.
